The Pulse Reuben Amber,A.M. Babey-Brooke,1986 *The Pulse in Occident and the Orient* Reuben Amber,A. M. Babey-Brooke,1986-10 The Pulse in Occident and Orient R. B. Amber,A. M. Babey-Brooke,1966 China Puls **Muslim Medical Ethics** Jonathan E. Brockopp,Thomas Eich,2021-02-09 A timely exploration of balancing Islamic heritage with contemporary medical and health concerns Muslim Medical Ethics draws on the work of historians health care professionals theologians and social scientists to produce an interdisciplinary view of medical ethics in Muslim societies and of the impact of caring for Muslim patients in non Muslim societies Edited by Jonathan E Brockopp and Thomas Eich the volume challenges traditional presumptions of theory and practice to demonstrate the ways in which Muslims balance respect for their heritage with the health issues of a modern world Like members of many other faiths Muslims are deeply engaged by the technological challenges posed by modern biomedicine and they respond to those challenges with enormous creativity whether as patients doctors or religious scholars Muslim Medical Ethics demonstrates that religiously based cultural norms often inform medical practice and vice versa in an ongoing discourse The contributors map the breadth and boundaries of this discourse through discussions of contested issues on the cutting edge of ethical debates from fertilized embryos in Saudi Arabia to patient autonomy in Toronto from organ trafficking in Egypt to sterilization in Tanzania As the authors illustrate the effects of Muslim medical ethics have ramifications beyond the Muslim world With growing populations of Muslims in North America and Europe Western physicians and health care workers should be educated on the special needs of this category of patients In every essay the richness of the Islamic tradition is visible In the premodern period Muslim physicians were considered among the best in the world building and improving on Greek and Indian traditions Muslim physicians today continue that tradition while incorporating scientific advances Scholars of Islamic law work closely with physicians to develop ethical guidelines for national and international bodies and individual Muslims take full advantage of advances in medicine and religious law combining them with the wisdom of Sufism and traditions of family and community This exploration of Muslim medical ethics is therefore a foray into the richness and sophistication of the Islamic tradition itself Designed as an engaging point of entrance for students in religious studies anthropology ethics and medical humanities this pathbreaking volume also has utility for health care professionals and policy makers *Pulse Diagnosis E-Book* Sean Walsh,Emma King,2007-12-17 This exciting new book Pulse Diagnosis A Clinical Guide describes a reliable method of pulse assessment The authors style and approach to pulse diagnosis provides a unique insight into this often ambiguous system of diagnosis drawing upon the traditions of Chinese medicine the knowledge of biomedical constructs and the relationship of each to contemporary TCM clinical practice Subjects covered include exploration of the concept of pulse and establishment of it within the context of health current limitations of current pulse literature in relation to clinical practice pulse diagnosis within contemporary TCM clinical practice and pulse taking procedures Contains unique sections on reliability and validity of

pulse diagnosis Combines both western perspective as well as Chinese medicine Written in an easy to read style Attractively designed Contains unique sections on reliability and validity of pulse diagnosis Combines both western perspective as well as Chinese medicine *The Essential Guide to Energy Healing* Ben Andron, Dr. Michael Andron, 2012-08-07 In our complex times innumerable people are stricken with disease discomfort and pain some from identifiable sources and others rooted deeply in psychological trauma More and more people are turning to natural holistic therapies to supplement or replace traditional medicine ease pain and heal the source of their suffering The Essential Guide to Energy Healing illuminates the various uses of body and earth energy to mitigate disease and suffering and helps readers judge for themselves which methods will be most effective for their ailments or those of others they wish to heal Practical steps show how to put these energies to use Topics covered include What energy medicine is and how it works Magnet therapy Light therapy Cymatic sound therapy Psychic healing Therapeutic touch Healing touch Esoteric healing Qi Gong healing Reiki Pranic healing Crystal healing Distant healing *Current Catalog* National Library of Medicine (U.S.), 1979 First multi year cumulation covers six years 1965 70 **Tao and Dharma** Robert Svoboda, Arnie Lade, 1995-07-31 Tao and Dharma Chinese Medicine and Ayurveda explores the enduring features of humanity's longest and continually practiced systems of medicine These two indigenous healing arts arising independently in China and India communed and exchanged experience techniques and therapeutic substances over the epochs of their development This book's interesting and valuable comparison provides a pioneer effort in examining side by side two great systems of medicine studying closely the historical theoretical and practical relationships Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1970 **Five Quarts** Bill B. Hayes, 2006-02-14 This beguiling brew of fascinating scientific facts and illuminating poignant anecdotes makes Five Quarts something like blood itself vital and pulsing with energy Entertainment Weekly From ancient Rome where gladiators drank the blood of vanquished foes to gain strength and courage to modern day laboratories where machines test blood for diseases and scientists search for elusive cures Bill Hayes takes us on a whirlwind journey through history literature mythology and science by way of the great red river that runs five quarts strong through our bodies Hayes also recounts the impact of the vital fluid in his daily life from growing up in a household of five sisters and their monthly cycles to his enduring partnership with an HIV positive man As much a biography of blood as it is a memoir of how this rich substance has shaped one man's life Five Quarts is by turns whimsical and provocative informative and moving **Literature East & West**, 1967 *Bibliography of the History of Medicine*, 1979 *Rhythms of Recovery* Leslie E. Korn, 2013 This book focuses on reliable methods for diagnosing posttraumatic stress disorder PTSD and how natural physical emotional mental spiritual rhythms are affected by trauma and how they may be restored by a holistic approach to recovery *American Journal of Acupuncture*, 1995 **Complementary Therapies in Rehabilitation** Carol M. Davis, 1997 This book examines the recent paradigm shift taking place in rehabilitation Carol M Davis EdD PT takes a careful look at concepts such as

therapeutic presence holism energy and the mind body connection and how they can be used to enhance current rehabilitation practice Dr Davis and her contributors help to clarify the changes taking place regarding how health and illness are viewed and the choices professionals are making in the treatment decisions for their patients Traditional methods of treatment are being re examined as more holistic approaches to healthcare offer alternative options These complementary methods are introduced and described by experienced professionals who have successfully integrated these techniques into their practice The book addresses the development of each method its application and approaches as well as providing examples for each Developed for the student and the health professional the book is invaluable in helping to bridge the gap between complementary and traditional medicine [Orientalism](#) Edward W. Said, 2014-10-01 A groundbreaking critique of the West's historical cultural and political perceptions of the East that is decades after its first publication one of the most important books written about our divided world Intellectual history on a high order and very exciting The New York Times In this wide ranging intellectually vigorous study Said traces the origins of orientalism to the centuries long period during which Europe dominated the Middle and Near East and from its position of power defined the orient simply as other than the occident This entrenched view continues to dominate western ideas and because it does not allow the East to represent itself prevents true understanding *National Union Catalog* ,1956 Includes entries for maps and atlases **Exploring the Development of Nāḍivijñāna in Early Indian Medical Texts** Prudence F. Bruns, 2002 *Medical Botany* Walter H. Lewis, Memory P. F. Elvin-Lewis, 2003-09-04 Organized by body system and ailment makes it easy to locate appropriate therapies Includes background on the physiology of major systems and ailments so readers can understand how and why a pharmaceutical botanical or dietary supplement works Broad coverage includes green plants fungi and microorganisms Includes extensive references and citations from both conventional and complimentary alternative medical systems when natural products or their derivatives are involved *Acupuncture & Electro-therapeutics Research* ,1985
