Public Policy The Economics Of Entrepr:

Public Policy and the Economics of Entrepreneurship Douglas Holtz-Eakin, Harvey S. Rosen, 2003-12-23 This groundbreaking collection of essays by leading economists examines different aspects of entrepreneurship and its relation to public policy Entrepreneurship has been a subject of much recent discussion among academics and policymakers because of the belief that it invigorates the economy producing greater productivity more jobs and higher economic growth President George W Bush promoted his economic plan by pointing to its encouragement of entrepreneurship Yet despite its importance the topic of entrepreneurship is underrepresented in the economics literature The contributors to Public Policy and the Economics of Entrepreneurship examine different aspects of entrepreneurship and its relation to public policy to help us reach a better understanding of the economic role of entrepreneurs The contributors all prominent economists first consider what policies effectively encourage entrepreneurship discussing a possible role for government in venture capital markets the effect of the tax code s subsidy of health insurance for the self employed and the impact of banking deregulation on entrepreneurial activity Two contributors then examine entrepreneurship in unexpected places not small businesses but large pharmaceutical firms and nonprofit organizations The final essays explore the effect of entrepreneurship on inequality looking at statistical evidence of upward mobility for self employed blacks and Hispanics and discussing the effect on entrepreneurial activity of policies to reduce wealth inequality The contributors hope by offering a rigorous economic examination of entrepreneurship to foster better public policies that encourage and support entrepreneurial activity

Entrepreneurship, Growth, and Public Policy Zoltan J. Acs, David B. Audretsch, Robert J. Strom, 2009-02-02 While the public policy community has turned to entrepreneurship to maintain restore or generate economic prosperity the economics profession has been remarkably taciturn in providing guidance for public policy for understanding the links between entrepreneurship and economic growth as well as for framing and weighing policy issues and decisions The purpose of this volume is to provide a lens through which public policy decisions involving entrepreneurship can be guided and analyzed In particular this volume provides insights from leading research concerning the links between entrepreneurship innovation and economic growth that shed light on implications for public policy The book makes clear both how and why small firms and entrepreneurship have emerged as crucial to economic growth employment and competitiveness as well as the mandate for public policy in the entrepreneurial society *Entrepreneurial Action, Public Policy, and Economic Outcomes* Robert F.

Salvino Jr, Michael T. Tasto, Gregory M. Randolph, 2014-05-30 Providing a clear summary of the institutions and entrepreneurship research this comprehensive and timely book will be of great interest to anyone involved in public policy It also offers a practical application for academic research and a rich biblio **The Economics of Entrepreneurship** Simon C. Parker, 2018-04-03 This second edition of The Economics of Entrepreneurship is an essential resource for scholars following the current state of this fast moving field covering a broad range of topics in unparalleled depth Designed to be

used both as a textbook for specialist degree courses on the economics of entrepreneurship and as a reference text for academic research in the field the book draws on theoretical insights and recent empirical findings to show how economics can contribute to our understanding of entrepreneurship New topics such as crowdfunding entrepreneurship education and microenterprise field experiments appear for the first time while existing treatments of topics like regional entrepreneurship innovation and public policy are considerably deepened Parker also discusses new empirical methods including quasi experimental methods and field experiments Every section indeed every page of the new edition has been updated resulting in a rigorous scientific account of entrepreneurship today The Oxford Handbook of Entrepreneurship Mark Casson,2008 Entrepreneurship is a key factor in economic growth innovation the development of firms businesses Written by leading scholars this book presents a comprehensive review of the research in entrepreneurship **Public Support of Innovation in Entrepreneurial Firms** Albert N. Link,2013-12-27 Based on data collected by the National Research Council of the National Academies of the United States on projects funded through the SBIR program these papers form a comprehensive foundation that will serve as a critical guide to the topic for both *The Routledge Companion to the Makers of Modern Entrepreneurship* David B. Audretsch,Erik E. Lehmann,2016-09-13 Once relegated to the dusty shelves of ancient muses research and scholarship on entrepreneurship has exploded as a field of research with impactful additions from a range of disciplines rendering the field a tricky one to traverse The Routledge Companion to the Makers of Modern Entrepreneurship offers a comprehensive guide to entrepreneurship providing an authoritative exploration of the key people and their ideas This book tells the stories of the scholars who have set the standard and tone for thinking and analysing entrepreneurship Edited by two of the world s leading entrepreneurship scholars this comprehensive volume offers a platform for understanding and future research that is both state of the art and authoritative It expands on how modern entrepreneurship has developed with a focus on the key makers of the field including theories such as social psychology concepts such as neuroeconomics and types such as political entrepreneurship The contributions to the collection are grouped into three sections Emergence of Entrepreneurship Research Theories in Modern Entrepreneurship Concepts and Makers in Modern Entrepreneurship This companion is essential reading for students and academics interested in entrepreneurship entrepreneurial management and business management **Entrepreneurship, Innovation and Regional Development** Jay Mitra,2019-10-08 The fields of entrepreneurship innovation and regional development are inextricably linked with people organisations and the environment or their location forming the main building blocks in an integrated model of value creation This second edition of a key textbook draws on the diversity of approaches in these areas to produce a unified understanding of this important subject and its sub sets The author connects theory and practice using references to academic studies as well as industry sources The importance of technology is highlighted throughout to demonstrate the value of new technology based ventures and the role of technology for innovation in both organisational and spatial contexts The economic and social

contexts of entrepreneurship are covered in dedicated chapters offering an appreciation of multiple perspectives on key themes of growth and development Drawing on insights and concepts from a wide range of disciplines such as business sociology economics geography and management this unique textbook introduces entrepreneurship to students from different backgrounds and varied interests With a range of new case studies and coverage of emerging themes such as smart cities ecosystems female entrepreneurship and social and human capital this book provides an expert exposition of the elaborate empire of entrepreneurship *The Entrepreneur in Youth* Marilyn L. Kourilsky, William B. Walstad, Andrew Thomas, 2007-01-01 This readable and modestly priced text will appeal to academics researching and teaching entrepreneurship policy makers and students studying entrepreneurship at all levels in higher education especially those studying final year specialist electives or at Master's level David W Taylor International Journal of Entrepreneurial Behaviour and Research **The History of Entrepreneurship in Mexico** Araceli Almaraz Alvarado, Oscar Montiel, 2020-06-03 Entrepreneurs develop based on their surroundings It is easy to understand US entrepreneurs with the wealth of information available about their development but how does working in Mexico influence entrepreneurship and emerging entrepreneurs

Entrepreneurial Knowledge, Technology and the Transformation of Regions Charlie Karlsson, Börje Johansson, Roger Stough, 2013-06-26 In recent years policy makers have given much credence to the role of entrepreneurship in the transformation of regions As a result a new set of policy responses have emerged that focus on the support of new venture creation small business growth and idea generation and commercialization While there is a wealth of research about entrepreneurship in general less attention has been given to the development of new tools and programs in support of entrepreneurial activities and to the ways in which the emergence the character and the types of entrepreneurship policies might differ between countries In particular the transatlantic perspective is of special interest because of the pioneering role of the United States in this area and also due to the European Union's focus on economic competitiveness The contributions included in this book explore the emergence of entrepreneurship policies from a transatlantic comparative perspective and address different aspects of entrepreneurship policies including local entrepreneurship policies and the relationship between knowledge based industries and entrepreneurship policies Global Entrepreneurship, Institutions and Incentives Zoltán J. Ács, 2015-12-18 This book presents some of Zoltán J Ács's most important contributions since the turn of the new millennium with a particular intellectual focus on knowledge spillover entrepreneurship It studies the evolution of global entrepreneurship and pays attention to the role of institutions and the incentives they create for economic agents who become either productive or unproductive entrepreneurs For productive entrepreneurs those that create wealth for themselves and for society the author offers a knowledge spillover theory of entrepreneurship as a new way to help understand the entrepreneurial ecosystem For those that create wealth only for themselves the author develops a theory of destructive entrepreneurship that undermines the entrepreneurial ecosystem The book also presents an explanation of the

role of philanthropy in reconstituting wealth to complete the circuits of capital in the theory of capitalist development Finally the author examines several public policy issues including immigration and technology transfer This volume will be required reading for students and scholars of entrepreneurship economics and public policy **Asia-Pacific Contemporary Finance and Development** William A. Barnett, Bruno S. Sergi, 2019-06-19 This volume of The International Symposia in Economic Theory and Econometrics explores and investigates contemporary challenges and issues facing the Asia Pacific economies For researchers and students of economics and finance this volume is a fascinating exploration of emerging topics in one the fastest growing economies in the world **High-growth Women's Entrepreneurship** Amanda Bullough, Diana M.

Hechavarría, Candida G. Brush, Linda F. Edelman, 2019-12-27 Women's entrepreneurship is vital for economic and social development yet female entrepreneurs worldwide are consistently found to have weaker sales and employment growth fewer jobs and lower profitability This book was written to address this reality and focuses on the high growth potential of women entrepreneurs **Institutions, Entrepreneurship, and Economic Performance** David Urbano, Sebastian Aparicio, David B. Audretsch, 2019-04-11 Using institutional economics as a theoretical framework this book analyzes institutional environment conducive to entrepreneurial activity in order to enhance economic performance across countries In particular the main contributions of this book to the entrepreneurship literature are the following Identify past and current research about the institutional context shaping entrepreneurial activity and its effect on economic growth Examine social progress orientation as those institutional factors that are shaping innovative entrepreneurial activity Explore the effect of different types of entrepreneurial activities on economic growth Examine how social progress orientation through opportunity driven entrepreneurship affects economic development Analyze the interrelationships between institutions entrepreneurial activity and economic development across countries Study how the country's institutional context influences the way in which entrepreneurial activity affects social progress Two sides of the same coin might be observed when analyzing policy aspects of those institutions affecting entrepreneurial activity On the one hand effective public policy to promote entrepreneurship is predicated on understanding the underlying forces as well as the consequences and impacts of entrepreneurship On the other hand different endeavors to promote entrepreneurial activity might have deleterious economic effects since they could actually reduce employment in the long term Thus it is crucial to understand the institutional environment in which entrepreneurs are interacting and making decisions The comprehension of these phenomena serves to move forward the theoretical practical and policy debate on entrepreneurship as a mechanism to achieve higher economic performance

Government Incentives for Innovation and Entrepreneurship Mahmoud M. Abdellatif, Binh Tran-Nam, Marina Ranga, Sabina Hodžić, 2022-11-30 This book examines the role of government fiscal and non fiscal incentives in spurring innovation and entrepreneurship in developed and developing economies It explores and examines the role of government programs in different stages of firm growth pre startup startup and scale up By developing a theoretical framework and

reviewing international evidence the book identifies the best combination of government incentives to stimulate innovation and entrepreneurship and provides concrete policy recommendations for decision makers Some of the issues tackled in this book include national innovation policy innovation support programs effectiveness of the support challenges associated with the programs risk sharing and partnerships for innovation This book is of interest to academics students practitioners policymakers governmental and non governmental organizations as well as other stakeholders who wants to be informed about the challenges progress and current trend in stimulating innovation and entrepreneurship *E-Entrepreneurship and ICT Ventures: Strategy, Organization and Technology* Kollmann, Tobias,Kuckertz, Andreas,Stöckmann, Christoph,2010-02-28 Information and communication technologies related to digital networks enable the continued rise of entrepreneurial business opportunities and inventive business models E Entrepreneurship and ICT Ventures Strategy Organization and Technology provides a unique and quintessential overview of the current state of conceptual and empirical research at the interface of e business and entrepreneurship research Contributing an enhanced understanding of the important interface of e business and entrepreneurship this reference publication brings together leading academics and practitioners from around the world offering essential reading material for students educators managers entrepreneurs and political decision makers interested in applying and fostering e business concepts in an entrepreneurial environment *Entrepreneurial Action, Public Policy, and Economic Outcomes* R. F. Salvino Jr.,M T Tasto,G M Randolph,2014 **The Next Generation of Austrian Economics** Per Bylund,David Howden,2015-07-06 The Next Generation of Austrian Economics Essays in Honor Joseph T Salerno is a celebratory volume honoring the work of a respected and beloved teacher It signifies a flourishing career of significant achievement and also the gratitude and well wishes of his students Dr Salerno longtime Professor of Economics at Pace University and Academic Vice President of the Mises Institute is honored in these pages by the very students whose lives and careers he influenced His important work in monetary theory and policy not to mention his great exposition of Austrian school sociology are addressed here by contributors such as Dr Philip Bagus Dr David Howden Dr Per Bylund Dr Mateusz Machaj Dr Matthew McCaffrey Dr Peter Klein and others Salerno stands at the head of what may be termed the 5th generation of Austrian economists having been both a friend and close associate of the late Murray Rothbard not to mention a young attendee at the famed 1974 South Royalton conference But as this volume illustrates Joe is also a great friend mentor and godfather to an emergent new generation of formidable Austrian economists *The Life Cycle of Entrepreneurial Ventures* Simon Parker,2006-12-26 about nascent entrepreneurship distilled from recent research Wagner rst summarises evidence about the incidence of nascent entrepreneurship before surveying the start up activities of nascent entrepreneurs He then goes on to provide a birds eye view of the characteristics of nascent entrepreneurs the factors associated with becoming a nascent entrepreneur and the outcomes of nascent entrepreneurs in terms of whether they start quit or continue preparing for eventual business entry Wagner s chapter provides a wealth of information about nascent

entrepreneurship summarising key findings from a large and growing and diverse literature which looks set to continue growing rapidly in the years ahead In Chapter 3 Shaker Zahra reviews the literature on new venture strategy and its implications for organizational survival financial performance and growth Zahra discusses competitive cooperative and political strategies and highlights the importance of synchronizing these strategies A particular strength of this chapter is its ability to uncover similarities and unifying themes in apparently divergent views In this way the chapter succeeds in resolving some apparent contradictions by putting the different perspectives into a complementary context and identifying areas where convergence appears to be within reach Zahra goes on to highlight the contributions of the different strategic approaches as well as their shortcomings He concludes by identifying several implications for future research
