## **Paul And The Gentile Women Reframing Galatians:**

*Paul and the Gentile Women* Tatha Wiley, 2005-03-30 For hundreds of years Paul's letter to the Galatians has been a flashpoint of controversy among Christians. Why did Paul write the letter and what was at issue in the controversy over Torah observance, particularly male circumcision? Has the letter, with its classic contrast of faith in Christ and works of the law, served to divide Jews from Christians and Christians from one another? Radically reframing the debate, Tatha Wiley's fresh approach decisively shifts the Galatian question to focus on the social consequences of Paul's bitter disagreement with the circumcision preachers and specifically the implications of the dispute for Gentile women in the community. Wiley maintains that Paul's argument of equality in Christ was directed to and for the situation of women whose newly won status was jeopardized by the preaching of Paul's opponents. By looking at the issue of circumcision from the angle of the Gentile women of Galatia, Wiley cuts to the core concerns of the dispute: gender, privilege, religious authority, and the life-changing implications of Christian commitment.

*Paul and the Gentile Problem* Matthew Thiessen, 2016-03-01 Paul and the Gentile Problem provides a new explanation for the apostle Paul's statements about the Jewish law in his letters to the Romans and Galatians. Paul's arguments against circumcision and the law in Romans 2 and his reading of Genesis 15:21 in Galatians 4:21-31 belong within a stream of Jewish thinking which rejected the possibility that gentiles could undergo circumcision and adopt the Jewish law, thereby becoming Jews. Paul opposes this solution to the gentile problem because he thinks it misunderstands how essentially hopeless the gentile situation remains outside of Christ. The second part of the book moves from Paul's arguments against a gospel that requires gentiles to undergo circumcision and adoption of the Jewish law to his own positive account based on his reading of the Abraham Narrative of the way in which Israel's God relates to gentiles. Having received the Spirit/pneuma of Christ, gentiles are incorporated into Christ, who is the singular seed of Abraham and therefore become materially related to Abraham. But this solution raises a question: Why is it so important for Paul that gentiles become seed of Abraham? The argument of this book is that Paul believes that God had made certain promises to Abraham that only those who are his seed could enjoy and that these promises can be summarized as being empowered to live a moral life, inheriting the cosmos, and having the hope of an indestructible life.

**Paul's Declaration of Freedom from a Freed Slave's Perspective** Robin G. Thompson, 2023-03-27 This project attempts to listen to voices that have seldom been heard While others have explored Paul's theology of Christian freedom they have not considered how Paul's declaration of freedom would have been received by those who most desired and valued freedom the slaves and freedpersons in the Galatian churches In this study Robin Thompson explores both Greek and Roman manumission considers how the ancient Mediterranean world conceived of freedom and then examines the freedom declared in Galatians from a freed slaves's perspective She proposes that these freedpersons would likely have perceived this freedom to be not only spiritual freedom but at least in the Christian communities individual freedom as well

**The Apostle Paul and the Pauline Tradition** Stephen Finlan, 2017-06-15 Much of the popular understanding of the apostle Paul has been shaped not by Paul's letters themselves but by the Acts of the Apostles This understanding many believe leads to misunderstanding Paul's theology In The Apostle Paul and the Pauline Tradition Stephen Finlan takes a new approach focusing on the letters themselves He views the Pauline tradition as including the teachings and writings of Paul himself the assimilation and often simplification of Paul's ideas by those who followed him and then wrote letters in his name and the final form of the letters the church has labeled as Paul's Through this broad shifting and expanding notion of tradition readers will explore with Finlan such questions as What did Paul really think and write about Jesus redemption and the Christian life Who were the original audiences that first received these texts How and how much did Paul's followers change his ideas in the letters they wrote for him Finlan is convinced that this educated questioning and investigating becomes a valid part of the life of faith not replacing faith but joined to it Through his accessibly written text readers in the end will understand and agree Stephen Finlan PhD is an adjunct professor at Drew University and has taught at Fordham He is also author of Problems with

Wisdom Commentary: Romans Christian A. Eberhart, 2025-03-15 Can a feminist interpretation of Romans discover anything new In this volume Christian Eberhart pays special attention to the fact that Paul entrusted Phoebe a gentile woman with the task of delivering the letter to Rome There she would have been the person who recited it aloud and by heart in front of various audiences Yet as the leader of a congregation in Corinth Phoebe had likely also been involved in the process of composing the letter as some passages reveal This multifaceted engagement of a woman gives new meaning to the vision of human society in Romans that celebrates the full participation of women and men Jews and gentiles weak and strong and free and slave

**Recovering an Undomesticated Apostle** Christopher B. Zeichmann, John A. Egger, 2023-04-01 Paul the apostle is usually imagined as a man of prestige and power comfortably conversing with philosophers seeking an audience with the emperor and composing compelling letters for Christians throughout the Mediterranean Yet this portrait of a safe and conventional figure at the origins of Christianity airbrushes out many strange things about him This volume repositions Paul as a man at the periphery of power Recovering an Undomesticated Apostle explores the ways that Paul has been domesticated in both popular and scholarly imagination By isolating selected crises of the apostle's life and legacy and examining the social and material dimensions of his world these essays collectively chip away at the received image of his strength and status The result is a series of glimpses of Paul that frame the apostle as surprisingly marginal and weak within Roman society Published in honour of New Testament scholar Leif E Vaage Recovering an Undomesticated Apostle presents Paul as a man operating from a position of desperation making virtue out of necessity as he attempted to claw his way up in the dog eat dog world of the ancient Mediterranean

**Felix Culpa** Peter-Ben Smit, 2021-11-01 In Felix culpa Ritual Failure and Theological Innovation in Early Christianity Peter Ben Smit argues that ritual developments were key to the development of early Christianity Focusing on rituals that go wrong he shows precisely how ritual infelicities are a catalyst for reflection upon ritual and their development in terms of their performance as well as the meaning attributed to them Smit discusses texts from the Pauline epistles and the Gospel of Mark and provides a chapter on Philo of Alexandria by way of contextualization in the Greco Roman world By stressing the importance of ritual the present book invites a reconsideration of all too doctrinally focused approaches to early Christian communities and identities It also highlights the embodied and performative character of what being in Christ amounted to

Sánchez, 2014-10-01 The Fortress Commentary on the New Testament presents a balanced synthesis of current scholarship. The contributors bring a rich diversity of perspectives to the task of connecting solid historical-critical analysis of Scripture with sensitivity to theological, cultural, and interpretive issues arising in our encounter with the text. The volume includes introductory articles, section introductions, and individual book articles that explore key sense units through three lenses: The Text in Its Ancient Context, The Text in the Interpretive Tradition, The Text in Contemporary Discussion. Comprehensive and useful for preaching, teaching, and research.      Encountering Paul Tasha Wiley, 2010-01-16 Fascinating, controversial, yet enigmatic, the figure of the apostle Paul looms large in Christian history. But which Paul is the true one? Is it the Paul who proclaims our freedom in Christ, or the Paul who demands that slaves obey their masters? The Paul who works closely with women evangelists, or the Paul who instructs women to submit to the rule of their husbands? Is it the deeply Jewish Paul, or the Paul who rejects the Law? Drawing on the literary and historical insights that have revolutionized contemporary Paul scholarship, Tasha Wiley skillfully separates these different voices of Paul and their liberating and

oppressive legacies In her well crafted work Wiley not only illumines the authentic historical Paul but also accounts for his influence in the history of slavery male domination and religious exclusivism Encountering Paul is a welcome addition to the Come and See series     The Church, Authority, and Foucault Steven G. Ogden, 2017-02-03 The Church Authority and Foucault addresses the problem of the Church s enmeshment with sovereign power which can lead to marginalization Breaking new ground Ogden uses Foucault s approach to power and knowledge to interpret the church leader s significance as the guardian of knowledge This can become privileged knowledge under the spell of sovereign power and with the complicity of clergy and laity in search of sovereigns Inevitably such a culture leads to a sense of entitlement for leaders and conformity for followers All in the name of obedience The Church needs to change in order to fulfil its vocation Instead of a monarchy what about Church as an open space of freedom This book then is a theological enterprise which cultivates practices of freedom for the sake of the other This involves thinking differently by exploring catalysts for change which include critique space imagination and wisdom In the process Ogden uses a range of sources analysing discourse gossip ritual territory masculinity and pastoral power In all the work of Michel Foucault sets the tone for a fresh ecclesiological critique that will appeal to theologians and clergy alike
