Public Voice In A Democracy At Risk:

The Public Voice in a Democracy at Risk Michael Salvador, Patricia M. Sias, 1998-01-13 This collection assesses the condition of civic dialogue in our avowedly participatory democracy and suggests specific educational institutional and individual actions to enhance the contemporary public debate of social and political issues An interdisciplinary group of distinguished scholars examines current problems and potential improvements in areas such as citizenship education media literacy critical viewing skills civic journalism the internet and democratic dialogue media coverage of political campaigns the recovery of excluded cultural voices and citizen engagement in media and electoral processes The book is divided into four parts the first summarizes many of the predominant criticisms leveled at what passes for democratic debate in America today Each of the next three parts focuses on specific areas for potential enhancement public education the mass media and citizen awareness The Public Voice in a Democracy at Risk offers important insights for scholars students and citizens interested in fostering participatory democracy

News Literacy, Informed Citizens and Consumer-Driven Media: The Future Landscape of American Journalism Caroline Elizabeth Klibanoff, 2012-05-04 Today Americans face the challenge of information overload through increasingly accessible mediums making it harder to identify valuable information and to move fluently and efficiently through social media news and entertainment platforms And yet because of this profound connectivity user engagement levels are at an all time high Individual consumers have more power than ever to shape the changing digital world and demand high quality information merely by connecting with news sources online It is of utmost importance then that this very consumer class is as informed and educated as possible in regards to the value of accurate verified journalism and high quality reporting in order to demand a better journalistic product and to fulfill the American ideal of an informed engaged citizenry

Reflexive Governance for Global Public Goods Eric Brousseau, Tom Dedeurwaerdere, Bernd Siebenhüner, 2012 Global public goods GPGs the economic term for a broad range of goods and services that benefit everyone including stable climate public health and economic security pose notable governance challenges At the national level public goods are often provided by government but at the global level there is no established state like entity to take charge of their provision The complex nature of many GPGs poses additional problems of coordination knowledge generation and the formation of citizen preferences This book considers traditional public economy theory of public goods provision as oversimplified because it is state centered and fiscally focused It develops a multidisciplinary look at the challenges of understanding and designing appropriate governance regimes for different types of goods in such areas as the environment food security and development assistance The chapter authors all leading scholars in the field explore the misalignment between existing GPG policies and actors incentives and understandings They analyze the complex impact of incentives the involvement of stakeholders in collective decision making and the specific coordination needed for the generation of knowledge The book shows that governance of GPGs must be democratic reflexive emphasizing collective

learning processes and knowledge based in order to be effective **Conversations of Democracy** Stephen E. Frantzich, 2015-12-03 Democratic politics involves a series of multi directional conversations Effective conversations have the potential to engage educate and animate both citizens and governmental officials On the individual level discovering successful conversational strategies benefits both political and social interaction This book offers guidelines for conducting effective conversations personally politically and beyond such that readers of this book are unlikely to ever again look at conversation in the same way New technologies and social trends both challenge and potentially enhance traditional face to face and media dominated conversations Understanding the state quality and potential of political conversations provides a unique perspective for evaluating and potentially improving government by the people Digital Processes and Democratic Theory: Dynamics, Risks and Opportunities that Arise when Democratic Institutions Meet Digital Information and Communication Technologies , **The SAGE Handbook of Risk Communication** Hyunyi Cho, Torsten Reimer, Katherine A. McComas, 2014-10-29 In this comprehensive state of the art overview of risk communication the field s leading experts summarize theory current research and practice in a range of disciplines and describe effective communication approaches for risk situations in diverse contexts such as health environment science technology and crisis Offering practical insights the contributors consider risk communication in all contexts and applications interpersonal organizational and societal offering a wider view of risk communication than other volumes Importantly the handbook emphasizes the communication side of risk communication providing integrative knowledge about the models audiences messages and the media and channels necessary for effective risk communication that enables informed judgments and actions regarding risk Editors Hyunyi Cho Torsten Reimer and Katherine McComas have significantly contributed to the field of risk communication with this important reference work a must have for students scholars and risk and crisis communication professionals **The Future of Journalism: Risks, Threats and Opportunities** Stuart Allan, Cynthia Carter, Stephen Cushion, Lina Dencik, Inaki Garcia-Blanco, Janet Harris, Richard Sambrook, Karin Wahl-Jorgensen, Andy Williams, 2020-04-28 This volume draws together research originally presented at the 2015 Future of Journalism conference at Cardiff University UK The conference theme Risks Threats and Opportunities highlighted five areas of particular concern for discussion and debate The first of these areas Journalism and Social Media explores how journalism and the role of the journalist are being redefined in the digital age of social networking crowd sourcing and big data and how the influence of media like Twitter Facebook YouTube Instagram and Reddit affects the gathering reporting or consumption of news Journalists at Risk assesses the key issues surrounding journalists safety and their right to report as news organizations and their sources are increasingly targeted in war conflict or crisis situations The third area Journalism Under Surveillance asks what freedom of the press means in a post Snowden climate What are the new forms of censorship confronting journalism today and what emergent tactics will help it to speak truth to power Journalism and the Fifth Estate examines the traditional ideals of the fourth estate which risk looking

outdated if not obsolete in the modern world How much can we rely on citizen media to produce alternative forms of news reporting and how can we reform mainstream media institutions to make them more open transparent and accountable to the public The final area Journalism s Values asks how journalism s ethical principles and moral standards are evolving in relation to the democratic cultures of communities locally regionally nationally or internationally What are the implications of changing priorities for the education training and employment of tomorrow s journalists Every chapter in this volume engages with a pressing issue for the future of journalism offering an original thought provoking perspective intended to help facilitate further dialogue and debate The chapters in this book were originally published in special issues of Digital Journalism Journalism Practice and Journalism Studies
