Readiness Skills

Prepare students for decoding and encoding through phonemic awareness and alphabet recognition.

Scope and Sequence

Begin with high-utility vowels and consonants so words can be formed as early as possible.

Blending

Frequently model and apply this primary decoding strategy.

Dictation

Use a weekly dictation or guided spelling exercises to help students use and transfer their phonics skills to written words, sentences, and stories.

Word-Awareness Activities

Use conversations, word-building and word sorts, to develop an awareness of how English words work and solidify learning.

High-Frequency Words

Focus on irregular high-frequency words that can't be taught using standard phonics skills.

Reading Connected Text

Use controlled, decodable text at the start of reading instruction to help students develop a sense of control and comfort in reading.

Plus... You, the Teacher

The success of all these characteristics rests on the shoulders of a highly trained teacher. In addition, a teacher's attitudes and background knowledge or phonics expertise play a crucial role in instructional success.
