Drawing on decades of research and interviews with Wright's family and Wright scholars, Bruce Allen Dick uncovers the theatrical influence on Wright's oeuvre from his 1930s boxing journalism to his unpublished one acts on returning Black GIs in WWII to his unproduced pageant honoring Vladimir Lenin. Wright maintained rewarding associations with playwrights, writers, and actors such as Langston Hughes, Theodore Ward, Paul Robeson, and Lillian Hellman, and took particular inspiration from French literary figures like Jean-Paul Sartre. Dick's analysis also illuminates Wright's direct involvement with theater and film, including the performative aspects of his travel writings, the Orson Welles directed *Native Son* on Broadway, his acting debut in *Native Son*'s first film version, and his play *Daddy Goodness*, a satire of religious charlatans like *Father Divine* in the 1930s. Bold and original, *Thunder on the Stage* offers a groundbreaking reinterpretation of a major American writer. **Watering the Sahara** James R. Spence, 2008 Based primarily on previously unpublished interviews with Paul Green, *Watering the Sahara* is a compelling study that chronicles the dramatist's life from childhood in rural Harnett County to military service in World War I, the beginnings of his career as both educator and writer, his work as a Hollywood screenwriter, and the theater collaborations that culminated in the creation of the symphonic drama *The Lost Colony*. Extensive quotation from the interviews provides the reader with new insight into the complexity of North Carolina's leading playwright. Historical Dictionary of Contemporary American Theater: 1930-2010 James Fisher, 2011-06-01 From legends like Eugene O'Neill, Tennessee Williams, and Arthur Miller to successful present-day playwrights like Neil LaBute, Tony Kushner, and David Mamet, some of the most important names in the history of theater are from the past 80 years. Federal Theatre Project in the American South Cecelia Moore, 2017-09-26 The Federal Theatre Project in the American South introduces the people and projects that shaped the regional identity of the Federal Theatre Project When college theatre director Hallie Flanagan became head of this New Deal era jobs program in 1935 she envisioned a national theatre comprised of a network of theatres across the country A regional approach was more than organizational it was a conceptual model for a national art Flanagan was part of the little theatre movement that had already developed a new American drama drawn from the distinctive heritage of each region and which they believed would collectively illustrate a national identity The Federal Theatre plan relied on a successful regional model the folk drama program at the University of North Carolina led by Frederick Koch and Paul Green Through a unique partnership of public university private philanthropy and community participation Koch had developed a successful playwriting program and extension service that built community theatres throughout the state North Carolina along with the rest of the Southern region seemed an unpromising place for government theatre Racial segregation and conservative politics limited the Federal Theatre's ability to experiment with new ideas in the region Yet in North Carolina the Project thrived Amateur drama units became vibrant community theatres where whites and African Americans worked together Project personnel launched The Lost Colony one of the first so called outdoor historical dramas that would become its own movement The Federal Theatre sent unemployed dramatists including future novelist Betty Smith to the university to work with Koch and Green They joined other playwrights including African American writer Zora Neale Hurston who came to North Carolina because of their own interest in folk drama Their experience told in this book is a backdrop for each successive generation's debates over government cultural expression art and identity in the American nation

Davis, 2017-11-27 Winner of the 2018 Eudora Welty Prize When the United States entered World War I parts of the country had developed industries urban cultures and democratic political systems but the South lagged behind remaining an impoverished agriculture region Despite New South boosterism the culture of the early twentieth century South was comparatively artistically arid Yet southern writers dominated the literary marketplace by the 1920s and 1930s World War I brought southerners into contact with modernity before the South fully modernized This shortfall created an inherent tension between the region's existing agricultural social structure and the processes of modernization leading to distal modernism a form of writing that combines elements of modernism to depict non modern social structures Critics have struggled to formulate explanations for the eruption of modern southern literature sometimes called the Southern Renaissance Pinpointing World War I as the catalyst David A Davis argues southern modernism was not a

self generating outburst of writing but a response to the disruptions modernity generated in the region In World War I and Southern Modernism Davis examines dozens of works of literature by writers including William Faulkner Ellen Glasgow and Claude McKay that depict the South during the war Topics explored in the book include contact between the North and the South southerners who served in combat and the developing southern economy Davis also provides a new lens for this argument taking a closer look at African Americans in the military and changing gender roles **Simply to Be Americans?**

Paul Green, 2014-09-06 One of Paul Green s best plays The House of Connelly was the first play performed on Broadway in 1931 by the renowned Group Theatre of New York This book reintroduces the play and the playwright famous in his day but largely forgotten now although his outdoor symphonic drama The Lost Colony continues to be performed every summer in Manteo North Carolina The House of Connelly is a more traditional drama comparable to the writing of Tennessee Williams and the editor asserts that the play deals more directly and fully with racial issues of the early 20th century South than Williams did in his work A new edition of the play includes both the original tragic ending and the revised ending Green wrote upon the Group Theatre
