Publishing In Yugoslavias Successor States:

Publishing in Yugoslavia's Successor States Michael Biggins, Janet Crayne, 2019-07-16 From the Editor's Foreword Without any doubt the 1990s will long be remembered as the decade of Yugoslavia's prolonged disintegration. A virtual blueprint of the conflict is accessible to anyone in a position to track the independent print media that were then emerging in Yugoslavia's various republics. *Publishing in Yugoslavia's Successor States* presents the results of extensive tracking and research in that area. You'll learn how weekly independent news magazines such as *Mladina* in Slovenia, *Danas* in Croatia and later *Vreme* in Serbia courageously documented the centrifugal political forces at work in Yugoslavia at the time. Independent daily newspapers often located in provincial cities away from the centers of political control pursued similar policies adhering to high standards of objective political coverage. The periodical press also weighed in over time with more reflective assessments of the area's evolving political crisis and recommendations for managing it. Finally, as Yugoslavia's old communist paradigm of information management gradually lost control, the market gave rise to numerous tabloid weeklies and dailies that banked on nationalism and fear, serving as handmaidens to media-savvy demagogues and helping to rekindle past rivalries. *Publishing in Yugoslavia's Successor States* will take you on a turbulent tour of this vital industry struggling to survive and thrive in a war-torn land. **American Book Publishing Record**, 2001 *Solanus*, 2007 **Geolinguistics**, 2001 *Library & Information Science Abstracts*, 2005 *Tracking a Diaspora* Anatol Shmelev, 2006 Discover collections unused by other scholars. Russian immigrants are one of the least studied of all the Slavic peoples because of meager collections development. *Tracking a Diaspora* migr's from Russia and Eastern Europe in the Repositories offers librarians and archivists an abundance of fresh information describing previously unrealized and little used archival collections on Russian migr's. Some of these resources have been only recently acquired or opened to the public, providing rich new avenues of research for scholars and historians. This unique source provides access to greater breadth and depth of knowledge of Russian and Eastern European immigrants, their backgrounds and their experiences coming to the United States. *Tracking a Diaspora* is not only a helpful new resource to specialists but also serves as an introduction to archival research for amateur genealogists and scholars. Chapters comprehensively describe a single repository, thorough descriptions of a single collection, or offer thematic overviews such as the theme of German emigration from Russia. The text includes detailed notes, references, figures, and tables and photographs. *Tracking a Diaspora* describes largely unknown collections including a major group of archival collections that reveals more on these immigrants and their assimilation problems: the holdings of the museum libraries and archives of Holy Trinity Orthodox Seminary in upstate New York; the archives of the Synod of the Russian Orthodox Church Outside Russia; the archives and Lembich library at The Tolstoy Foundation Inc., New York; the Archives of the Orthodox Church in America; the manuscript collections at the Historical Society of Pennsylvania; HSP materials on the immigrants who settled in the Midwest; six archival collections acquired by the State Archive of the Russian Federation; the

Andr Savine collection at the University of North Carolina Chapel Hill North Carolina and more Tracking a Diaspora is of great interest to librarians archivists specialists in Russian history and specialists in ethnic and immigration history
