Public Libraries As Culture And Social Centers The Origin Of The Concept:

Public Libraries as Culture and Social Centers David W. Davies,1974 *Public Libraries and the Internet* John Carlo Bertot Ph.D.,Charles R. McClure,Paul T. Jaeger,2010-11-11 This book is a timely and detailed exploration of the impact and issues of the Internet in public libraries and their implications for society policy and professional practice **Public Libraries and the Internet Roles Perspectives and Implications** explores the impact of the Internet and the expansion of the networked environment on U S public libraries through more than a dozen essays written by leading scholars and administrators Notwithstanding the far reaching changes wrought by the Internet this is the first attempt to provide a comprehensive exploration of the subject over time and across areas of practice This wide ranging volume edited by the authors of several national studies tracking the use and involvement of public libraries with the Internet since 1994 offers both description and assessment It discusses the ways in which the roles and services of public libraries have changed as a result of the Internet and offers a perspective on the meaning and impact of these changes Perhaps most critically it also suggests possible futures and opportunities as public libraries continue to evolve in this networked environment **Public Libraries, Public Policies, and Political Processes** Paul T. Jaeger,Ursula Gorham,John Carlo Bertot,Lindsay C. Sarin,2014-04-15 Drawing on two decades of original research conducted by the authors as well as existing research about the intersection of public policy political discourse and public libraries this book seeks to understand the origins and implications of the current standing of public libraries in public policy and political discourse It both explains the complex current circumstances and offers strategies for effectively creating a better future for public libraries The main message is that there is a pressing need for public librarians and other supporters of public libraries to be Aware of the political process and its implications for libraries Attuned to the interrelationships between policy and politics andEngaged in the policy process to articulate the need for policies that support public libraries The style is both scholarly and accessible to general readers with the goal of being useful to students educators researchers practitioners and friends of public libraries in library and information science It will also be usefull for those engaged in areas of public policy government economics and political science who are interested in the relationships between public libraries public policy and political processes Building upon the discussion of the key issues the book offers proposals for professional policy making and political strategies that can strengthen the public library and its ability to meet the needs of individuals and communities The discussion and analysis in the book draw upon data and real world examples from the many studies that the authors have conducted on related topics including libraries outreach to increasingly diverse service populations and efforts to meet community needs through innovative partnerships As the intersection of politics policy and libraries has grown in importance and complexity in recent years the need for a book on their interrelationships is long overdue *Henry Hobson Richardson and the Small Public Library in America* Kenneth A. Breisch,1997 An examination of Richardson s small public libraries that places them in the

design cultural political and economic contexts of their times Libraries and the Reading Public in Twentieth-Century America Christine Pawley, Louise S. Robbins, 2013-09-13 For well over one hundred years libraries open to the public have played a crucial part in fostering in Americans the skills and habits of reading and writing by routinely providing access to standard forms of print informational genres such as newspapers pamphlets textbooks and other reference books and literary genres including poetry plays and novels Public libraries continue to have an extraordinary impact in the early twenty first century the American Library Association reports that there are more public library branches than McDonald s restaurants in the United States Much has been written about libraries from professional and managerial points of view but less so from the perspectives of those most intimately involved patrons and librarians Drawing on circulation records patron reviews and other archived materials Libraries and the Reading Public in Twentieth Century America underscores the evolving roles that libraries have played in the lives of American readers Each essay in this collection examines a historical circumstance related to reading in libraries The essays are organized in sections on methods of researching the history of reading in libraries immigrants and localities censorship issues and the role of libraries in providing access to alternative nonmainstream publications The volume shows public libraries as living spaces where individuals and groups with diverse backgrounds needs and desires encountered and used a great variety of texts images and other media throughout the twentieth century

Planning Public Library Buildings Michael Dewe, 2016-04-22 Planning a new or refurbished public library means considering not only facilities for collections services staff and users but examining also the local context reviewing the library image and developing relationships with other community facilities and agencies This book examines the entire gamut of challenges confronting the planning and development of contemporary public libraries their mission their roles and key issues such as lifelong learning social inclusion community and cultural needs regeneration and funding The helpful presentation and readable style guides the librarian through the preliminary information gathering and decision making process that ensures a successful library building for all concerned Using practical case studies plans and photographs the author tackles the critical issues of siting size plans and design concepts and provides a helpful guide to weighing up the alternatives of refurbished converted and new buildings Separate chapters focus on the planning briefing and construction process security safety and sustainability key characteristics of successful buildings identity decor and signage and interior layout and facilities The text draws together a vast resource of real library examples from all over the world which provide best practice models and lessons to learn For funding authorities librarians and architects of public libraries this is a highly informative book that will help to ensure wise decision making and prevent costly mistakes Libraries, Human Rights, and Social Justice Paul T. Jaeger, Natalie Greene Taylor, Ursula Gorham, 2015-06-10 Libraries Human Rights and Social Justice Enabling Access and Promoting Inclusion examines the interrelationships between digital literacy digital inclusion and public policy emphasizing the impacts of these policy decisions on the ability of individuals and communities to successfully

participate in the information society It is the first large scale consideration of digital literacy and digital inclusion as policy problems and provides policy recommendations to promote digital literacy and digital inclusion This book is intended to help librarians better understand and articulate their roles in promoting human rights and social justice as well as to educate policymakers government officials professionals in other fields and researchers in other disciplines about the contributions of libraries to human rights and social justice It explores the intersections of information human rights and social justice from a range of perspectives and addresses the differing roles of library institutions public school academic and special libraries library professionals professional organizations governments and library patrons Discussion focuses on the practical side of human rights and avoids most of the philosophical discussions of the term Similarly this book emphasizes the practical nature of social justice and the social and societal structures that foster equality Related issues of digital literacy and digital inclusion are considered as essential to providing information in human rights and social justice contexts Digital literacy the ability to use the Internet to meet information combines with access to the Internet in order to successfully apply the skills of digital literacy is discussed under the topic of digital inclusion These topics are discussed through legal policy social cultural and economic lenses Issues are examined both in terms of efforts to support equity in communities as a whole and the efforts intended to promote equity in specific disadvantaged or marginalized populations such as the homeless immigrants people with disabilities and the socioeconomically disadvantaged Many examples of the issues discussed are drawn from the original research that the authors have conducted The ideas and suggestions in this book should help members of the library community understand where their roles related to human rights and social justice originate how they fit within the broader policy context how to improve their related services and practices and how to advocate for better support of these roles The authors of this book have been involved in this research for many years and this breadth allows the book to offer comprehensive policy recommendations solutions and best practices for an area that is currently extremely fragmented The writing is at a level to make it useful to undergraduate and postgraduate students researchers and policy makers

The New Downtown Library Shannon Christine Mattern, 2007 The past twenty years have seen a building boom for downtown public libraries From Brooklyn to Seattle architects civic leaders and citizens in major U S cities have worked to reassert the relevance of the central library While the libraries primary functions as public spaces where information is gathered organized preserved and made available for use have not changed over the years the processes by which they accomplish these goals have These new processes and the public debates surrounding them have radically influenced the utility and design of new library buildings In *The New Downtown Library* Shannon Mattern draws on a diverse range of sources to investigate how libraries serve as multiuse public spaces anchors in urban redevelopment civic icons and showcases of renowned architects like Rem Koolhaas Cesar Pelli and Enrique Norton Mattern's clear and careful analysis reveals the complexity of contemporary dialogues in library design highlighting the roles that staff the public and other special interest

groups play Mattern also describes how the libraries manifest changing demographics new ways of organizing collections and delivering media and current philosophies of librarianship By identifying unifying themes as well as examining the differences among various design projects Mattern brings to light the social forces as well as their architectural expressions that form the essence of new libraries and their vital place in public life Featured libraries are located in Brooklyn Cincinnati Cleveland Chicago Denver Los Angeles Minneapolis Nashville New York Phoenix Salt Lake City San Antonio San Francisco Seattle and Toledo Shannon Mattern is assistant professor of media studies and film at The New School

Historical Dictionary of Librarianship Mary Ellen Quinn, 2014-05-08 Although the history of librarianship as an organized profession dates only as far back as the mid nineteenth century the history of libraries is much older and people have been engaged in pursuits that we recognize as librarianship for many thousands of years This book traces librarianship from its origins in ancient times through its development in response to the need to control the flood of information in the modern world to the profound transformations brought about by the new technologies of the late twentieth and early twenty first centuries The Historical Dictionary of Librarianship focuses on librarianship as a modern organized profession emphasizing the period beginning in the mid nineteenth century Author Mary Ellen Quinn relates the history of this profession through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 300 cross referenced entries on important personalities libraries around the world and notable organizations and associations This book is an excellent access point for students researchers and anyone wanting to know more about librarianship

Digital Democracy: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources, 2012-06-30 This book presents a vital compendium of research detailing the latest case studies architectures frameworks methodologies and research on Digital Democracy Provided by publisher

Foundations of Information Policy Paul T. Jaeger, Natalie Greene Taylor, 2019-07-03 Foreword by Alan S Inouye Afterword by Nancy Kranich The first of its kind this important new text provides a much needed introduction to the myriad information policy issues that impact information professionals information institutions and the patrons and communities served by those institutions In this key textbook for LIS students and reference text for practitioners noted scholars Jaeger and Taylor draw from current authoritative sources to familiarize readers with the history of information policy discuss the broader societal issues shaped by policy including access to infrastructure digital literacy and inclusion accessibility and security elucidate the specific laws regulations and policies that impact information including net neutrality filtering privacy openness and much more use case studies from a range of institutions to examine the issues bolstered by discussion questions that encourage readers to delve more deeply explore the intersections of information policy with human rights civil rights and professional ethics and prepare readers to turn their growing understanding of information policy into action through activism advocacy and education This book will help future and current information professionals better understand the impacts of information policy on their activities improving their

ability to serve as effective advocates on behalf of their institutions patrons and communities *Resources in Education*,2000-10 *The Routledge International Handbook of Lifelong Learning* Peter Jarvis,2009-05-07 As lifelong learning grows in popularity few comprehensive pictures of the phenomenon have emerged This volume is designed to demonstrate precisely what is happening around the world and to do so within a systematic framework showing the complexity of the phenomenon **A Community Elite and the Public Library** Pauline Wilson,1977-02-04 *Foundations of Information Literacy* Natalie Greene Taylor,Paul T. Jaeger,2021-11-15 It s not hyperbole to conclude that in today s world information literacy is essential for survival and success and also that if left unchecked the social consequences of widespread misinformation and information illiteracy will only continue to grow more dire Thus its study must be at the core of every education But while many books have been written on information literacy this text is the first to examine information literacy from a cross national cross cultural and cross institutional perspective From this book readers will learn about information literacy in a wide variety of contexts including academic and school libraries public libraries special libraries and archives through research and literature that has previously been siloed in specialized publications come to understand why information literacy is not just an issue of information and technology but also a broader community and societal issue get an historical overview of advertising propaganda disinformation misinformation and illiteracy gain knowledge of both applied strategies for working with individuals and for addressing the issues in community contexts find methods for combating urgent societal ills caused and exacerbated by misinformation and get tools and techniques for advocacy activism and self reflection throughout one s career *Building Library Collections* Arthur Curley,Dorothy M. Broderick,1985 A classic Topics include resource sharing networks the importance of nonbook formats the greater complexity of censorship challenges and the expansion of the library s informational role *Healthy Living at the Library* Noah Lenstra,2020-06-18 This broad ranging resource is for librarians who want to begin a new program or incorporate healthy living into an existing one From garden plots to cooking classes to StoryWalks to free yoga more and more libraries are developing innovative programs and partnerships to encourage healthy living Libraries increasingly provide health and wellness programs for all ages and abilities and *Healthy Living at the Library* is intended for library staff of all types who want to offer programs and services that foster healthy living particularly in the domains of food and physical activity Author Noah Lenstra who has extensive experience directing and advising on healthy living programs first outlines steps librarians should take when starting programs highlighting the critical role of community partnerships The second section of the book offers detailed instructions for running different types of programs for different ages and abilities A third section includes advice on keeping the momentum of a program going and assessing program impacts Lenstra offers tips on how to overcome challenges or roadblocks that may arise An appendix contains resources you can adapt to get these programs off the ground including waivers of liability memoranda of understanding and examples of strategic plans and assessment tools **Digital Literacy**

and Digital Inclusion Kim M. Thompson, Paul T. Jaeger, Natalie Greene Taylor, Mega Subramaniam, John Carlo Bertot, 2014-08-20 Digital Literacy and Digital Inclusion Information Policy and the Public Library examines the interrelationships between digital literacy digital inclusion and public policy emphasizing the impacts of these policy decisions on the ability of individuals and communities to successfully participate in the information society This book is the first detailed consideration of digital literacy and digital inclusion as policy problems and as core issues in information policy and libraries The unique features of this book include drawing together the key themes and findings from the discourse on digital literacy and digital inclusion widely spread among many fields analyzing digital literacy and digital inclusion as policy issues both being driven and regulated by policy building on a wealth of original research conducted by the authors using different quantitative and qualitative data collection approaches on four different continents when analyzing these issues providing unique examples case studies and perspectives using information behavior theory to provide important insights about these issues at individual community and political levels providing recommendations to inform practice in libraries and help libraries to frame their advocacy for public policies that support literacy and inclusion and providing policy recommendations to improve the creation and implementation of policy instruments that promote digital literacy and digital inclusion The authors of this book have been involved in this research for many years and their experience provides a broad view across the literature inherent problems and national perspectives This breadth allows this book to offer comprehensive policy recommendations solutions and best practices for an area that is fragmented in discourse practice and policy Adult Programs in the Library, Second Edition Brett W. Lear, 2013-06-11 Programming is an important means of not only drawing new people to the library but also better serving existing patrons Lear s invaluable guide to adult programs is back and better than ever with refreshed expanded content and new ideas to reinvigorate programs and give them a 21st century spin This edition includes Updated chapters on basics such as funding crafting guidelines topic selection publicity post program evaluations and more A new section on technology with ideas for online book discussions offering programs via Skype and turning programs into podcasts Methods for tailoring programs for specific groups such as men baby boomers and seniors A collection of five star programs from libraries around the country that can be easily adapted Walking the reader through every aspect of adult programming this new edition of a tried and true book is truly a librarian s best friend Contributions in Librarianship and Information Science ,1989

Thank you enormously much for downloading **Public Libraries As Culture And Social Centers The Origin Of The Concept**.
