environment But these are not presented as a silver bullet and Ferguson addresses other approaches to reform including the need to rebuild the Public Sector Act the need to reconsider the interface between political and administrative arms of government and determine what is in the public interest and the need for greater independence for the public service within a clarified role This approach and its implications for public sector reform is contrasted with the straitjacket of path dependency that presently constricts the field *Australian Public Sector Management* David Charles Corbett,1996-01-01
