Metas: Spanish in Review, Moving Toward Fluency

Sharon Foerster, Anne Lambright, 2007-03-22 Metas is an exciting new version of the best selling intermediate Spanish textbook Punto y aparte created in response to requests from reviewers for a version of Punto y aparte with enough material to be used over the entire second year Metas achieves this goal by essentially doubling the amount of material in each of the six main chapters of Punto y aparte originally designed as a fourth semester book and then by dividing each of these expanded chapters now called Unidades in Metas into two self contained sections Cap tulo A and Cap tulo B to make the amount of material more manageable Thus Metas offers the same

12 unit structure found in most intermediate Spanish textbooks 6 units x 2 chapters each 12 manageable chapters In terms of grammar Metas focuses on key grammatical structures los puntos clave critical to the seven communicative functions or goals las siete metas comunicativas that are central to intermediate level study The seven communicative functions are Description Descripci n Comparison Comparaci n Reactions and recommendations Reacciones y recomendaciones Narrating in the past Narraci n en el pasado Talking about preferences Hablar de los gustos Hypothesizing Hacer hip tesis Talking about the future Hablar del futuro By organizing the text around key grammatical structures Metas retains the framework of Punto y aparte resulting in a logical and manageable progression Additionally the continual reinforcement and recycling of all seven communicative functions offer students many opportunities to communicate produce and create with the language rather than to simply review the scope and sequence of Spanish grammar of their first year course **Children's Books in Print, 2007** ,2006
