Existentialism and Humanism Jean-Paul Sartre,2007 Over the past sixty years the writings of Jean Paul Sartre have probably been more influential in the West than those of any other philosopher and literary figure In his theoretical writings

Sartre laid the foundation for an original doctrine of Existentialism His concern however was to relate his theory to human response and the practical demands of living To achieve this he carried his philosophical concepts into his novels and plays and there subjected them to the test of imagined experience His uniqueness lies in the success with which he demonstrated the utility of Existentialist doctrine while creating at the same time works of the highest literary merit Thus Sartre became the populariser of his own literary thought Originally delivered as a lecture in Paris in 1945 Existentialism and Humanism is Jean Paul Sartre s seminal defence of Existentialism as a doctrine true to Humanism as opposed to a purely nihilistic creed and a plan for its practical application to everyday human life This exploration of one of the central tenets of his philosophical thought has become the essential introduction to his work and a fundamental text for all students of philosophy page 4 of cover

Literature, Philosophy, and the Social Sciences Maurice Natanson,2012-12-06 A collection of one man s essays in book form tends to be viewed today with some suspicion if not hostility by philosophical critics It would seem that the author is guilty of an academic sin of pride causing or helping to cause separately conceived articles to surpass their original station and assume a new life a grander articulation It can hardly be denied that the essays which follow must face this sullen charge for they were composed at different times for different sorts of audiences and for the most part have already been published Their appearance in a new form will not allay commonplace criticisms there are repetitions certain key terms are defined and defined again in various places a few quotations reappear and beyond this the essays are unequal in range depth and fundamental intent But it is what brings these essays together that constitutes I trust their collective merit Underlying the

special arguments that are to be found in each of the chapters is a particular sense of reality not a thesis or a theory but rather a way of seeing the world and of appreciating its texture and design It is that sense of reality that I should like to speak of here Philosophy stands in a paradoxical relationship to mundane existence it is at once its critique and one of its possibilities

In Search of Authenticity Jacob Golomb, 2012-11-12 Great philosophers such as Kierkegaard Nietzsche and Sartre have clearly been preoccupied by the possibility of authenticity In this study Jacob Golomb looks closely at the literature and writings of these philosophers in his analysis of their ethics Golomb's writings shows his passionate

commitment to the quest for the authenticity particularly in our climate of post modern scepticism He argues that existentialism is all the more pertinent and relevant today when set against the general disillusionment which characterises the late twentieth century This book is invaluable reading for those who have been fascinated by figures like Camus s Meursault Sartre s Matthieu and Nietzsche s Zarathustra
