Persia And The Gulf Retrospect And Prospect

John F. Standish

Persia And The Gulf Retrospect And Prospect:

Persia and the Gulf John F. Standish, 1998 This volume discusses three aspects of Persia history geography and culture Persia has over a great span of time been subject to many vicissitudes At times it has been the aggressor of neighbouring states at others a defensive role has necessarily been employed Its cultural language has been described as the French of the East leaving its mark on other languages notably Urdu Persia s religion today is almost wholly Shi a which separates it from the majority Sunni world of Islam Its geography is harsh an enormous central desert basin encircled by barren mountains with a redeeming lushness to be found in the Caspian region In this book an attempt is made to draw the three strands together commencing with a historical survey from early times but then moving on in greater detail to the eighteenth and nineteenth centuries and the European intrusions into the realm of the Great Sophy and into the twentieth thus bringing the retrospect close to our own times while affording a prospect of that debatable land *War and Peace in Qajar Persia* Roxane Farmanfarmaian, 2008-01-30 With new and existing evidence being reconsidered this edited collection takes a multidisciplinary approach to discussing the Qajar system within the context of the wars that engulfed it and the periods of peace that ensued It throws new light on the decision making processes the restraints on action and the political exigencies at play during the Qajar years *The End of Pax Britannica in the Persian Gulf, 1968-1971* Brandon Friedman, 2020-11-17 This book examines how the rulers in the Persian Gulf responded to the British announcement of military withdrawal from the Gulf in 1968 ending 150 years of military supremacy in the region The British system in the Gulf was accepted for more than a century not merely because the British were the dominant military power in the region The balance of power mattered but so did the framework within which the British exercised their power The search for a new political framework which began when the British announced withdrawal was not simply a matter of which ruler would amass enough military power to fill the void left by the British it was also a matter of the Gulf rulers chiefly Iran Saudi Arabia and the ruling shaykhs of the lower Gulf coming to a shared understanding of when and how the exercise of power would be viewed as legitimate This book explores what shaped the rulers ideas and actions in the region as the British system came to an end providing a much needed political history of the region in the lead up to the independence of the UAE Bahrain and Qatar in 1971 *Islands and International Politics in the Persian Gulf* Kourosh Ahmadi, 2008-05-03 The position of the Persian Gulf as the main highway between East and West has long given this region special significance both within the Middle East and in global affairs more generally This book examines the history of international relations in the Gulf since the 1820s as great powers such as Britain and the US and regional powers such as Iran and Iraq vied for supremacy over this geopolitically vital region It focuses on the struggle for control over the islands of the Gulf in particular the three islands of Abu Musa Greater Tunb and Lesser Tunb an issue that remains highly contentious today It describes how for 170 years Britain eroded Iranian influence in the Gulf both directly by asserting colonial rule over Iranian islands and port districts and also through claiming

Iranian islands for their prot g s on the Arab littoral It shows how after Britain s withdrawal these islands became a pawn in the animosity and conflict that pitted at one time Arab radicals and nationalists against monarchical Iran and later the conservative moderate Arab camp against Islamic Iran It goes on to explore the impact of the rise of American power in the Gulf since the start of the 1990s its policy of containment of Iran and Iraq and how this has provided encouragement to the ambitions of the Persian Gulf Arab littoral states especially the UAE towards the islands of the Gulf

The Problem of Asia
David B. Sachsman,2017-07-12 The Problem of Asia the celebrated American naval historian and strategist Alfred Thayer Mahan analyzes the geopolitical structure of world politics at the dawn of the twentieth century Mahan wrote his book at a time when the United States was emerging as a world power having recently acquired overseas territories as a result of its victory in the Spanish American War It was a call to America and its leaders to break with the intellectual tradition of Washington s Farewell Address and to recognize that U S security was tied to the balance of power in Asia as well as Europe For Mahan the immediate problem of Asia was the threat of Russian expansion into Central Europe Central Asia East Asia and the Middle East Persian Gulf region Mahan advocated an alliance consisting of Britain Japan Germany and the United States to counter the Russian threat He also discussed the rise of Japan as a world power the potential for China to emerge as a great power later in the twentieth century and the increasing importance of the Middle East Persian Gulf region to the global balance of power The Problem of Asia contains geopolitical insights and analyses that remain relevant today As recent events have reminded us the world of the twenty first century is still composed of nation states and non state actors that vigorously and sometimes brutally pursue their goals and self interests Mahan s approach in The Problem of Asia to the study and analysis of international politics in an anarchic world provides an important conceptual framework for understanding the fundamentals of global politics This edition of Mahan s classic work includes a lengthy introduction by Francis P Sempa that analyzes the book in the context of Mahan s life and other writings

Essays on Iran and Israel: An Indian Perspective
,2014-03-15 This book containing essays on themes relating to India s relations with Iran and Israel deals with issues that have been intensely debated in the country for some time now India s robust ties with both Iran and Israel bitter adversaries for more than three decades have intrigued West Asia watchers The essays herein highlight the parallel nature of India s engagements with the two countries and attempt to understand the critical concept of strategic autonomy that defines India s foreign policy postures on contentious issues The first five essays touch on the central drivers of India s Iran policy and discuss the limits on New Delhi s relations with the Islamic Republic The last three essays dealing with Israel highlight the significance of India s intervention on questions relating to Israel as well as Israel s inspirational connection with India With its unique treatment lucid analysis and unusual organisation this factually informed and policy oriented collection of essays on India Iran and Israel will be an extremely useful resource for scholars students policymakers and diplomats alike It will also interest business community involved with the West Asian region as well as any intelligent layperson looking for facts

and figures on subjects discussed in the book **1998** Massimo Mastrogregori,2013-05-08 Annually published since 1930 the International bibliography of Historical Sciences IBOHS is an international bibliography of the most important historical monographs and periodical articles published throughout the world which deal with history from the earliest to the most recent times The works are arranged systematically according to period region or historical discipline and within this classification alphabetically The bibliography contains a geographical index and indexes of persons and authors **Iran at War** Kaveh Farrokh,2011-12-20 Following on from his award winning book on the history of ancient Persia Kaveh Farrokh goes on to examine Iran s wartime history from the Safavid dynasty of the 16th and 17th century through to the 1979 Revolution and beyond He shows how the early military successes were followed by centuries of defeat as the external influences of nations like Russia and Britain began to shape the internal history of Iran before unraveling the complex violent 20th century military history of the country which encompasses two world wars regional movements foreign intervention anti government revolts conflicts on the Soviet border a revolution and an eight year war with Iraq Illustrated with contemporary illustrations and photographs this book provides an unparalleled investigation into the bloody martial history of Iran

Militarism in a Global Age Dirk Bönker,2012-03-15 At the turn of the twentieth century the United States and Germany emerged as the two most rapidly developing industrial nation states of the Atlantic world The elites and intelligentsias of both countries staked out claims to dominance in the twentieth century In *Militarism in a Global Age* Dirk Bonker explores the far reaching ambitions of naval officers before World War I as they advanced navalism a particular brand of modern militarism that stressed the paramount importance of sea power as a historical determinant Aspiring to make their own countries into self reliant world powers in an age of global empire and commerce officers viewed the causes of the industrial nation global influence elite rule and naval power as inseparable Characterized by both transnational exchanges and national competition the new maritime militarism was technocratic in its impulses its makers cast themselves as members of a professional elite that served the nation with its expert knowledge of maritime and global affairs American and German navalist projects differed less in their principal features than in their eventual trajectories Over time the pursuits of these projects channeled the two naval elites in different directions as they developed contrasting outlooks on their bids for world power and maritime force Combining comparative history with transnational and global history *Militarism in a Global Age* challenges traditional exceptionalist assumptions about militarism and national identity in Germany and the United States in its exploration of empire and geopolitics warfare and military operational imaginations state formation and national governance and expertise and professionalism **New Directions in Uneven and Combined Development** Justin Rosenberg,Jack Brake,Tatiana Pignon,Lucas de Oliveira Paes,2021-11-28 This book introduces Uneven and Combined Development as an approach in international studies and showcases some of the latest and most innovative research in this field The theory of Uneven and Combined Development originated in the writings of Leon Trotsky However in recent years it

has become the subject of flourishing literature in the discipline of International Relations due to its unique ability to reintegrate social and international theory The first and second generations of this literature were focused upon retrieving the idea expanding it into a social theory of the international and applying it to numerous empirical cases such as the rise of political Islam the causes of the First World War and the Bolshevik Revolution and even the origins of capitalism as a world system In the present volume a third generation has arrived which further extends the reach of UCD connecting it in new and exciting ways to such subjects as ecology macro economic policy culture Science and Technology Studies Comparative Literature and even science fiction The chapters in this book were originally published in the journal the Cambridge Review of International Affairs

The book delves into Persia And The Gulf Retrospect And Prospect. Persia And The Gulf Retrospect And Prospect is an essential topic that needs to be grasped by everyone, from students and scholars to the general public.
