International Book Publishing: An Encyclopedia Philip G. Altbach, Edith S. Hoshino, 2015-05-08 First Published in 1996 This encyclopedia is unique in several ways As the first international reference source on publishing it is a pioneering venture Our aim is to provide comprehensive discussion and analysis of key subjects relating to books and publishing worldwide The sixty four essays included here feature not only factual and statistical information about the topic but also analysis and evaluation of those facts and figures The chapters are significantly more comprehensive than those typically found in an encyclopedia *A Literary History of the American West* Western Literature Association (U.S.), 1987 Literary histories of course do not have a reason for being unless there exists the literature itself This volume perhaps more than others of its kind is an expression of appreciation for the talented and dedicated literary artists who ignored the odds avoided temptations to write for popularity or prestige and chose to write honestly about the American West believing that experiences long known to be of historical importance are also experiences that need and deserve a literature of importance

and manuscripts The Literary Mafia offers striking new discoveries about celebrated figures such as Lionel Trilling and Gordon Lish and neglected fiction by writers including Ivan Gold Ann Birstein and Trudy Gertler In the end we learn how the success of one minority group has lessons for all who would like to see American literature become more equitable
