Hunks, Hotties, and Pretty Boys Steven L. Davis, Maglina Lubovich,2010-08-11 White heterosexual middle class men have long served as the standard for masculine beauty even if such men have refused to embrace this term This study seeks to denaturalize this standard by exploring the connections between beauty and the broad spectrum of masculinities The chapters included in Hunks Hotties and Pretty Boys contribute primarily to the field of gender studies specifically masculinity studies They consider twentieth century representations of male beauty through a variety of mediums performance literature art photography film and television Although the contributors hail from both the humanities and the social sciences all share a concern for how beauty informs shapes defines and re defines our understanding of masculinity itself These scholars investigate a range of historical periods and draw from a broad scope of critical approaches Some interrogate male beauty through the female gaze and look to the influence of female performance on notions of masculine beauty Others examine how queer and racial constructions of male beauty refuse and offer alternatives to hegemonic models of identity Another revisits

previous philosophical and theoretical conceptions of beauty only to deconstruct gendered conceptions of the beautiful and the sublime In all these essays complicate masculine beauty by examining Chicano Asian working class and female constructions of male beauty in Western culture Choreographing Difference Ann Cooper Albright,2010-06-01 The choreographies of Bill T Jones Cleveland Ballet Dancing Wheels Zab Maboungou David Dorfman Marie Chouinard Jawole Willa Jo Zollar and others have helped establish dance as a crucial discourse of the 90s These dancers Ann Cooper Albright argues are asking the audience to see the body as a source of cultural identity a physical presence that moves with and through its gendered racial and social meanings Through her articulate and nuanced analysis of contemporary choreography Albright shows how the dancing body shifts conventions of representation and provides a critical example of the dialectical relationship between cultures and the bodies that inhabit them As a dancer feminist and philosopher Albright turns to the material experience of bodies not just the body as a figure or metaphor to understand how cultural representation becomes embedded in the body In arguing for the intelligence of bodies *Choreographing Difference* is itself a testimonial giving voice to some important political moral and artistic questions of our time Ebook Edition Note All images have been redacted
