Pulp Heroes Of The Thirties:

James Van Hise Presents Pulp Heroes of the Thirties James Van Hise, 1994 **America in the Thirties** Marnie M. Sullivan, John Olszowka, Brian R. Sheridan, Dennis Hickey, 2014-09-23 In this new addition to the America in the Twentieth Century series Sullivan and others present a detailed look into life in America during the 1930s Beginning with the events leading up to The Great Depression America in the Thirties presents the themes and events that shaped America during this decade President Roosevelt's New Deal the Dust Bowl and life during the Great Depression domestic life and America's foreign policy are some of the many issues covered in this highly readable concise manuscript Throughout the text the authors also provide commentary on the role of various societal groups such as women immigrants African Americans Asian Americans Native Americans and Latino Americans The America in the Twentieth Century series presents the major economic political social and cultural milestones of the decades of the twentieth century Each decade is treated in individual books thus far books focusing on 1920s 1940s 1950s 1960s and 1970s have been published This latest addition to the series focusing on the tumultuous 1930s will provide logical links to the previously published books in the series **Storytelling in the Pulps, Comics, and Radio** Tim DeForest, 2004-06-03 The first half of the twentieth century was a golden age of American storytelling Mailboxes burgeoned with pulp magazines conveying an endless variety of fiction Comic strips with their ongoing dramatic storylines were a staple of the papers eagerly followed by millions of readers Families gathered around the radio anxious to hear the exploits of their favorite heroes and villains Before the emergence of television as a dominant and stifling cultural force storytelling blossomed in America as audiences and artists alike embraced new mediums of expression This examination of storytelling in America during the first half of the twentieth century covers comics radio and pulp magazines Each was bolstered by new or improved technologies and used unique attributes to tell dramatic stories Sections of the book cover each medium One appendix gives a timeline for developments relative to the subject and another highlights particular episodes and story arcs that typify radio drama Illustrations and a bibliography are included **Pulp Magazine Thrillers** James Van Hise, 1998 The Time Machines Mike Ashley, 2000-12-01 Originally conceived as a trilogy this is the first of five volumes that chart the history of the science fiction magazine from the earliest days to the present This first volume looks at the exuberant years of the pulp magazines It traces the growth and development of the science fiction magazines from when Hugo Gernsback launched the very first Amazing Stories in 1926 through to the birth of the atomic age and the death of the pulps in the early 1950s These were the days of the youth of science fiction when it was brash raw and exciting the days of the first great space operas by Edward Elmer Smith and Edmond Hamilton through the cosmic thought variants by Murray Leinster Jack Williamson and others to the early 1940s when John W Campbell at Astounding did his best to nurture the infant genre into adulthood Under him such major names as Robert A Heinlein Isaac Asimov A E van Vogt and Theodore Sturgeon emerged who along with other such new talents as Ray Bradbury and Arthur C Clarke helped create

modern science fiction For over forty years magazines were at the heart of science fiction and this book considers how the magazines and their publishers editors and authors influenced the growth and perception of this fascinating genre **Ages of Heroes, Eras of Men** Julian C. Chambliss, 2014-11-10 Ages of Heroes Eras of Men explores the changing depiction of superheroes from the comic books of the 1930s to the cinematic present In this anthology scholars from a variety of disciplines including history cultural studies Latin American studies film studies and English examine the superheroes cultural history in North America with attention to particular stories and to the historical contexts in which those narratives appeared Enduring comic book characters from DC and Marvel Comics including Superman Iron Man Batman Wonder Woman and the Avengers are examined along with lesser known Canadian Latino and African American superheroes With a sweep of characters ranging from the Pulp Era to recent cinematic adaptations and employing a variety of analytical frameworks this collection offers new insights for scholars students and fans of the superhero genre Weird Heroes #1, A New American Pulp! Byron Preiss, 2014-11-18 Weird Heroes is a collective effort to do something new to approach three popular heroic fantasy forms science fiction the pulps and the comics from different and exciting directions Each story in this book is experimental There are revitalizations of classic fantasy themes such as time travel and jungle adventure There is innovative use of some of the most dynamic graphic story talent in the world from Philippino illustrator Alex Nino to American cartoonist Ralph Reese There is a strong and conscious effort to encourage storytelling which does not rely on violence as a primary source of drama Weird Heroes is a collective effort to give back to heroic fiction its thrilling sense of adventure and entertainment the heartbeat of the old pulps The pulps used heroes to bring fiction to a grand level of excitement a level which incorporated the reader into the experience Weird Heroes refreshes that concept of fiction as an adventure in itself without relating to the new wave of violence and pornography in the production of exciting stories Weird Heroes is a collection of memorable firsts It represents the first major publication of prose stories by both science fiction and graphic story writers Within volumes 1 and 2 you will find the first published appearances of famous pulp biographer Philip Jose Farmer s epic pulp character Greatheart Silver You ll be witness to the first major book publication of an interview with award winning science fiction and fantasy writer Fritz Leiber You ll experience the insanity of Superman author Elliot S Maggin s Gonzo Storytelling and discover the new hero by a literary descendant to Dashiell Hammett on Secret Agent X 9 Archie Goodwin Weird Heroes contains the first American book illustration work by award winning Spanish artist Esteban Maroto Jim Steranko and Neal Adams two titans of the modern graphic story field appear for the first time under the same cover in Volume 2 Tom Sutton an unsung hero of the comics with a comedic style that blends Kurtzman Elder and Eisner also makes his book debut with five plates for Showdown at Shootout **The History of the Science-fiction Magazine** Michael Ashley, Mike Ashley, 2000-01-01 This is the first of three volumes that chart the history of the science fiction magazine from the earliest days to the present This first volume looks at the exuberant years of the pulp magazines It traces

the growth and development of the science fiction magazines from when Hugo Gernsback launched the very first Amazing Stories in 1926 through to the birth of the atomic age and the death of the pulps in the early 1950s These were the days of the youth of science fiction when it was brash raw and exciting the days of the first great space operas by Edward Elmer Smith and Edmond Hamilton through the cosmic thought variants by Murray Leinster Jack Williamson and others to the early 1940s when John W Campbell at Astounding did his best to nurture the infant genre into adulthood Under him such major names as Robert A Heinlein Isaac Asimov A E van Vogt and Theodore Sturgeon emerged who along with other such new talents as Ray Bradbury and Arthur C Clarke helped create modern science fiction For over forty years magazines were at the heart of science fiction and this book considers how the magazines and their publishers editors and authors influenced the growth and perception of this fascinating genre

Corpse Crusaders Chera Kee,2024-07-08 In the popular imagination zombies are scary decomposing corpses hunting down the living But since the 1930s there have also been other zombies shambling across the panels of comic books zombies that aren't quite what most people think zombies should be There have been zombie slaves zombie henchmen talking zombies beautiful zombies and even zombie heroes Using archival research into Golden Age comics and extended analyses of comics from the 1940s to today Corpse Crusaders explores the profound influence early action adventure and superheroic generic conventions had on shaping comic book zombies It takes the reader from the 1940s superhero the Purple Zombie through 1950s revenge from the grave zombies to the 1970s anti hero Simon Garth The Zombie and the gruesome heroes turned zombies of Marvel Zombies In becoming immersed in superheroic logics early on the zombie in comics became a figure that unlike the traditional narrative uses of other monsters actually served to defend the status quo This continuing trend not only provides insight into the overwhelming influence superheroes have had on the comic book medium but it also provides a unique opportunity to explore the ways in which zombiism and superheroism parallel each other Corpse Crusaders explores the ways that truth justice and the American way have influenced the undead in comics and turned what is often a rebellious figure into one that works to save the day

The Magic Labyrinth of Philip José Farmer Edgar L. Chapman,1984-01-01 Dr Chapman provides the first comprehensive examination of Farmer's major themes and fiction from his earliest writings to his bestseller The Gods of Riverworld

Mystery Fanfare Michael L. Cook,1983 This work is a composite index of the complete runs of all mystery and detective fan magazines that have been published through 1981 Added to it are indexes of many magazines of related nature This includes magazines that are primarily oriented to boys book collecting the paperbacks and the pulp magazine hero characters since these all have a place in the mystery and detective genre

Tales of Masks & Mayhem Tom Johnson,Michael A. Black,Lance Curry,Debra DeLorme,Therese Drippe,Maxentius Scarlatti,John L. French,2005 Serial Vigilantes of Paperback Fiction Bradley Mengel,2009-10-21 Rough justice has often been served in the pages of serial novels notably beginning with Don Pendleton's The Executioner in 1969 This is the first overview of the serial vigilante genre which

featured such hard boiled protagonists as Nick Carter Mark Stone Jake Brand and Able Team among the 130 series that followed Pendleton's novel Serial vigilantes repeatedly take the law into their own hands establishing and imposing their own moral standards usually by force The book examines the connections between the serial vigilante and the pulp hero that preceded him and how the serial vigilante has influenced a variety of tough guys private eyes spies and cops in different media A complete bibliography for each series is featured **The Great Pulp Heroes** Don Hutchison,1998 The Shadow Doc Savage the Spider G 8 Captain Future Zorro Tarzan an affectionate look back at the heroes of the pulp era *The Power of Comics* Randy Duncan,Matthew J. Smith,2009-07-01 A comprehensive introduction to the comic arts From the introduction by Paul Levitz If ever there was a medium characterized by its unexamined self expression it's comics For decades after the medium's birth it was free of organized critical analysis its creators generally disinclined to self analysis or formal documentation The average reader didn't know who created the comics how or why and except for a uniquely destructive period during America's witch hunting of the 1950s didn't seem to care As the medium has matured however and the creativity of comics began to touch the mainstream of popular culture in many ways curiosity followed leading to journalism and eventually scholarship and so here we are The Power of Comics is the first introductory textbook for comic art studies courses Lending a broader understanding of the medium and its communication potential it provides students with a coherent and comprehensive explanation of comic books and graphic novels including coverage of their history and their communication techniques research into their meanings and effects and an overview of industry practices and fan culture Co authors Randy Duncan and Matthew J Smith draw on their own years of experience teaching comics studies courses and the scholarly literature across several disciplines to create a text with the following features Discussion questions for each chapter Activities to engage readers Recommended reading suggestions Over 150 illustrations Bibliography Glossary The Power of Comics deals exclusively with comic books and graphic novels One reason for this focus is that no one text can hope to do justice to both strips and books there is simply too much to cover Preference is given to comic books because in their longer form the graphic novel they have the greatest potential for depth and complexity of expression As comic strips shrink in size and become more inane in content comic books are becoming a serious art form *Futures Past* ,1992 British Children's Literature and the First World War David Budgen,2018-05-17 Perceptions of the Great War have changed significantly since its outbreak and children's authors have continually attempted to engage with those changes explaining and interpreting the events of 1914-18 for young readers British Children's Literature and the First World War examines the role novels textbooks and story papers have played in shaping and reflecting understandings of the conflict throughout the 20th century David Budgen focuses on representations of the conflict since its onset in 1914 ending with the centenary commemorations of 2014 From the works of Percy F Westerman and Angela Brazil to more recent tales by Michael Morpurgo and Pat Mills Budgen traces developments of understanding and raises important questions about the presentation of history

to the young He considers such issues as the motivations of children's authors and whether modern children's books about the past are necessarily more accurate than those written by their forebears Why for example do modern writers tend to ignore the global aspects of the First World War Did detailed narratives of battles written during the war really convey the truth of the conflict Most importantly he considers whether works aimed at children can ever achieve anything more than a partial and skewed response to such complex and tumultuous events

Pulp Magazine Holdings Directory Jess Nevins, 2024-10-14 Increasing literacy rates and advanced printing technology gave rise to the pulp magazine in the late 19th century Affordable disposable and commercially in demand the fiction magazines remained popular through the mid 20th century and are now frequently cited by researchers as culturally and historically significant documents This work is a comprehensive index of American pulp magazines Entries are organized alphabetically by magazine title and offer bibliographic data including author volume issue numbers dates of publication publisher and a brief categorization Each entry also includes a helpful list of current library holdings if any among American Canadian and European libraries

Weird Heroes Byron Preiss, 1975 Two famous science fiction authors three acclaimed graphic story writers one exciting new talent and five of the most fantastic fantasy artists have combined their skills to bring you five of the most incredible new heroes in the universe

Pulp Classics Robert Kenneth Jones, 2007-11-01 A study of the classic pulp magazine Adventure Starmont Pulp and Dime Novel Studies 4
