**Punishment: for & Against**, 1971 *The Lash! A Protest Against Its Use in Punishment, Etc* William BENNETT (of Aberdeen.), 1876 *Against Capital Punishment* Herbert H. Haines, 1996-04-11 Built on in depth interviews with movement leaders and the records of key abolitionist organizations this work traces the struggle against capital punishment in the United States since 1972 Haines reviews the legal battles that led to the short lived suspension of the death penalty and examines the subsequent conservative turn in the courts that has forced death penalty opponents to rely less on litigation strategies and more on political action Employing social movement theory he diagnoses the causes of the anti death penalty movement's inability to mobilize widespread opposition to executions and he makes pointed recommendations for improving its effectiveness For this edition Haines has included a new Afterword in which he summarizes developments in the movement since 1994 *The Punishment Response* Graeme Newman, 2017-07-28 Punishment occupies a central place in our lives and attitudes We suffer a profound ambivalence about its moral consequences Persons who have been punished or are liable to be punished have long objected to the legitimacy of punishment We are all objects of punishment yet we are also its users Our ambivalence is so profound that not only do we punish others but we punish ourselves as well We view those who submit too willingly to punishment as obedient verging on the groveling coward and we view those who resist punishment as disobedient rebels In *The Punishment Response* Graeme Newman describes the uses of punishment and how these uses change over time Some argue that punishment promotes discrimination and divisiveness in society Others claim that it is through punishment that order and legitimacy are upheld It is important that punishment is understood as neither one nor the other it is both This point simple though it seems has never really been addressed This is why Newman claims we wax and wane in our uses of punishment why punishing institutions are clogged by bureaucracy why the death penalty comes and goes like the tide Graeme Newman emphasizes that punishment is a cultural process and also a mechanism of particular institutions of which criminal law is but one Because academic discussions of punishment have been confined to legalistic preoccupations much of the policy and justification of punishment have been based on discussions of extreme cases The use of punishment in the sphere of crime is an extreme unto itself since crime is a minor aspect of daily life The uses of punishment and the moral justifications for punishment within the family and school have rarely been considered certainly not to the exhaustive extent that criminal law has been in this outstanding work **Encyclopedia of Capital Punishment in the United States, 2d ed.** Louis J. Palmer, Jr., 2008-07-23 This updated encyclopedia provides ready information on all aspects of capital punishment in America It details virtually every capital punishment decision rendered by the United States Supreme Court through 2006 including more than 40 cases decided since publication of the first edition Entries are also provided for each Supreme Court Justice who has ever rendered a capital punishment opinion Entries on jurisdictions cite present day death penalty laws and judicial structure state by state with synopses of common and unique features Also

included are entries on significant U S capital prosecutions legal principles and procedures in capital cases organizations that support and oppose capital punishment capital punishment s impact on persons of African Asian Hispanic and Native American descent on women and on foreign nationals and the methods of execution Essential facts are also provided on capital punishment in more than 200 other nations A wealth of statistical data is found throughout     **Provocation and Punishment** Samantha Joo,2012-02-16 This book examines the problem of theodicy arising from the fall of Jerusalem 587 B C E in the book of Jeremiah It explores the ways in which the authors of the book of Jeremiah tried to explain away their God s responsibility while clinging to the idea of divine mastery over human affairs In order to trace the development of a particular book s understanding of God s role in meting out punishments this book analyzes all the passages containing the word pivotal to provoke to anger in Deuteronomistic History and the book of Jeremiah     **Honor and Revenge: A Theory of Punishment** Whitley R.P. Kaufman,2012-08-28 This book addresses the problem of justifying the institution of criminal punishment It examines the paradox of retribution the fact that we cannot seem to reject the intuition that punishment is morally required and yet we cannot even after two thousand years of philosophical debate find a morally legitimate basis for inflicting harm on wrongdoers The book comes at a time when a new abolitionist movement has arisen a movement that argues that we should give up the search for justification and accept that punishment is morally unjustifiable and should be discontinued immediately This book however proposes a new approach to the retributive theory of punishment arguing that it should be understood in its traditional formulation that has been long forgotten or dismissed that punishment is essentially a defense of the honor of the victim Properly understood this can give us the possibility of a legitimate moral justification for the institution of punishment     **To Punish or Persuade** John Braithwaite,1985-01-01 In *To Punish or Persuade* John Braithwaite declares that coal mine disasters are usually the result of corporate crime He surveys 39 coal mine disasters from around the world including 19 in the United States since 1960 and concludes that mine fatalities are usually not caused by human error or the unstoppable forces of nature He shows that a combination of punitive and educative measures taken against offenders can have substantial effects in reducing injuries to miners Braithwaite not only develops a model for determining the optimal mix of punishment and persuasion to maximize mine safety but provides regulatory agencies in general with a model for mixing the two strategies to ensure compliance with the law *To Punish or Persuade* looks at coal mine safety in the United States Great Britain Australia France Belgium and Japan It examines closely the five American coal mining companies with the best safety performance in the industry U S Steel Bethlehem Steel Consolidation Coal Company Island Creek Coal Company and Old Ben Coal Company It also takes a look at the safety record of unionized versus non unionized mines and how safety regulation enforcement impacts productivity     **Proceedings of the International Conference on Law Studies (INCOLS 2022)** Aurora Jillena Meliala,Davilla Prawidya Azaria,Jennifer Lydia,Adibæv Açet Maratovich,Collie Brown,Christopher Cason,2023-02-10 This is an open access book Praise and thanks giving we pray to God

*Jewish Foreign Trade Officials on Trial* Veronica Rozenberg, 2022-03-21 This book deals with six trials conducted by the Romanian state against Jewish key officials employed

in state owned import export companies between 1950 and 1960 It begins with a presentation of the political realities of Romania following the Communist Party's rise to power in particular those regarding its relationship with Romania's Jews and Gheorghiu Dej's policy of National Communism Rozenberg describes the criminal procedure used in the staged economic trials follows and then examines this procedure based on the legal system of the period as exemplified by the six analyzed trials The Rom noexport Jewish officials trial is analyzed in depth as the case study of the whole book This book concludes by bringing to light two phenomena that dissipate some mystique surrounding the events first the state's practice of using its legal system as a means of oppressing the population and second the stereotypical image of The Jew which the regime in Romania developed Despite its supposed anti religiosity it held on to centuries old prejudices against Jews as pariahs with supposed allegiance to foreign elements preferred over their surrounding society even to the point of betraying and exploiting their own country

**The Routledge Handbook of Criminal Justice Ethics** Jonathan Jacobs, Jonathan Jackson, 2016-07-01 The enormous financial cost of criminal justice has motivated increased scrutiny and recognition of the need for constructive change but what of the ethical costs of current practices and policies Moreover if we seriously value the principles of liberal democracy then there is no question that the ethics of criminal justice are everybody's business concerns for the entire society The Routledge Handbook of Criminal Justice Ethics brings together international scholars to explore the most significant ethical issues throughout their many areas of expertise anchoring their discussions in the empirical realities of the issues faced rather than applying moral theory at a distance Contributions from philosophers legal scholars criminologists and psychologists bring a fresh and interdisciplinary approach to the field The Handbook is divided into three parts Part I addresses the core issues

concerning criminal sanction the moral and political aspects of the justification of punishment and the relationship between law and morality Part II examines criminalization and criminal liability and the assumptions and attitudes shaping those aspects of contemporary criminal justice Part III evaluates current policies and practices of criminal procedure exploring the roles of police prosecutors judges and juries and suggesting directions for revising how criminal justice is achieved Throughout scholars seek pathways for change and suggest new solutions to address the central concerns of criminal justice ethics This book is an ideal resource for upper undergraduate and postgraduate students taking courses in criminal justice ethics criminology and criminal justice theory and also for students of philosophy interested in punishment law and society and law and ethics     *Investigation of Communist Propaganda* United States.
