south easterly trend into the ocean 51 57 N 7 43 W Maps and admiralty charts call it Ram Head but the real name is Ceann a Rama and popularly it is often styled Ardmore Head The material of this inhospitable coast is a hard metamorphic schist which bids defiance to time and weather Landwards the shore curves in clay cliffs to the north east leaving between it and the iron headland beyond a shallow exposed bay wherein many a proud ship has met her doom Nestling at the north side of the headland and sheltered by the latter from Atlantic storms stands one of the most remarkable groups of ancient ecclesiastical remains in Ireland all that has survived of St Declan s holy city of Ardmore *Holy Wells of Ireland* Celeste Ray,Finbar McCormick,2023-09-19 The storied landscapes of Ireland are dotted with holy wells hallowed springs pools ponds and lakes credited with curative powers and often associated with Catholic and indigenous saints While many of these sites have been recently lost to development others are visited daily for devotions and remain the focus of annual community gatherings Encouraging both their use and protection *Holy Wells of Ireland* delves into these irreplaceable resources of spiritual archaeological and historical significance Reserves of localized spiritual practices holy wells are also ecosystems in themselves and provide habitats for rare and culturally meaningful flora and fauna The shift toward a post Catholic Ireland has prompted renewed interest in holy wells as popular domains with organic faith traditions Of the roughly 3 000 holy wells documented across Ireland some attract international pilgrims and others are stewarded by a single family Featuring 140 color images this remarkable volume shares the transdisciplinary work of contributors who study these wells through the overlapping lenses of anthropology archaeology art history biomedicine folklore geography history and hydrology Braiding community perspectives with those of scholars across academia *Holy Wells of Ireland* considers Irish holy wells as a resilient feature of ever evolving Irish Christianity as inspiration to other faith traditions as places of pilgrimage and healing and as threatened biocultural resources *Print and Popular Culture in Ireland, 1750-1850* Niall O Ciosáin,2016-07-27 This highly acclaimed book is being published for the first time in paperback The author studies the cheap printed literature which was read in eighteenth and nineteenth century Ireland and the cultures of its audience It takes an interdisciplinary approach to a little known topic pursuing comparisons with other regions such as Brittany and Scotland By addressing questions such as the language shift and the unique social configuration of Ireland in this period it adds a new dimension to the growing body of studies of popular culture in Europe *Old World Colony* David Dickson,2005 This is a groundbreaking study of Cork s rise from insignificance to international importance as a city and port and of South Munster s development from agricultural hinterland to one of early modern Ireland s wealthiest regions and a symbol of a new commercial order Reconstructing the framework of a pre modern regional society in a way never before attempted for Ireland *Old World Colony* integrates social economic and political history across the heartlands of the Hidden Ireland from the seventeenth century s civil wars to Catholic emancipation in the 1820s Dickson shows that colonization and commerce transformed the region but at a price even in South Munster s formative years the problems of pre Famine Ireland gross income inequality and land scarcity were

already evident Co published with Cork University Press Ireland Wisconsin edition for sale only in the U S its territories and possessions and Canada A masterful account So finely nuanced and meticulously researched that it effectively raises the historiographical bar for Irish regional history James G Patterson H Atlantic H Net Reviews Irish Pilgrimage Michael P. Carroll,1999 Little Kiwi is out at night with his dad going into a part of the bush he has never been to before While Dad is busy collecting worms and grubs Little Kiwi meets a terrifying monster or does he Soon the bush is in an uproar and Little Kiwi must face up to his fears Healing Waters Ronan Foley,2016-04-15 Bringing together a range of different place studies including holy wells spa towns Turkish baths and sweat houses sea bathing and the modern spa this book investigates associations between water health place and culture in Ireland It is informed by a humanistic approach showing how health and place are socially and culturally constructed and how health is embodied experienced and enacted in place In addition the work argues that an understanding of health and place must also consider the historical societal and cultural orthodoxies that shape and produce those places **Pilgrimage in Ireland** Peter Harbison,1995-06-01 The landscape of Ireland is rich with ancient carved stone crosses tomb shrines Romanesque churches round towers sundials beehive huts Ogham stones and other monuments many of them dating from before the 12th century The purpose and function of these artifacts have often been the subject of much debate Peter Harbison proposes in this book a radical hypothesis that a great many of these relics can be explained in terms of ecclesiastical pilgrimage He has constructed a fascination theory about the palace of pilgrimage in the early Christian period placing it right at the center of communal life The monuments themselves make much better sense if it looked at in this light as having come into existence not through the practices of ascetic monks but because of the activities of pilgrims He begins by searching the historical sources in detail for evidence of early pilgrimage sites By examining their monuments he projects the findings to other locations where pilgrimage has not been documented He goes on to describe monument types of every kind and to identify pilgrims in sculpture surviving from before AD 1200 The Dingle Peninsula in Kerry proves to be a microcosm of pilgrimage monuments enabling the author to reconstruct a tradition of maritime pilgrimage activity up and down the west coast of Ireland Indeed the famous medieval traveler s tale of the fabulous voyage of the St Brendan the Navigator can now be seen as the literary expression of a longstanding maritime pilgrimage along the Atlantic seaways of Ireland and Scotland reaching Iceland Greenland and even North America **Days of the Blackthorn** Séan Moraghan,2020-01-03 On town streets or in green fields at fairs race meetings and saints patron days rival gangs of Irishmen used to meet to battle and beat each other with cudgels and sticks The practice was particularly prevalent in the 1800s and involved tens hundreds and even thousands of men and women at a time Days of the Blackthorn uses eyewitness descriptions as well as the oral history of local communities to provide a visceral sense of this exciting and brutal activity in County Kerry From the Battle of Ballyeagh between the Cooleens and the Lawlors that left eighteen dead to the savage combats of various strongmen such as Se n Burns or Big Mick Foley this is a fascinating account of a wild and

violent time in Ireland's history **Popular Catholicism in 20th-Century Ireland** Síle de Cléir, 2017-10-05 For much of the 20th century Catholics in Ireland spent significant amounts of time engaged in religious activities This book documents their experience in Limerick city between the 1920s and 1960s exploring the connections between that experience and the wider culture of an expanding and modernising urban environment Síle de Cléir discusses topics including ritual activities in many contexts the church the home the school the neighbourhood and the workplace The supernatural belief underpinning these activities is also important along with creative forms of resistance to the high levels of social control exercised by the clergy in this environment De Cléir uses a combination of in depth interviews and historical ethnographic sources to reconstruct the day to day religious experience of Limerick city people during the period studied This material is enriched by ideas drawn from anthropological studies of religion while perspectives from both history and ethnology also help to contextualise the discussion With its unique focus on everyday experience and combination of a traditional worldview with the modernising city of Limerick all set against the backdrop of a newly independent Ireland **Popular Catholicism in 20th century Ireland** presents a fascinating new perspective on 20th century Irish social and religious history **Notes and Records ... Ancient Religious Foundations** Samuel Hayman, 1854 **Fraser's Magazine for Town and Country** James Anthony Froude, John Tulloch, 1845 *Fraser's Magazine*, 1845 **Fraser's Magazine for Town and Country**, 1845
