Paul Robeson Joseph Nazel,1980 **Paul Robeson** Scott Ehrlich,1989 A biography of the black man who became both a famous singer and a controversial figure in world politics Paul Robeson Ernest Kaiser,1998 Compiled by the editors of Freedomways Tributes to Robeson in prose and poetry by his contemporaries Selections from Robeson s own writings Foreword to this edition by Ernest Kaiser Updated bibliography **A Case of Conspiracy** Michael Newton,1980

Popular Music Roman Iwaschkin,2016-04-14 This is a comprehensive guide to popular music literature first published in 1986 Its main focus is on American and British works but it includes significant works from other countries making it truly international in scope **A Paul Robeson Handbook** Lenwood G. Davis,1998 The City in African-American Literature Yoshinobu Hakutani,Robert Butler,1995 More recent African American literature has also been noteworthy for its largely affirmative vision of urban life Amiri Baraka s 1981 essay Black Literature and the Afro American Nation The Urban Voice argues that from the Harlem Renaissance onward African American literature has been urban shaped producing a uniquely black urban consciousness And Toni Morrison although stressing that the American city in general has often induced a sense of alienation in many African American writers nevertheless adds that modern African American literature is suffused with an affection for the village within the city Tackling Jim Crow Alan H. Levy,2010-07-27 Many are familiar with Jackie Robinson and the integration of Major League Baseball after all the years of separate black and white leagues but fewer people know of the segregation and then integration of the National Football League The timing and sequence of events were different but football followed a pattern similar to that of baseball in regard to the beginning and end of racial segregation This work traces professional football s movement from segregation to integration beginning with a discussion of the various reasons why the game was first segregated It describes the schemes that NFL owners came up with to ban African Americans from the league in the 1930s and 1940s and tells how these barriers broke down after World War II The author considers how professional football overcame the legacies of Jim Crow and how Jim Crow laws may still haunt the game **A Paul Robeson Research Guide** ,1982-11-24 *Biography Index* Bea Joseph,1983 A cumulative index to biographical material in books and magazines *The Negro Almanac* Harry A. Ploski,James De Bois Williams,1989 Cited by Sheehy and designated an outstanding reference work by ALA A combination of historical narrative biographical sketches and statistical tables and graphs present nearly 500 years of history from the 15th century voyages of discovery to current events The coverage extends to politics and the law business labor and the economy education the family religion the arts sports and science Historical and contemporary Africa are also addressed as is the black experience throughout the western hemisphere Annotation copyrighted by Book News Inc Portland OR Transatlantic Liverpool Mark Christian,2022-10-03 In Transatlantic Liverpool Shades of the Black Atlantic Mark Christian presents a Black British study within the context of the transatlantic and Liverpool England Taking a semi autoethnographic approach based on the author s Black Liverpool

heritage Christian interacts with Paul Gilroy's notion of the Black Atlantic Yet provides a fresh perspective that takes into account a famous British slave port's history that has been overlooked or underutilized The longevity of Black presence in the city involves a history of discrimination stigma and a population group known colloquially as Liverpool Born Blacks LBBs Crucially this book provides the reader with a deeper insight of the transatlantic in regard to the movement of Black souls and their struggle for acceptance in a hostile environment This book is an evocative passionate and revealing read

Belafonte Genia Fogelson, 1980 **Street Players** Kinohi Nishikawa, 2019-01-11 The uncontested center of the black pulp fiction universe for more than four decades was the Los Angeles publisher Holloway House From the late 1960s until it closed in 2008 Holloway House specialized in cheap paperbacks with page turning narratives featuring black protagonists in crime stories conspiracy thrillers prison novels and Westerns From Iceberg Slim's Pimp to Donald Goines's Never Die Alone the thread that tied all of these books together and made them distinct from the majority of American pulp was an unflinching veneration of black masculinity Zeroing in on Holloway House Street Players explores how this world of black pulp fiction was produced received and recreated over time and across different communities of readers Kinohi Nishikawa contends that black pulp fiction was built on white readers' fears of the feminization of society and the appeal of black masculinity as a way to counter it In essence it was the original form of blaxploitation a strategy of mass marketing race to suit the reactionary fantasies of a white audience But while chauvinism and misogyny remained troubling yet constitutive aspects of this literature from 1973 onward Holloway House moved away from publishing sleaze for a white audience to publishing solely for black readers The standard account of this literary phenomenon is based almost entirely on where this literature ended up in the hands of black male working class readers When it closed Holloway House was synonymous with genre fiction written by black authors for black readers a field of cultural production that Nishikawa terms the black literary underground But as Street Players demonstrates this cultural authenticity had to be created promoted and in some cases made up and there is a story of exploitation at the heart of black pulp fiction's origins that cannot be ignored **International**
