Punitive and Consequential Damages, Including Lost Profits, in a Construction Contract Dispute Eric M. Zyla, 2005-10-01

This 1996 book examines the legal issues and discusses the case law concerning the availability of consequential damages including lost profits and punitive damages in a construction contract dispute. The book first reviews the case law concerning how to measure damages. Thereafter, the book is divided into three general sections: lost profits, other consequential damages, and punitive damages. The narrative is a discussion of the pertinent case law with citations. This book provides information on the law but not legal advice.
