

# 5 KEY ELEMENTS OF A CHURCH WELCOME SPEECH

## 1. A Simple Intro

Start with a warm greeting. Introduce yourself and the church. This can be as simple as *"Good morning and welcome to Grace Church. I'm Abi and it's great to see you all!"*

## 2. Set Expectations

Tell everyone what's going to happen. There's no need to break down the whole service, a quick overview is enough. This is a good time to mention your sermon series or if you have a special guest speaker.

## 3. Give Helpful Info

Give people the information they need to relax and feel comfortable. Gently remind people to put mobile phones on silent and point out where the bathrooms are.

## 4. Welcome Visitors

Take a moment to welcome first-time guests. Tell them you're glad they're here. Ask them to fill out a connect card and pop it in the offering basket as it passes.

## 5. Say What's Next

Now you've officially opened, it's time to pray together and smoothly transition into the next part of the service.

## **Pulpit Speech:**

**Pulpit Speech** Jay E. Adams, 1973      *The Prophetic Pulpit* Paul A. Djupe, Christopher P. Gilbert, 2003 In this groundbreaking work Paul A Djupe and Christopher Gilbert analyze national data from a survey of over 2 400 Episcopal and Evangelical Lutheran Church of America clergy looking deeper into their motivations for political action Using these data the authors argue that clergy roles in politics and civic life result from the intersection of their personal beliefs and interests the specific needs of their congregation and community and ongoing influences from their denomination      Dancing with Metaphors in the Pulpit Rodney Wallace Kennedy, 2024-07-30 Dancing with Metaphors in the Pulpit is a prequel to the writing and delivery of the sermon The work of invention which includes the gathering of material is the primary focus of the book The hard work of preaching takes place in the thinking reading and writing The cross disciplinary study provided here covers lessons learned by preachers and by novelists poets philosophers and rhetoricians      **Art of Speech** Luther Tracy Townsend, 1885      **The Art of Speech: Studies in poetry and prose** Luther Tracy Townsend, 1881      *Homiletic Review*, 1894      **The Preacher; His Person, Message, and Method** Arthur Stephen Hoyt, 1909      **Speaking** William Mair, 1908      *The Homiletic Review*, 1890      **After-dinner speeches** Thomas Brackett Reed, 1900      Handbook of Contemporary Preaching Dr. Michael Duduit, 1993-03-01 Contributors included Calvin Miller Joel Gregory Stuart Briscoe James Cox Elizabeth Achtemeier Thomas Long James Earl Massey and many more      **Practicing Democracy** Margaret Lavinia Anderson, 2021-04-13 What happens when manhood suffrage a radically egalitarian institution gets introduced into a deeply hierarchical society In her sweeping history of Imperial Germany s electoral culture Anderson shows how the sudden opportunity to practice democracy in 1867 opened up a free space in the land of Kaisers generals and Junkers Originally designed to make voters susceptible to manipulation by the authorities the suffrage s unintended consequence was to enmesh its participants in ever more democratic procedures and practices The result was the growth of an increasingly democratic culture in the decades before 1914 Explicit comparisons with Britain France and America give us a vivid picture of the coercive pressures from employers clergy and communities that German voters faced but also of the legalistic culture that shielded them from the fraud bribery and violence so characteristic of other early franchise regimes We emerge with a new sense that Germans were in no way less modern in the practice of democratic politics Anderson in fact argues convincingly against the widely accepted notion that it was pre war Germany s lack of democratic values and experience that ultimately led to Weimar s failure and the Third Reich Practicing Democracy is a surprising reinterpretation of nineteenth and early twentieth century Germany and will engage historians concerned with the question of Germany s special path to modernity sociologists interested in obedience popular mobilization and civil society political scientists debating the relative role of institutions versus culture in the transition to democracy By showing how political activity shaped and was shaped by the experiences of ordinary men and women it conveys the excitement of democratic politics      **Resistance and the**

**Sermon in American Literature** Matthew Smalley, 2024-05-30 With seemingly obsessive regularity American authors from the mid nineteenth century to the present evoke the sermon at culturally loaded moments in their works deploying the form to underscore the cultural work they imagine their novels or poetry to perform Examining this longstanding tradition of literary preaching this book draws on literary applications of design theory to provide a nuanced account of American literature's complex anxious and persistent engagement with the Protestant sermon Analyzing literary preaching as a transhistorical form that simultaneously attracts and repels authors Smalley demonstrates how major US writers Ralph Waldo Emerson Walt Whitman Nathaniel Hawthorne Rebecca Harding Davis William Faulkner Zora Neale Hurston and Toni Morrison have subverted the sermon's predominantly religious content in order to reimagine profound moments of reform in a political cultural and aesthetic mode This study elucidates new lines of literary kinship offers fresh readings of familiar works and establishes literary preaching as an undertheorized but significant tradition in American literature

**Preaching and Music** Catherine E. Williams, 2025-03-31 In the current conversation around what makes preaching compelling Williams' voice is distinct compelling sermons allow music to do its share of the preaching as only music can Whether through musically book ending the sermon drawing on popular music for illustrations or turning a hymn into a series of mini sermons this volume explores several accessible ways to enrich sermon preparation and delivery by partnering sermon and song Williams is a worthy guide with degrees in both church music and homiletics and with sensitivity drawn from her pastoral background With insightful clarity and practiced wisdom she engages both preachers and musicians in each chapter This book is a rich resource for the homiletician's syllabus the preacher's bookshelf and the music minister's library

**Public Opinion**, 1894 *Speechwriting in the Institutionalized Presidency* Kenneth Collier, 2018-04-18 This book traces the evolution of the speechwriting process for presidents in the White House from the administration of Franklin Roosevelt to the present While institutionalization of the speechwriting process has often been blamed for bland presidential rhetoric this book draws out the many varied consequences of institutionalization on the speechwriting process Ultimately it concludes that the institutionalization of the process has actually served the presidency well by helping presidents avoid the adverse effects of poorly chosen words

**The Spoken Word in Life and Art** Estelle Headley Davis, Edward William Mammen, 1927

**God's Word and Our Words** W. Hulitt Gloer, Shawn E. Boyd, 2019-09-18 Written by nationally and internationally known homileticians and preachers this book offers a fascinating survey of the significant developments in preaching beginning with the Old

Testament moving through the history of preaching and concluding with a look into the future all while offering practical suggestions for meeting the challenges that lie ahead In a unique way it addresses both the academic issues raised during each period and the practical implications for preaching today and in the future     Crozer Theological Seminary, Upland, Pa.
