Hall, 2017-09-16 Sexual attitudes and behaviour have changed radically in Britain between the Victorian era and the twenty first century However Lesley A Hall reveals how slow and halting the processes of change have been and how many continuities have persisted under a facade of modernity Thoroughly revised updated and expanded the second edition of this established text explores a wide range of relevant topics including marriage homosexuality commercial sex media representations censorship sexually transmitted diseases and sex education features an entirely new last chapter which brings the narrative right up to the present day provides fresh insights by bringing together further original research and recent scholarship in the area Lively and authoritative this is an essential volume for anyone studying the history of sexual culture in Britain during a period of rapid social change **Health and the Modern Home** Mark Jackson, 2008-02-07 Health and the Modern Home explores shifting and contentious debates about the impact of the domestic environment on health in the modern period Drawing on recent scholarship contributors expose the socio political context in which the physical and emotional environment of the modern home and family became implicated in the maintenance of health and in the aetiology and pathogenesis of diverse psychological and physical conditions In addition they critically analyze the manner in which the expression and articulation of medical concerns about the domestic environment served to legitimate particular political and ideological positions Exercise in the Female Life-Cycle in Britain, 1930-1970 Eilidh Macrae, 2016-07-09 This book examines how adolescence menstruation and pregnancy were experienced or managed by active women in Britain between 1930 and 1970 and how their athletic life styles interacted with their working lives

marriage and motherhood It explores the gendered barriers which have influenced women's sporting experiences Women's lives have always been shaped by the socially and physically constructed life cycle and this is all the more apparent when we look at female exercise Even self-proclaimed sporty women have had to negotiate obstacles at various stages of their lives to try and maintain their athletic identity So how did women overcome these obstacles to gain access to exercise in a time when the sportswoman was not an image society was wholly comfortable with Oral history testimony and extensive archival research show how the physically and socially constructed female life cycle shaped women's experiences of exercise and sport throughout these decades

**Prepared for the Twentieth-Century? The Life of Emily Bonnycastle Mayne (Aimée) 1872-1958** Michael Armstrong Crouch, 2015-11-25 Aimee Mayne was born into a life of apparent privilege and opportunity However as a woman born in 1872 and living through the first half of the twentieth century these opportunities were severely limited by law culture and tradition This story is of a woman of the British upper middle class whose life was full of colour of living in India of family relationships of travel of the Blitz She kept diaries and wrote an intimate memoir This book explores her emotional conflicts with a revealing analysis that includes revelations about a woman brought up in the late Victorian period encompassing her sex life and the turmoil of an unhappy marriage It is a study of a life that identifies how an upper middle class upbringing that included an attempted tertiary education at a time when this was unheard of for most women induced her into a marriage and life style that was the antithesis of her early aspirations Her life was to engender a sense of grievance that embittered relations with her family While she took advantage of her travels to undertake a successful lecturing career personal fulfilment was only to be found at the end of her life during the London Blitz in World War Two

*The Diary of Elizabeth Lee* Colin Pooley, Siân Pooley, Richard Lawton, 2019-02-15 Personal diaries provide rare glimpses into those aspects of the past that are usually hidden from view Elizabeth Lee grew up on Merseyside in the late nineteenth century She began her diary at the age of 16 in 1884 and it provides an unbroken record of her life up to the age of 25 in 1892 Elizabeth's father was a draper and outfitter with shops in Birkenhead and throughout the period of the diary Elizabeth lived at home with her family in Prenton However she travelled widely on both sides of the Mersey and her diary provides an unusually revealing picture of middle class life that begins to challenge conventional views of the position of young women in Victorian society The book includes a detailed introduction to and analysis of the diary together with a glossary relating to key people in the diary and maps of the localities in which Elizabeth lived her everyday life There have been a number of diaries published relating to ordinary people but most accounts were written retrospectively as life histories by people who eventually gained some degree of fame or prominence in society This very rare first hand account provides a unique insight into adolescent life in Victorian Britain

**Love, Intimacy and Power** Katie Barclay, 2013-07-19 Winner of the 2012 Senior Hume Brown Prize in Scottish History and the 2012 Women's History Network UK Book Prize Through an analysis of the correspondence of over one hundred couples from the Scottish elites across the seventeenth to

nineteenth centuries this book explores how ideas around the nature of emotional intimacy love and friendship within marriage adapted to a modernising economy and society Patriarchy continued to be the central model for marriage across the period and as a result women found spaces to hold power within the family but could not translate it to power beyond the household Comparing the Scottish experience to that across Europe and North America Barclay shows that throughout the eighteenth century far from being a side note in European history Scottish ideas about gender and marriage became culturally dominant Now available in paperback this book will be vital to those studying and teaching Scottish social history and those interested in the history of marriage and gender It will also appeal to feminists interested in the history of patriarchy An important and original study WHN Book Prize 2012 Judges     *Art for Animals* J. *Promoting Walking and Cycling* Pooley, Colin G, 2013-08-21 Promoting walking and cycling proposes solutions to one of the most pressing problems in contemporary British transport planning The need to develop more sustainable urban mobility lies at the heart of energy and environmental policies and has major implications for the planning of cities and for the structure of economy and society However most people feel either unable or unwilling to incorporate travel on foot or by bike into their everyday journeys This book uses innovative quantitative and qualitative research methods to examine in depth and in an international and historical context why so many people fail to travel in ways that are deemed by most to be desirable It proposes evidence based policy solutions that could increase levels of walking and cycling substantially This book is essential reading for planners and policy makers developing and implementing transport policies at both national and local levels plus researchers and students in the field of mobility transport sustainability and urban planning     **Millicent Garrett Fawcett**

**Women's History at the Cutting Edge** Karen Offen, Chen Yan, 2020-06-04 This book considers the promise of women's and gender history for revolutionizing our understanding of the past while also acknowledging the current national political financial and other contextual realities that can and do constrain or promote the possibilities for researching and writing women's history The editors assert that the promise of women's and gender history is a cutting edge field of research a revolutionary development in the politics of historical scholarship essential for understanding the human past Further they argue for the inseparability of women's history and gendered analytical approaches The contributors to the volume address questions including what have been the achievements of women's and gender history over the past two decades To what extent has it succeeded in making women's history an integral part of historical study rather than an optional specialist area What impact has the study of manhood masculinities and men's gendered power had on our understanding of women's lives What is the relationship between gender studies and new critical histories of colonialism and empire contact zones cross cultural encounters and racialization How is new work on cultural geography and spatial categories impacting on our historical understandings of bodily difference This book was originally published as a special issue of the *Women's History Review*

*Mother Is a Verb* Sarah Knott, 2019-04-02 Welcome to a work of history unlike any other Mothering is as old as human existence But how has this most essential experience changed over time and cultures What is the history of maternity the history of pregnancy birth the encounter with an infant Can one capture the historical trail of mothers How In *Mother Is a Verb* the historian Sarah Knott creates a genre all her own in order to craft a new kind of historical interpretation Blending memoir and history and building from anecdote her book brings the past and the present viscerally alive It is at once intimate and expansive lyrical and precise As a history *Mother Is a Verb* draws on the terrain of Britain and North America from the seventeenth century to the close of the twentieth Knott searches among a range of past societies from those of Cree and Ojibwe women to tenant farmers in Appalachia from enslaved people on South Carolina rice plantations to tenement dwellers in New York City and London's East End She pores over diaries letters court records medical manuals items of clothing And she explores and documents her own experiences As a memoir *Mother Is a Verb* becomes a method of asking new questions and probing lost pasts in order to historicize the smallest even the most mundane of human experiences Is there a history to interruption to the sound of an infant's cry to sleeplessness Knott finds answers not through the telling of grand narratives but through the painstaking accumulation of a trellis of anecdotes And all the while we can feel the child on her hip [Pubs and Patriots](#) Robert Duncan, 2013-09-04 This book considers the problem of excessive drinking and the drink crisis which

apparently hindered the British war effort during the First World War      **Deserted Wives and Economic Divorce in 19th-Century England and Wales** Jennifer Aston, Olive Anderson, 2024-11-14 This book considers Section 21 of the Divorce and Matrimonial Causes Act 1857 and its significant impact on previously invisible married women in the 19th century Tens of thousands of women used this little known section of the Act to apply for orders from local magistrates courts to reclaim their rights of testation inheritance property ownership and dependent on local franchise qualifications ability to vote By examining the orders that were made and considering the women who applied for them the book challenges the mistaken belief that Victorian England and Wales were nations of married cohabiting couples The detailed statistical analysis and rich case studies presented here provide a totally new perspective on the legal status and experiences of married women in England and Wales Although many thousands of orders were granted between 1858 and 1900 their details remain unknown and unexamined primarily because census records did not consistently record dissolved marriages and there is no central index of applications made Using sources including court records parliamentary papers newspaper reports census returns probate records and trade directories this book reconstructs the successful and unsuccessful experiences of women applying to magistrates courts and the Court for Divorce and Matrimonial Causes to protect their assets across regions and decades
