B-Sides, Undercurrents and Overtones: Peripheries to Popular in Music, 1960 to the Present George Plasketes, 2016-05-23 There are undercurrents and peripheral taste preferences that are a defining part of our individual and collective cultural experience Music is no exception George Plasketes adapts the iconic A side B side dichotomy from the 45 r p m for use as a unique conceptual critical historical and cultural framework for exploring and threading together a variety of popular music and media texts The profiles and perspectives focus on the peripheries on texts which might be considered B sides overlooked underappreciated and unsung cases creators patterns and productions that have unassumingly but significantly marked popular culture music and media during the past 40 years The underappreciated yet enduring contributions of a variety of creative individuals in music television and film are a centerpiece of this volume actress Doris Day s son Terry Melcher a 1960s music producer whose imprint is on the surf country blues garage pop and most importantly the folk rock genre Hans Fenger s kid chorus cover project a musical variation of outsider art that became representative of the tribute wave that began in the 1990s and continues today versatile guitarist virtuoso Ry Cooder s extensive film soundtrack work World Music missionary efforts of American artists beyond Paul Simon s Graceland including Neil Diamond s precursor with Tap Root Manuscript in the 1970s and the exotic adventures of Henry Kaiser and David Lindley in Madagascar and Norway to name just a few examples These B sides represent undercurrents but they resonate as overtones in the mainstream of music and culture many as historical hinges Collectively these B sides are an A side antidote of outskirt observations individual snapshots of artists artifacts and rituals genres and generations producers and musical productions in television film and video They constitute an important connect the dots cultural chronicle with a multi layered context social legal historic economic technological generational aesthetic for interpreting the interrelations between creators and institutions the music market place the production of culture and important connections between the peripheral and the popular

Paul Simon Robert Hilburn, 2019-05-28 Acclaimed music writer Robert Hilburn s epic and definitive Rolling Stone biography of music icon Paul Simon written with Simon s full participation but without his editorial control that reminds us how titanic this musician is The Washington Post For more than fifty years Paul Simon has spoken to us in songs about alienation doubt resilience and empathy in ways that have established him as one of the most beloved artists in American pop music history Songs like The Sound of Silence Bridge Over Troubled Water Still Crazy After All These Years and Graceland have moved beyond the sales charts and into our cultural consciousness But Simon is a deeply private person who has said he will not write an autobiography or talk to biographers Finally however he has opened up for Robert Hilburn for more than one hundred hours of interviews in this brilliant and entertaining portrait of Simon that will likely be the definitive biography Publishers Weekly starred review Over the course of three years Hilburn conducted in depth interviews with scores of Paul Simon s friends family colleagues and others including ex wives Carrie Fisher and Peggy Harper who spoke for the first time

and even penetrated the inner circle of Simon's long reclusive muse Kathy Chitty. The result is a deeply human account of the challenges and sacrifices of a life in music at the highest level. In the process Hilburn documents Simon's search for artistry and his constant struggle to protect that artistry against distractions: fame, marriage, divorce, drugs, record company interference, rejection and insecurity that have derailed so many great pop figures. As engaging as a lively American tune, *People* by Paul Simon is a straight shooting tour de force that does thorough justice to this American prophet and pop star. USA TODAY four out of four stars. Read it if you like Simon, read it if you want to discover how talent unfolds itself. Stephen King

Readings in African Popular Culture Karin Barber, 1997. This is an extraordinarily rich collection full of informative detail and excellent interpretative analysis. There is not a single piece that fails to fascinate. Leeds African Studies Bulletin an impressive collection of inspiring and thought provoking essays. Media Development. This is a book that should find its way into many syllabuses and onto the bookshelves of Africanist scholars in many disciplines. Its publication marks a key turning point in scholarship on the cultures of contemporary Africa. *Africa Today*. This book surveys the popular culture of contemporary Africa including popular literature, oral narrative and poetry, dance, drama, music and visual art with special emphasis on the verbal arts. The essays cover six main areas: views of the field, oral tradition revisited, social history, social criticism and interpretation, women in popular culture, little genres of everyday life, the local and the global. *African Music* John Gray, 1991-04-04. *African Music* is devoted to ethnographic, anthropological, musicological and popular studies of sub-Saharan African music from the 1890s to the present. The bibliography is organized into six basic sections. Section one covers works on cultural policy and the performing arts in sub-Saharan Africa while section two provides a selected guide to works on ethnomusicology. Section three the largest deals with general works and regional country studies of traditional sub-Saharan musics defined most simply as the local village or rural musics of West, Central, Southern and East Africa. General and regional country studies of African pop music as well as biographical and critical studies of 275 popular musicians and groups are covered in section four. Section five focuses on the acculturated or art music traditions of Africa's Westernized elite citing both general works and biographical critical studies on African composers and performers. The sixth and final music section covers general studies on African church or liturgical music. The items cited in these six sections range from books, dissertations, unpublished papers and periodical and newspaper articles to films, videotapes and audiotapes in all of the major Western languages as well as several African ones. The three appendixes deal respectively with reference works on African music and culture, archives and research centers and a selected discography listing both traditional and popular music recordings and outlets where they may be found. Four indexes: ethnic group, subject, artist and author complete the work and provide a key to its 5,800 entries. By covering works from 1732 to the present, *African Music* offers not only the most up to date scholarship on the subject but also the most comprehensive coverage currently available. It offers a much needed and long overdue resource for students, scholars and librarians seeking to understand the musics of sub-Saharan

Africa **Focus: Music of South Africa** Carol A. Muller, 2010-04-15 Focus Music of South Africa provides an in depth look at the full spectrum of South African music a musical culture that epitomizes the enormous ethnic religious linguistic class and gender diversity of the nation itself Drawing on extensive field and archival research as well as her own personal experiences noted ethnomusicologist and South African native Carol A Muller looks at how South Africans have used music to express a sense of place in South Africa on the African continent and around the world Part One Creating Connections provides introductory materials for the study of South African Music Part Two Musical Migrations moves to a more focused overview of significant musical styles in twentieth century South Africa particularly those known through world circuits Part Three Focusing In takes the reader into the heart of two musical cultures with case studies on South African jazz and the music of the Zulu language followers of Isaiah Shembe The accompanying CD offers vivid examples of traditional popular and classical South African musical styles
