**Public Opinion and the Political Future of the Nation's Capital** Edward M. Meyers, 1996-06-01 Despite widespread agreement that the District of Columbia's political system has collapsed there is a serious lack of thoughtful proposals addressing the political future of the nation's capital In this book Edward M Meyers examines the opinions of average Americans about Washington D C in order to understand how many Americans are likely to approach the question of what reforms are needed Meyers first explores the political economic and social conditions of the District providing an informed context for understanding and evaluating its political options Presenting the results of in depth qualitative research with focus groups held across the country Meyers reveals that regardless of the participants knowledge about the District their beliefs in six basic concepts or schemata such as respect for democratic rights attitudes about race and aversion to an intrusive federal government molded their opinions about various options for District self governance The book concludes with insights into the District by local and national political leaders including OMB Director Alice Rivlin Jesse Jackson Representatives Eleanor Holmes Norton Thomas Davis and James Walsh and Marion Barry The Politics of the Black Nation Georgia A. Persons, 2017-07-12 This volume of the National Political Science Review the official publication of the National Political Science Association is anchored by a major symposium on The Politics of the Black Nation the book authored by Matthew Holden in 1973 which is now considered one of the most influential books in the field of black politics Twenty five years provide a sufficient timespan on which to base a retrospective of the book and simultaneously to reflect upon the evolution of the black liberation struggle more formally called African American politics In the present age there is not much talk about a black nation certainly not as was heard during the 1960s and mid 1970s Yet there is a persistent sense of separateness in that there is constant thought and talk of Black America as a significantly separate communal entity Black Americans are seen as a racially and culturally distinct community holding to social political economic interests which have special significance and poignancy for them Holden's perception of the nature of the times in the early seventies stands in sharp contrast to how contemporary analysts of African American politics tend to perceive the nature of African Americans role in political life and their position in American society in the present age In this retrospective readers have the opportunity to get a sense of what Holden argued of the seven essays that make up his seminal volume and to consider how well Holden's observations have stood the tests of time In addition to the essays presented at the symposium which pointedly discuss Holden's work there are essays dealing with African American Politics in Constancy and Change by contributors including Charles Henry David Covin Robert C Smith Clyde Lusane Cheryl Miller D Linell Finley and Sekou Franklin among others Other features are a highly informative discussion of the Literary Digest magazine's Straw Vote Presidential Polls 1916 1936 and a **Home Rule Or House Rule** Michael K. Fauntroy, 2003 This book presents a political analysis of the relationship between Congress and the local government of Washington D C It examines the influence of suburban members

of Congress on District affairs the fiscal crisis of the 1980s and 1990s governmental inefficiency and the Control Board

**Constitutional Courts, Media and Public Opinion** Angioletta Sperti, 2023-11-16 This book explores how constitutional courts have transformed communication and overcome their reluctance to engage in direct dialogue with citizens How has the information revolution affected the relationship of constitutional courts with the public and the media The book looks in detail at the communication strategies of the US Supreme Court the Supreme Court of Canada and in Europe the German Federal Constitutional Tribunal the French Conseil Constitutionnel and the Italian Constitutional Court arguing that when it comes to the relationship between courts and the media different jurisdictions share many similarities It focuses on the consequences of the communication revolution of courts both in terms of their relationship with public opinion and of the legitimacy of judicial review of legislation Some constitutional courts have attracted criticism by engaging in proactive communication and therefore arguably yielding to the temptation of public support The book argues that objections to the developing institutional communications employed by courts come from a preconceived notion of public opinion It considers the burden the communication revolution has placed on constitutional courts to achieve a balance between transparency and

seclusion proximity and distance from public opinion It puts forward important arguments for how this balance can be achieved The book will interest scholars in constitutional law and public comparative law sociologists historians political scientists and scholars of media law and communication studies      Comparative Public Opinion Cameron D. Anderson, Mathieu Turgeon, 2022-07-22 This book presents a comprehensive examination of public opinion in the democratic world Built around chapters that highlight key explanatory frameworks used in understanding public opinion the book presents a coherent study of the subject in a comparative perspective emphasizing and interrogating immigration as a key issue of high concern to most mass publics in the democratic world Key features of the book include Covers several theoretical issues and determinants of opinion such as the effects of personality age and life cycle ideology social class partisanship gender religion ethnicity language and media highlighting over time the effects of political social and economic contexts Each chapter explores the theoretical rationale mechanisms of effect and use in the scholarly literature on public opinion before applying these to the issue of immigration comparatively and in specific places or regions Widely comparative using a nine country sample Australia Canada France Germany Italy Portugal Switzerland the United Kingdom and the United States of America in the analysis of individual level determinants of public opinion about immigration and extending to other countries like Belgium Brazil and Japan when evaluating contextual factors This edited volume will be essential reading for students scholars and practitioners interested in public opinion political behaviour voting behaviour politics of the media immigration political communication and more generally democracy and comparative politics      **Political Science Abstracts** ,1997      **The State Debt and the National Capital** State Debt, 1920      The Future Of Brazil William H.
