**Autobiography: A Very Short Introduction** Laura Marcus, 2018-05-31 Autobiography is one of the most popular of written forms. From Casanova to Benjamin Franklin to the Kardashians, individuals throughout history have recorded their own lives and experiences. These personal writings are central to the work of literary critics, philosophers, historians, and psychologists who have found in autobiographies from across the centuries not only an understanding of the ways in which lives have been lived but the most fundamental accounts of what it means to be a self in the world. In this Very Short Introduction, Laura Marcus defines what we mean by autobiography and considers its relationship with similar literary forms such as memoirs, journals, letters, diaries, and essays. Analysing the core themes in autobiographical writing such as confession, conversion, and testimony, romanticism, and the journeying self, Marcus discusses the autobiographical consciousness and the roles played by time, memory, and identity and considers the relationship between psychoanalysis and autobiography. Exploring the themes of self-portraiture and performance, Marcus also discusses the ways in which fiction and autobiography have shaped each other. ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

**The Autobiography of John Britton** John Britton, 1849 *The Autobiography of Martin Luther King, Jr.* Clayborne Carson, 2001-01-01 Written by Martin Luther King Jr. himself, this astounding autobiography brings to life a remarkable man who changed the world and still inspires the desires, hopes, and dreams of us all. Martin Luther King: the child and student who rebelled against segregation; the dedicated minister who questioned the depths of his faith and the limits of his wisdom; the loving husband and father who sought to balance his family's needs with those of a growing nationwide movement. And to most of us today, the world-famous leader who was fired by a vision of equality for people everywhere. Relevant and insightful, *The Autobiography of Martin Luther King Jr.* offers King's seldom-disclosed views on some of the world's greatest and most controversial figures: John F. Kennedy, Malcolm X, Lyndon B. Johnson, Mahatma Gandhi, and Richard Nixon. It paints a moving portrait of a people, a time, and a nation in the face of powerful change. And it shows how Americans from all walks of life can make a difference if they have the courage to hope for a better future. **Performing Hamlet** Jonathan Croall, 2018-08-23 Hamlet is arguably the most famous play on the planet and the greatest of all Shakespeare's works. **Polyculturalism and Discourse**, 2007-01-01 This volume gathers together research by ten scholars engaging with multicultural discourse in Australia and Germany The term polyculturalism rather than multiculturalism is employed deliberately to re-open a space in which the workings of discourse on culturally diverse societies both as archive or practice and as intervention can be considered in greater depth The inter-cultural perspective and wide range of disciplinary affiliations exhibited by the essays in this volume contribute to this goal whereas the majority of discourse analytical work addresses the diversity of speaking positions as well as the arbitrariness of ascribed meanings within a historical framework delimited by national boundaries and disciplinary boundaries the texts collected here transgress this perspective in working comparatively between Australia and Germany
