**Robert Martello**

## **Paul Revere Artisan Businessman Patrio:**

Paul Revere Paul Revere Memorial Association, 1988 Since Henry Wadsworth Longfellow endowed Paul Revere's ride to Lexington and Concord with mythic qualities Revere 1734-1818 has come to represent the quintessence of American patriotism In the process of placing him among the pantheon of the founding fathers we have lost sight of the diverse influences that shaped his life and his vital role as an artisan and entrepreneur Published in conjunction with a major exhibition at the Museum of our National Heritage in Lexington Massachusetts Paul Revere presents Revere as his contemporaries would have known him The authors examine Revere's family background silver shop and related business activities place in the history of American silversmiths pioneering role in the development of America's copper rolling industry and 40 year affiliation with Freemasonry As the authors weave these aspects of Revere's experience into the fabric of his reputation Paul Revere emerges as a multifaceted individual who was able to take advantage of the opportunities one century offered the son of a French immigrant while helping to lead the way into the next **Paul Revere** Paul Revere Memorial Association, 1988-01-01 The first detailed work on Paul Revere since the 1942 Forbes biography this collection of five essays explores key aspects of his life The authors examine Revere's ancestry its influence his work as a silversmith with a critical assessment of his craftsmanship his silver shop business entrepreneurial skills his role in the establishment of America's first successful copper rolling mill his long association with Freemasonry The points of view of the several essays converge to give a new dimension to the perhaps simplistic view of the hero Longfellow brought to national prominence through the Midnight Ride poem of 1861 William Ayers As is often true with historical figures elevated to the status of romantic hero the most widely held image of the person though initially appealing is ultimately unsatisfying In Revere's case the desire to place him among the pantheon of American super patriots has obscured his vital role in the economic social life of Boston America This important work goes beyond the mythical Revere to provide a balanced assessment of this multifaceted man by offering new scholarship fresh insights American Association of State Local History Award of Merit 1989 Special Recognition for a museum publication 1989 Fraunces Tavern Book Award Paul Revere Barbara Ford, 2014-12-15 Renowned for his silversmithing his ride from Boston to Lexington Massachusetts to warn that the British were attacking made Paul Revere famous However Paul Revere was also involved with other events that led to the American Revolution

John Singleton Copley in America Carrie Rebora Barratt, 1995 A lavish illustrated volume published to accompany an exhibition of Copley's work that will be traveling to several cities during 1996 The focus is on the paintings miniatures and pastels that Copley the supreme portraitist of the colonial era produced before he moved to London in 1774 Four principal essays place the work in historical and social context and bring new critical methods to bear upon the study of portraits and portraiture four shorter essays treat various aspects of Copley's art and techniques Catalog entries detail the sitters lives and the ways in which Copley enhanced his subjects status and presence 10x12 25 Annotation copyright by Book News Inc

Portland OR     *The Revolutionary Paul Revere* Joel J. Miller, 2023-08-22 Quick in the saddle and fast out of town Watch one of America's most remarkable heroes come alive through fast-paced prose and gripping storytelling He's Famous for his Ride He's Essential for So Much More The story of Paul Revere is the story of the American Revolution Always smack dab in the thick of things he was an ordinary citizen living in extraordinarily turbulent times Revere played key roles in colonial tax fights and riots the infamous Boston Massacre the Tea Party the Battle of Lexington and Concord and even the ratification of the U.S. Constitution In this fast-paced dramatic account Paul Revere's life pulses with energy as author Joel J. Miller explores his family and church life along with his revolutionary contribution as a spy entrepreneur express rider freemason and commercial visionary The story of Paul Revere a hero of Massachusetts a hero of America was never more timely Nor has it ever been better told than by Joel J. Miller The Revolutionary Paul Revere gallops along with all the drama and intrigue of a great novel highlighting what makes Revere so essential in the story of America's founding and its growth as a force for freedom in the world This is a vibrant vital and wonderful story WILLIAM J. BENNETT Author America The Last Best Hope and A Century Turns     *Paul Revere's Ride* David Hackett Fischer, 1995-04-19 Paul Revere's midnight ride looms as an almost mythical event in American history yet it has been largely ignored by scholars and left to patriotic writers and debunkers Now one of the foremost American historians offers the first serious look at the events of the night of April 18, 1775 what led up to it what really happened and what followed uncovering a truth far more remarkable than the myths of tradition In *Paul Revere's Ride* David Hackett Fischer fashions an exciting narrative that offers deep insight into the outbreak of revolution and the emergence of the American republic Beginning in the years before the eruption of war Fischer illuminates the figure of Paul Revere a man far more complex than the simple artisan and messenger of tradition Revere ranged widely through the complex world of Boston's revolutionary movement from organizing local mechanics to mingling with the likes of John Hancock and Samuel Adams When the fateful night arrived more than sixty men and women joined him on his task of alarm an operation Revere himself helped to organize and set in motion Fischer recreates Revere's capture that night showing how it had an important impact on the events that followed He had an uncanny gift for being at the center of events and the author follows him to Lexington Green setting the stage for a fresh interpretation of the battle that began the war Drawing on intensive new research Fischer reveals a clash very different from both patriotic and iconoclastic myths The local militia were elaborately organized and intelligently led in a manner that had deep roots in New England On the morning of April 19 they fought in fixed positions and close formation twice breaking the British regulars In the afternoon the American officers switched tactics forging a ring of fire around the retreating enemy which they maintained for several hours an extraordinary feat of combat leadership In the days that followed Paul Revere led a new battle for public opinion which proved even more decisive than the fighting itself When the alarm riders of April 18 took to the streets they did not cry the British are coming for most of them still believed they were British Within a day many began to think differently For George

Washington Thomas Jefferson John Adams and Thomas Paine the news of Lexington was their revolutionary Rubicon Paul Revere's Ride returns Paul Revere to center stage in these critical events capturing both the drama and the underlying developments in a triumphant return to narrative history at its finest *The Court-Martial of Paul Revere* Michael M. Greenburg, 2014-10-07 At the height of the American Revolution in 1779 Massachusetts launched the Penobscot Expedition a massive military and naval undertaking designed to force the British from the strategically important coast of Maine What should have been an easy victory for the larger American force quickly descended into a quagmire of arguing disobedience and failed strategy In the end not only did the British retain their stronghold but the entire flotilla of American vessels was lost in what became the worst American naval disaster prior to Pearl Harbor In the inevitable finger pointing that followed the debacle the already famous Lieutenant Colonel Paul Revere commissioned as the expedition's artillery commander was shockingly charged by fellow officers with neglect of duty disobeying orders and cowardice Though he was not formally condemned by the court of inquiry rumors still swirled around Boston concerning his role in the disaster and so the fiery Revere spent the next several years of his life actively pursuing a court martial in an effort to resuscitate the one thing he valued above all his reputation The single event defining Revere to this day is his ride from Charlestown to Lexington on the night of April 18 1775 made famous by Longfellow's poem of 1860 Greenburg's is the first book to give a full account of Revere's conduct before during and after the disastrous Penobscot Expedition and of his questionable reputation at the time which only Longfellow's poem eighty years later could rehabilitate Thanks to extensive research and a riveting narrative that brings the battles and courtroom drama to life *The Court Martial of Paul Revere* strips away the myths that surround the Sons of Liberty and reveals the humanity beneath It is a must read for anyone who yearns to understand the early days of our country

**Liberty Tree** Alfred F. Young, 2006-11-06 With the publication of *Liberty Tree* acclaimed historian Alfred F. Young presents a selection of his seminal writing as well as two provocative never before published essays Together they take the reader on a journey through the American Revolution exploring the role played by ordinary women and men called at the time people out of doors in shaping events during and after the Revolution their impact on the Founding generation of the new American nation and finally how this populist side of the Revolution has fared in public memory Drawing on a wide range of sources which include not only written documents but also material items like powder horns and public rituals like parades and tarring and featherings Young places ordinary Americans at the center of the Revolution For example in one essay he views the Constitution of 1787 as the result of an intentional accommodation by elites with non elites while another piece explores the process of ongoing negotiations would be rulers conducted with the middling sort women enslaved African Americans and Native Americans Moreover questions of history and modern memory are engaged by a compelling examination of icons of the Revolution such as the pamphleteer Thomas Paine and Boston's Freedom Trail For over forty years history lovers students and scholars alike have been able to hear the voices and see the actions of ordinary people

during the Revolutionary Era thanks to Young's path breaking work which seamlessly blends sophisticated analysis with compelling and accessible prose. From his award winning work on mechanics or artisans in the seaboard cities of the Northeast to the all but forgotten liberty tree a major popular icon of the Revolution explored in depth for the first time, Young continues to astound readers as he forges new directions in the history of the American Revolution.

*Midnight Ride Industrial Dawn* Robert Martello, 2010-11-01. An in depth look at Revere's great contribution to American history, his work in helping the nation develop from a craft to an industrial economy. Paul Revere's ride to warn the colonial militia of the British march on Lexington and Concord is a legendary contribution to the American Revolution. *Midnight Ride Industrial Dawn* reveals another side of this American hero's life: that of a transformational entrepreneur instrumental in the industrial revolution. Robert Martello combines a biographical examination of Revere with a probing study of the new nation's business and technological climate. A silversmith prior to the Revolution and heralded for his patriotism during the war, Revere aspired to higher social status within the fledgling United States. To that end, he shifted away from artisan silversmithing toward larger, more involved manufacturing ventures such as ironworking, bronze casting, and copper sheet rolling. Drawing extensively on the Revere Family Papers, Martello explores Revere's vibrant career, successes and failures, social networks, business practices, and the groundbreaking metallurgical technologies he developed and employed. Revere's commercial ventures epitomized what Martello terms proto industrialization: a transitional state between craft work and mass manufacture that characterizes the broader, fast changing landscape of the American economy. Martello uses Revere as a lens to view the social, economic, and technological milieu of early America, while demonstrating Revere's pivotal role in both the American Revolution and the rise of industrial America. Martello succeeds superbly in using Paul Revere as a lens to view the social, economic, and technological landscape of early America. Revere's adept transitions are matched only by Martello's adept retelling of them. Highly recommended. Choice

**The Shoemaker and the Tea Party** Alfred F. Young, Alfred Young, 2001-01-17. George Robert Twelves Hewes, a Boston shoemaker who participated in such key events of the American Revolution as the Boston Massacre and the Tea Party, might have been lost to history if not for his longevity and the historical mood of the 1830's. When the Tea Party became a leading symbol of the Revolutionary era fifty years after the actual event, this common man in his nineties was discovered and celebrated in Boston as a national hero. Young pieces together this extraordinary tale, adding new insights about the role that individual and collective memory play in shaping our understanding of history.

**Bunker Hill** Nathaniel Philbrick, 2014-04-29. The bestselling author of *In the Heart of the Sea*, *Mayflower*, and *In the Hurricane's Eye*, tells the story of the Boston battle that ignited the American Revolution in this masterpiece of narrative and perspective. *Boston Globe*. In the opening volume of his acclaimed American Revolution series, Nathaniel Philbrick turns his keen eye to pre-Revolutionary Boston and the spark that ignited the American Revolution. In the aftermath of the Boston Tea Party and the violence at Lexington and Concord, the conflict escalated and skirmishes gave way

to outright war in the Battle of Bunker Hill It was the bloodiest conflict of the revolutionary war and the point of no return for the rebellious colonists Philbrick gives us a fresh view of the story and its dynamic personalities including John Adams Samuel Adams John Hancock Paul Revere and George Washington With passion and insight he reconstructs the revolutionary landscape geographic and ideological in a mesmerizing narrative of the robust messy blisteringly real origins of America

**The Secret of Sarah Revere** Ann Rinaldi,1995-11-01 The daughter of Paul Revere tells of her father s secret and her own A lively exciting picture of Boston going to war excellent VOYA Thirteen year old Sarah Revere knows her father is a Patriot hero a champion of the Colonies against the British But she also knows that Paul Revere guards a secret about the start of the Revolutionary War that he will tell no one not his new wife not his best friend not even his trusted daughter It seems everyone in her family has secrets Sarah s even got one of her own and it s tearing her apart This is a beautifully crafted novel of a young girl growing up and a country s battle for independence School Library Journal As usual Rinaldi has done her homework the book is solidly researched and extremely well written Readers will not soon forget these characters Vivid in the best sense of the word Kirkus Reviews A New York Public Library Book for the Teen Age Includes a reader s guide *American Federal Furniture and Decorative Arts from the Watson Collection* Philip D. Zimmerman,Catherine E. Hutchins,2004 While demonstrating the high level of artistry attained by furniture makers of the period this selection in many ways reflects the evolving character of domestic life in America during a seminal period in the country s history

**Three To Ride** John C. Redmond,2012-07-13 Three to Ride chronicles the events leading to the actions taken by British colonists in America against British troops ultimately concluding in independence for the colonies The subject is explored over time beginning with discord between a number of English subjects and the religious teachings of both the Church of England and the Catholic Church The intervening years between the first settlements in America and the breakout of hostilities against Britain are discussed in an effort to examine the colonists mindset in their rejection of subservience to Great Britain The history that drove the American colonists to rebellion is fascinating and engrossing understanding the attitudes and actions of the colonists who experienced this history is likewise compelling Three to Ride presents the courage of singular individuals and groups during a momentous period *Historical Dictionary of the American Revolution* Terry M. Mays,2009-11-18 This greatly expanded second edition of the Historical Dictionary of the American Revolution covers more battles skirmishes and raids of the American Revolution than any other printed source This is done through a chronology an introductory essay maps and photos a bibliography and over 1000 cross referenced dictionary entries **Historical**

**Dictionary of New England** Peter C. Holloran,2017-05-01 New England the most clearly defined region in the United States includes the six states of Connecticut Maine Massachusetts New Hampshire Rhode Island and Vermont First colonized by the French in 1604 and the British in 1607 the New England colonies were the first to secede from the British Empire and were among the first states admitted to the union No region has claimed more presidents as native sons seven or produced

more men and women of exceptional accomplishment and fame Many Americans see New England as a touchstone for the founding ideas of the nation and the region served as a source of inspiration for many artists and writers This second edition of Historical Dictionary of New England contains a chronology an introduction appendix and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities places institutions and events This book is an excellent resource for students researchers and anyone wanting to know more about New England **Becoming**

**America** Jon Butler,2001-12-28 Butler s panoramic view of the American colonies after 1680 transforms the customary picture of pre revolutionary America revealing a strikingly modern character that belies the 18th century quaintness fixed in history 21 halftones **Compass American Guides: Massachusetts, 1st Edition** Patricia Harris,David Lyon,Anna

Mundow,Lisa Oppenheimer,2003 Created by local writers and photographers Compass American Guides are the ultimate insider s guides providing in depth coverage of the history culture and character of America s most spectacular destinations Compass Massachusetts covers everything there is to see and do plus gorgeous full color photographs a wealth of archival images topical essays and literary extracts detailed color maps and capsule reviews of hotels and restaurants These insider guides are perfect for new and longtime residents as well as vacationers who want a deep understanding of Massachusetts

Freemasonry and the Visual Arts from the Eighteenth Century Forward Reva Wolf,Alisa Luxenberg,2019-11-28 Choice Outstanding Academic Title for 2020 With the dramatic rise of Freemasonry in the eighteenth century art played a fundamental role in its practice rhetoric and global dissemination while Freemasonry in turn directly influenced developments in art This mutually enhancing relationship has only recently begun to receive its due The vilification of Masons and their own secretive practices have hampered critical study and interpretation As perceptions change and as masonic archives and institutions begin opening to the public the time is ripe for a fresh consideration of the interconnections between Freemasonry and the visual arts This volume offers diverse approaches and explores the challenges inherent to the subject through a series of eye opening case studies that reveal new dimensions of well known artists such as Francisco de Goya and John Singleton Copley and important collectors and entrepreneurs including Arturo Alfonso Schomburg and Baron Taylor Individual essays take readers to various countries within Europe and to America Iran India and Haiti The kinds of art analyzed are remarkably wide ranging porcelain architecture posters prints photography painting sculpture metalwork and more and offer a clear picture of the international scope of the relationships between Freemasonry and art and their significance for the history of modern social life politics and spiritual practices In examining this topic broadly yet deeply Freemasonry and the Visual Arts sets a standard for serious study of the subject and suggests new avenues of investigation in this fascinating emerging field *Revolts, Protests, Demonstrations, and Rebellions in American History* Steven L. Danver,2010-12-17 This three volume work traces the history of revolts and rebellions from the colonial era to the 20th century America has a long history of rebellions extending back before 1776 Revolts have taken place

because of economic hard times the denial of civil rights racism sexism and classism Studying the reasons for and results of these uprisings provides a window into the life of the American body politic and what moves the American people to action Revolts Protests Demonstrations and Rebellions in American History An Encyclopedia details the history of popular actions from the colonial era to the 20th century Each event in the three volume encyclopedia is covered by an overview entry that details who was involved why the revolt took place what happened and what the aftereffects were Shorter subentries provide further detail on the important people places events and ideas that were a part of the action By presenting both the broad themes and the specifics the encyclopedia enables readers to gain a general knowledge of the event or drill down to acquire a greater understanding
