Shoker,2016-10-13 A Complete Solid and Flexible Chess Opening Repertoire for Black White with the King s Fianchetto When experienced chess teacher Emmanuel Neiman learned that some of his pupils hesitated to play in competitions for fear of being crushed in the opening he wanted to help Neiman knew that amateurs have little time to seriously study opening theory so he had to come up with a practical complete easy to learn and solid opening repertoire that would not outdate rapidly And that is what he did Neiman advises amateurs to play with both colours the flexible King s Fianchetto system where the Bishop is a defender of the King and at the same time an attacker No matter what side you are you use the same basic ideas as White you are targeting the light squares and as Black the dark squares while applying roughly the same strategies plans and tactical motifs Neiman has teamed up with Samy Shoker who gained the Grandmaster title by mainly playing the King s Fianchetto systems and sometimes beating 2700 rated players with it The result is a complete and practical repertoire which will give club players a sound and flexible middlegame position they can feel at home in In many lines Neiman and Shoker not only present a solid approach but also a sharp and aggressive alternative The authors don t promise you a large advantage every time you play their system but one thing is certain after studying this entertaining book you can play the opening confidently and you will be a better all round player because you have learned many essential middlegame lessons Even very strong players will find the ideas of Neiman and Shoker useful as an easy to play occasional weapon *Teach Yourself VISUALLY Chess* Jon Edwards,2007-02-03 Chess is a mental game but you don t have to strain your brain to learn the basics not with this guide that shows you how to play Teach Yourself VISUALLY Chess covers how to set up the board how each piece moves opening strategies and variations attacking themes and common sacrifices and more Photos of the board let you see strategies in action For hands on practice you can even set up your board and make your moves as you learn With this book and practice you ll be saying Checkmate in no time Concise two page lessons show you all the steps to a skill and are ideal for quick review Each move or tactic is clearly explained Explanations accompany each photo Color photos and diagrams show key positions strategies and moves Helpful tips provide additional guidance **Little Use for Death** Michael W.
