2000, 0000 00 0000 00 0000 Paul Revere's Ride David Hackett Fischer, 1994-04-14 Paul Revere's midnight ride looms as an almost mythical event in American history yet it has been largely ignored by scholars and left to patriotic writers and debunkers Now one of the foremost American historians offers the first serious look at the events of the night of April 18 1775 what led up to it what really happened and what followed uncovering a truth far more remarkable than the myths of tradition In Paul Revere's Ride David Hackett Fischer fashions an exciting narrative that offers deep insight into the outbreak of revolution and the emergence of the American republic Beginning in the years before the eruption of war Fischer illuminates the figure of Paul Revere a man far more complex than the simple artisan and messenger of tradition Revere ranged widely through the complex world of Boston's revolutionary movement from organizing local mechanics to mingling with the likes of John Hancock and Samuel Adams When the fateful night arrived more than sixty men and women joined him on his task of alarm an operation Revere himself helped to organize and set in motion Fischer recreates Revere's capture that night showing how it had an important impact on the events that followed He had an uncanny gift for being at the center of events and the author follows him to Lexington Green setting the stage for a fresh interpretation of the battle that began the war Drawing on intensive new research Fischer reveals a clash very different from both patriotic and iconoclastic myths The local militia were elaborately organized and intelligently led in a manner that had deep roots in New England On the morning of April 19 they fought in fixed positions and close formation twice breaking the British regulars In the afternoon the American officers switched tactics forging a ring of fire around the retreating enemy which they maintained for several hours an extraordinary feat of combat leadership In the days that followed Paul Revere led a new battle for public opinion which proved even more decisive than the fighting itself When the alarm riders of April 18 took to the streets they did not cry the British are coming for most of them still believed they were British Within a day many began to think differently For George Washington Thomas Jefferson John Adams and Thomas Paine the news of Lexington was their revolutionary Rubicon Paul Revere's Ride returns Paul Revere to center stage in these critical events capturing both the drama and the underlying

developments in a triumphant return to narrative history at its finest **The True Story of Paul Revere's Ride** Susanna Keller, 2013-01-15 The true story of Paul Revere's life and his midnight ride are presented in a fun and engaging way Revere was a respected Boston citizen an artisan and a patriot Students will be fascinated to see the facts separated from the legend which contained instances of pure poetic license in Longfellow's poem Color photographs paintings and Revere's own engraving illuminate colonial life and spur a sense of curiosity about the true stories of American history Paul Revere's Ride Xavier W. Niz, 2005 Recounts the story of Paul Revere's historic ride from Boston to Lexington and then to Concord Massachusetts in April 1775 to warn colonists of approaching British troops Midnight Ride of Paul Revere Henry Wadsworth Longfellow, 1999 **April 19 1775** Charles River Charles River Editors, 2013-09-05 Includes Revere's account of his Midnight Ride and Longfellow's famous poem The Midnight Ride of Paul Revere Discusses some of the myths and legends about the Midnight Ride and the Battles of Lexington I told him He asked what time I left I told him he seemed surprised said Sir may I crave your name I answered My name is Revere Paul Revere April 19 1775 was the most momentous day in American history Over the course of nearly 18 hours a morning that began with midnight riders spreading an alarm about a British raid headed for Concord would lead to the British column fleeing for their lives back to the vicinity of Boston as thousands of militiamen headed to cut them off and surround them By the time the sun went down 10 years of strife between the 13 colonies and Great Britain finally boiled over into pitched battle and a Revolution In the wake of the Revolution the importance of April 19 1775 became clear to everyone and the legends and mystique surrounding that day have grown ever since That day made an icon out of Paul Revere who would have been greatly surprised at the end of his life if he had known he would become famous for his midnight ride As a fervent and well connected patriot who was part of Boston's intelligence network Revere was sent on the ride toward Lexington along with William Dawes with the intention of warning the countryside that British troops were heading that way presumably to arrest patriot leaders Samuel Adams and John Hancock After warning Adams and Hancock Revere Dawes and another messenger Samuel Prescott were stopped and detained by British soldiers on the path toward Concord and though Dawes and Prescott managed to escape Revere was escorted back toward Lexington by the British that morning As it turned out Revere and the patriots were wrong about the actual reason for the British march that morning and Revere did not successfully finish his own ride The Battles of Lexington Concord are just as full of legends It's unclear who fired first at Lexington but it resulted in a handful of colonial militiamen laying wounded or dying as the British continued on toward Concord where they encountered far more organized resistance As militias from across the countryside swarmed toward the action from neighboring towns and villages the British forces began the march back to Boston coming under fire alongside what would become fittingly known as Battle Road By the time the British made it back to the safety of Boston thousands of militia men had surrounded the city beginning what would become a nearly year long siege The American Revolution had officially begun April 19 1775 chronicles all of the momentous events of
