Poet in Spain Federico García Lorca,2020-04-14 For the first time

in a quarter century a major new volume of translations of the beloved poetry of Federico García Lorca presented in a beautiful bilingual edition. The fluid and mesmeric lines of these new translations by the award-winning poet Sarah Arvio bring us closer than ever to the talismanic perfection of the great García Lorca. Poet in Spain invokes the wild, innate local surrealism of the Spanish voice in moonlit poems of love and death set among poplars, rivers, low hills and high sierras. Arvio's ample and rhythmically rich offering includes among other essential works the folkloric yet modernist Gypsy Ballads, the plaintive flamenco Poem of the Cante Jondo and the turbulent and beautiful Dark Love Sonnets addressed to Lorca's homosexual lover which Lorca was revising at the time of his brutal political murder by Fascist forces in the early days of the Spanish Civil War. Here too are several lyrics translated into English for the first time and the play Blood Wedding, also a great tragic poem. Arvio has created a fresh voice for Lorca in English, full of urgency, pathos and lyricism, showing the poet's work has grown only more beautiful with the passage of time.

Palaces and Power in the Americas Jessica Joyce

Christie, Patricia Joan Sarro, 2010-01-01 Ancient American palaces still captivate those who stand before them. Even in their fallen and ruined condition, the palaces project such power that, according to the editors of this new collection, it must have been deliberately drawn into their formal designs, spatial layouts and choice of locations. Such messages separated palaces from other elite architecture and reinforced the power and privilege of those residing in them. Indeed, as Christie and Sarro write, the relation between political power and architecture is a pervasive and intriguing theme in the Americas. Given the variety of cultures, time periods and geographical locations examined within the editors of this book, they have grouped the articles into four sections. The first looks at palaces in cultures where they have not previously been identified, including the Huaca of Moche, Site the Wari of Peru and Chaco Canyon in the U.S. Southwest. The second section discusses palaces as stage sets that express power, such as those found among the Maya, among the Coast Salish of the Pacific Northwest and at El Tajín on the Mexican Gulf Coast. The third part of the volume presents cases in which differences in elite residences imply differences in social status, with examples from Pasado de la Amada, the Valley of Oaxaca, Teotihuacan and the Aztecs. The final section compares architectural strategies between cultures; the models here are Farfán, Peru, under both the Chimú and the Inka, and the separate states of the Maya and the Inka. Such scope and the quality of the scholarship make *Palaces and Power in the Americas* a must-have work on the subject.

Historia de los personajes más destacados que habitan un pueblo del norte de España. Los amores, desafectos e indiferencias van cambiando el equilibrio de la narración de forma dramática y entretenida. Carlos Manuel Magariños Ascone presenta su primera novela basada en la descripción de vidas enlazadas por los celos, las envidias, las separaciones y los desgarramientos sentimentales. Uno de los protagonistas más importantes, Cayetano Fuentes, el más mayor del pueblo, mantiene un papel aglutinador en la mayoría de las historias personales de la novela. A pesar de su larga experiencia y aparente transparencia, oculta un hecho trágico en su juventud que lo induce a ser adusto pero afable. Corteja a Augusta Varela, atractiva y deslumbrante, al mismo tiempo que Bruno Garrido, quien por un accidente inexplicable sufre un cambio desconcertante con gustos estrafalarios y una excesiva atracción por lo heleno, que lo induce a escribir una obra teatral. Augusta Varela, con el correr y de los años, se convierte en una persona cida y bronca que abruma a jóvenes, partícipes e inexpertos. Alcides y Delia son los protagonistas que más influyen en la narración. Enamorados en un principio, las vicisitudes de la vida hacen que surjan discrepancias para terminar en una separación que los deja con el sabor amargo del fracaso. Sin embargo, mantienen su unión en aras de preservar la educación de su hija. Silverio Ortuño es un protagonista esencial. Inexperto y acoquinado de joven, se autoimpone una personalidad diferente para lograr sus objetivos en busca de amor, transformación arrolladora que acusa un legado de optimismo y seguridad incomprensible al resto de los pobladores. Sonia Martínez de los Montes, el personaje femenino relevante, violinista, enamora y con vaivenes sentimentales es la amante del director de orquesta. Joaquín Bermúdez, esposo de Francisca, dueña y se orona del colmado más importante del poblado, quien únicamente piensa en ganar dinero. La obra en su descripción de imaginación, seductora, complace al leerla por su narrativa amena y ritmo gil.
