Christian Philosophy Craig G. Bartholomew, Michael W. Stephen Evans,1985-01-01 C Stephen Evans examines the central themes of philosophy of religion including the arguments for God s existence the meaning of revelation and miracles and the problem of religious language Christian Philosophy J. Aaron Simmons,2019 One of the marks of being a philosopher is participating in debates about what counts as philosophy Of particular note in such debates is the question of how to distinguish philosophy from theology Although a variety of answers to this question have been offered in the history of philosophy in recent decades the prominence of Christian philosophy has been heralded by many as a genuine triumph over the problematic narrowness of strong foundationalism positivism and scientism For others however it signals that philosophy continues to risk being replaced by confessional theology Wherever one comes down on such issues and however one interprets recent trends in philosophy of religion the idea of Christian philosophy continues to present pressing questions for those working in meta philosophy epistemology metaphysics hermeneutics and value theory In this volume established scholars representing a variety of cultural traditions religious perspectives and philosophical priorities all wrestle with how the idea of Christian philosophy should be understood appropriated and engaged in light of where philosophy is and where it is likely to go The volume includes classical essays that have deeply marked the field and also new essays that explore the relevance of Christian philosophy to issues in disability studies engaged pedagogy lived phenomenology the academic study of religion and the workings of social power Rather than offer a unified view that seeks to settle things the contributors demonstrate that Christian philosophy remains a topic of lively debate Wherever one comes down on the issues considered here this volume shows that Christian philosophy is neither merely of historical interest nor of interest only to Christians but instead remains a thoroughly philosophical topic worthy of serious consideration and substantive critique With a Foreword by Nicholas Wolterstorff Noah Porter Professor Emeritus of Philosophical Theology at Yale University Senior Research Fellow in the Institute for Advanced Studies in Culture at the University of Virginia and Honorary Professor of Australian Catholic University Philosophies of Christianity Balázs M. Carnell, 2007-11-01 Introducing the Edward Carnell Library Nine Titles Listed Inside A Philosophy of the Christian Religion is not a defense of the Christian faith in the conventional sense The gamut of contending values and the systems of thought preoccupying the contemporary mind are analyzed here with admirable comprehension and lucidity These competing philosophies are severally evaluated by the whole perspective of the Christian system and demonstrated as partial here and now values incapable of satisfying the demands of the whole man Christianity is a coherent religion It never asks the heart to trust values which the reason is obliged to discard as contradictory No value commitment is completely satisfying until the complete man is satisfied from the preface

Introduction to Philosophy Steve Wilkens, Alan G. Padgett, 2018 Introduction to Philosophy Christianity and the Big Questions is a perfect primer for students of philosophy and anyone interested in a Christian perspective on the timeless and universal perplexities of human existence Thomas M Crisp Professor of Philosophy Biola University **The Philosophy of the Christian Religion** Andrew Martin Fairbairn, 1902 Book I Questions in the philosophy of nature and mind which affect belief in the supernatural person book II The person of Christ and the making of the Christian religion The Logic of Intersubjectivity Darren M. Slade, 2020-08-27 To survey harsh criticisms against Brian Douglas McLaren 1956 readers gain the inaccurate impression that he is a heretical relativist who denies objective truth and logic While McLaren's inflammatory and provocative writing style is partly to blame this study also suspects that his critics base much of their analyses on only small portions of his overall corpus The result becomes a caricature of McLaren's actual philosophy of religion What is argued in this book is that McLaren's philosophy of religion suggests a faith based intersubjective relationship with the divine ought to result in an existential appropriation of Christ's religio ethical teachings When subjectively internalized this appropriation will lead to the assimilation of Jesus kingdom priorities thereby transforming the believer's identity into one that actualizes Jesus kingdom ideals The hope of this book is that by tracing McLaren's philosophy of Christian religion future researchers will not only be able to comprehend and perhaps empathize with McLaren's line of reasoning but they will also possess a more nuanced discernment of where they agree and disagree with his overall rationale Principles of Christian Philosophy John Burns, 1832 Christian Philosophy: or, an Attempt to display the evidence and excellence of revealed religion Vicesimus KNOX, 1824 *Four Views on Christianity and Philosophy* Zondervan, 2016-09-13 Philosophy and Christianity make truth claims about many of the same things They both claim to provide answers to the deep questions

of life But how are they related to one another Four Views on Christianity and Philosophy introduces readers to four predominant views on the relationship between philosophy and the Christian faith and their implications for life Each author identifies the propositional relation between philosophy and Christianity along with a section devoted to the implications for living a life devoted to the pursuit of wisdom The contributors and views include Graham Oppy Conflict Philosophy Trumps Christianity K Scott Oliphint Covenant Christianity Trumps Philosophy Timothy McGrew Convergence Philosophy Confirms Christianity Paul Moser Confirmation Philosophy Reconceived Under Christianity General editors Paul M Gould and Richard Davis explain the background to the discussion and provide some historical background in the introduction as well as helpful summaries of each position in the conclusion In the reader friendly Counterpoints format this book helps readers to reflect on the strengths and weaknesses of each view and draw informed conclusions in this much debated topic

Christian Philosophy and the Problem of God Charles Taliaferro, 2023-07-06 Questions are raised about Christian philosophy and God Is Christian philosophy truly philosophical Is it Biblical Is it capable of addressing God a profoundly transcendent being Does appealing to a God's eye point of view make sense Can Christian philosophy respect religious diversity While the integrity of Christian philosophy is defended questions are raised about its relationship to the overall practice of philosophy Christian philosophers value drawing others to Christian faith Are Christian apologetics compatible with philosophy This Element concludes with reflection on when it may be philosophically acceptable to appeal to mystery
