Permanent Removal Who Killed The Cradock Four:

Permanent Removal Christopher Nicholson, 2004 Ten years into South African Democracy we need to find answers to some hard questions Did the negotiations that lead to the new South Africa include an agreement that some of the masterminds of murder would be immune from prosecution Have these men refused to confess their deed and shame in the certain knowledge that they will not be punished for their crimes Will the families of Matthew Goniwe Fort Calata Sparrow Mkonto and Sicelo Mhlauli as well as many others ever know for certain who authorised the murders of their loved ones This is the fascinating story of the search for the people ultimately responsible for the deaths of the Cradock Four Based on factual documentation and court records it recounts the investigations and political intrigue around the murders and it demonstrates how this notorious case more than any other exposed the inner workings of the apartheid government s State Security Council

One Hand Washes The Other Christopher Nicholson, 2013-06-24 When Thandi Dladla undertakes to coach a young soccer team in a rural school in South Africa she little realizes how it will change her life When levelling the terrain to make a field she discovers two skeletons which reveal how ninety percent of people became right handed This leads Thandi on a journey of discovery which helps her not only to coach her team to success but also to find the murderer of her father a university professor who fought the Apartheid regime Because of an obstructive police investigation her brother decides to take the law into his own hands and revenge the killing of his father As she unveils the clues to the identity of the murderers she learns about the involvement of the State Security Council a sinister Apartheid body accountable to none that planned and executed the deaths of countless black activists She also discovers the origins of handedness the role of the left and right brain in human conduct and the genesis of evil in the world Her coaching methods in soccer including encouraging every player to become equal footed challenge many existing practices and she discovers how to teach her team and students to surpass their previous achievements Her struggle with the Catholic headmaster explores the influence of religion in society and its juxtaposition with science and witchcraft In a thrilling series of twists the denouement reveals the dark underbelly of South African society

Systemic Racism in South Africa Rupert Taylor, 2024-12-06 This book takes a critical macro level political sociological perspective to understanding South African politics and society Applying systemic racism theory to South Africa the author argues that South African society through its exclusionary social mechanisms has assumed a systemically racist form that deeply compromises questions of truth and justice Constitutive of and embedded in the structure of South African society racism has a reach and a durability that runs deep through the successive stages of segregationism apartheid and liberal democracy Showing the limits of the rule of law in a racist society the author offers a theoretically informed interpretation as to why the national liberation struggle has fallen short of its promise to deliver a better life for all and as to why truth and justice remain so deeply compromised in South Africa today The arguments advanced are supported by over thirty semi structured interviews conducted by the author with high profile South African

politicians jurists and intellectuals as well as by using Truth and Reconciliation Commission hearing transcripts both public and top secret This thought provoking book is driven by the imperative to offer a compelling and sustained argument for taking a systemic racism approach to interpreting South Africa for scholars and students of sociology political science race and ethnic studies law and South African history

Carrots and Sticks Jeremy Sarkin,Jeremy Sarkin-Hughes,2004 This book is about the South African amnesty process Many of the most well known cases are investigated The content of many of the amnesty decisions are investigated to see how the Amnesty Committee applied the amnesty law and whether the decisions were fair and consistent

Elgar's Secret Lover Chris Nicholson,2023-12-08 When old friend Arnold Chater Q C sends retired Norwegian Judge Christofferson a yellowing manuscript with the mysterious initials G B on the first page the latter starts a quest to seek the truth about British composer Sir Edward Elgar s secret muse in his masterpiece the Enigma Variations and whether he fathered an illegitimate child Fascinated with riddles and puzzles the composer was in the habit of leaving a series of codes denoting the inspiration for his timeless compositions But in the Enigma Variations Elgar forsook his usual practice of inserting initials to honour his muse explicitly refusing to name his great love by using a mysterious ellipsis Cheekily he gives a clue about his inspiration in the violin concerto with the words Here is enshrined the soul of Chris Nicholson s seminal musical thriller weaves an amazing tale with enigmas piled on riddles He flagrantly delights in leading readers on a breathless chase of the women who were extraordinarily important in Elgar s life At the same time he also unmasks Elgar as a man who hid himself and his intimate affairs behind a mask of respectability Nicholson is merciless in the details of Elgar s life loves and music deciphering all the clues and delivering the final judgment as only he can Chris Nicholson is a retired judge and author of seven books

And Justice For All Stephen Ellmann,2020-07-15 And Justice For All Arthur Chaskalson and the Struggle for Equality in South Africa is a biography of a remarkable life lived in service both to law and to the struggle for social change and justice The social change it describes is the victory over apartheid which was won on several fronts and through the efforts of people in many nations but an important one of those fronts lay in the courts of South Africa itself Arthur Chaskalson enters the historical record in 1963 when he and a team of talented lawyers represented Nelson Mandela in the historic Rivonia Trial Chaskalson organized legal and non profit organizations and served as the first president of South Africa s Constitutional Court which would eventually lead to the deconstruction of apartheid legislation In exploring his life and career we appreciate more clearly the roles lawyers can play in social change and the achievement of a just social order

and at the same time we gain insight into the combination of upbringing experience and character that shapes a man first into a cause lawyer and then into a path breaking and foundation laying judge Thank you, Judge Mostert! Carmel Rickard,2012-09-27 Anton Mostert was one of South Africa s youngest judges when he was appointed to head a commission of inquiry into exchange control regulations in 1978 His inquiry seemingly innocuous unearthed what was at that time the greatest political scandal in the country s history massive corruption in the department of information In defiance of warnings by Prime Minister PW Botha not to disclose his findings Mostert released all the evidence that had been led before him exposing some of the most powerful men in the country and effectively changing history The title of this book Thank You Judge Mostert is taken from the inscription which appeared overnight on bumper stickers all over South Africa in the weeks following Judge Anton Mostert s revelations of the Information Scandal This overt spontaneous outburst of public appreciation and support requires history to be retold for this is the story of a principled and courageous judge who not only fiercely fought for the independence of the judiciary and the rule of law in South Africa but who also fearlessly confronted the Afrikaner executive at a critical juncture in South Africa s history **The Road to Democracy in South Africa** South African Democracy Education Trust,2024-12-02 In South Africa the decade of 1980 1990 not only saw the mobilisation of the popular masses but also the marked escalation of the armed struggle inside the country initiated and waged by the African National Congress ANC The liberation movement headed by the ANC led Congress Alliance took major strides which finally broke the backbone of white supremacist rule This book examines and analyses the events leading to the settlement of democracy in South Africa during this period Amongst other topics the subject matter of this book also includes a discussion of The apartheid regime ANC underground armed actions and popular resistance Liberation struggle in the 1980s in the Eastern Cape Bophuthatswana and the role of the UDF in the Western Transvaal Trade Unionism Print editions not for sale in Sub Saharan Africa This book is part of Routledge s co published series 30 Years of Democracy in South Africa in collaboration with UNISA Press which reflects on the past years of a democratic South Africa and assesses the future opportunities and challenges Apartheid, 1948-1994 Saul Dubow,2014-05 This fresh interpretation of apartheid South Africa integrates histories of resistance with the analysis of power asking not only why apartheid was defeated but how it came to survive for so long *Landscape of Memory* Sabine Marschall,2009-12-14 Under the aegis of the post apartheid government much emphasis has been placed on the transformation and democratisation of the heritage sector in South Africa since 1994 The emergent new landscape of memory relies heavily on commemorative monuments memorials and statues aimed at reconciliation nation building and the creation of a shared public history But not everyone identifies with these new symbolic markers and their associated interpretation of the past Drawing on a number of theoretical perspectives this book critically investigates the flourishing monument phenomenon in South Africa the political discourses that fuel it its impact on identity formation its potential benefits and most importantly its ambivalences and contradictions **Kronos**

,2005 *Classics in Post-Colonial Worlds* Lorna Hardwick,Carol Gillespie,2007-10-11 Classical material was traditionally used to express colonial authority but it was also appropriated by imperial subjects and put to new uses In this collection of essays international scholars debate the relationship between the culture of Greece and Rome and the changes that have followed the end of colonial empires **South Africa's Truth and Reconciliation Commission** Muhammed Haron,2009 The South African Truth and Reconciliation Commission An Annotated Bibliography is a much needed reference work for those who are studying and pursuing the outcomes of Truth Commissions around the world However it is also a valuable tool for all researchers from diverse disciplines For example those specialising in the fields of sociology political science and literature will find material that appeals and is relevant to their areas of research There is little doubt that students and researchers pursuing courses such as Conflict Resolution Good Governance and International Relations would find this compilation more than beneficial since it covers not only an assortment of themes but it also includes ingenious cartoons by the famous Zapiro and memorable photographs by George Hallet In addition the compiler also inserted a select number of poems that dealt with the issues and themes related to the TRC process Historia ,2004 **Michigan State Journal of International Law** ,2013 The African Book Publishing Record ,2008 *Lethe's Law* Emiliios Christodoulidis,Scott Veitch,2001-05-09 This book offers a series of original essays by an international group of scholars whose work looks comparatively at law s attempts to deal with the past Ranging from questions of criminal responsibility and amnesty to those of law s relation to time memory and the ethics of reconciliation it is a sustained jurisprudential and philosophical analysis of one of the most important and pressing legal concerns of our time Among its key concerns is that justice s demand on law has changed and in the face of a divided and violent past law is being called on to do the kind of work it ordinarily shuns What this means for conventional understandings of law as well as for the relation between law and politics in times of transition is explored through a discussion of experiences from Eastern Europe and Germany to South Africa Israel and Australia The book thus provides a timely investigation of the nature of law and legal institutions in times of political and social change and will appeal to a broad international audience including lawyers political theorists criminologists and philosophers **The Hidden Hand** C. D. Schutte,Ian Liebenberg,Anthony de V. Minnaar,1998 *Believe in Miracles* Gerald Shaw,2007
