Dance Composition Jacqueline M. Smith-Autard, 2014-05-22 Dance composition the discipline that translates ideas into dances is an important part of dance education For over twenty years Dance Composition has been the leading guide to creative success in dance making useful to everyone interested in dance composition at both high school and college levels This revised and updated edition includes a new chapter exploring creative processes in relation to composing dances

Bodycheck, 2016-08-29 In ice hockey the term body check refers to a specific move to gain control It is a blow from body to body a dynamic clash of physical strength which will determine the course of the game In this book too the body is checked and there is physical confrontation Not in the hockey ring but on stage This book deals with the body in contemporary performing arts The focus is on exploring theoretical avenues and developing new concepts to grasp corporeal images more accurately This theoretical research is confronted with the voice of artists whose work explicitly deals with the body In depth interviews with a.o. Meg Stuart Wim Vandekeybus Romeo Castellucci Jer me Bel reveal a very broad range of views on the representation of the body in today's performing arts The combination of these two voices the theoretician's and the artist's shows that research by artists and cultural scientists is perfectly complementary

Off the Ground Francis Edward Sparshott, 2017-03-14 What is dance as seen from a philosopher's point of view Why has dance played little part in traditional philosophies of the arts And why do these philosophies of the arts take the form they do The distinguished aesthetician Francis Sparshott subjects these questions to a thorough examination that takes into account all forms and aspects of dance in art and in life and brings them within the scope of a single discussion By showing what is involved in deciding whether something is or is not dance and by displaying the diversity of ways in which dance can be found meaningful he provides a new sort of background for dance aesthetics and dance criticism At the same time he makes a far reaching contribution to the methodology of the philosophy of art and practice In a witty and personal style that will be familiar to readers of his earlier books Professor Sparshott makes a distinction between dance and its neighbors such as work sports and games and points out that it is more profoundly connected to questions of self knowledge than the other arts Dance differs from any of the fine arts in that it can be seen not as the manipulation of a medium but as self transformation Originally published in 1988 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Journey into Deep Landscape Joon Kim, 2023-06-18 This literary work of non fiction is based on the author's personal journeys alone He backpacked to the coasts of the country across the American continent to London England Paris France and Schwarzwald Germany And also to Andalusia Spain and Siberia Russia Above all he cannot forget the simple hearted pilgrimage to Siberia on the Trans Siberian Railway He journeyed alone sometimes meditating on writing and sometimes on the journey itself He saw and felt flamenco through his journey into Andalusia and stepped on the snow covered birch forest

in Siberia that he longed for Writing this book JOURNEY INTO DEEP LANDSCAPES he recalled a few of words of Annie Dillard Write about winter in summer Describe Norway as Ibsen did from a desk in Italy Lastly he lived at home in seclusion and went on an inner journey with picture books His long journey like the flow of a deep river was the source of inspiration for his writing In a sense writing was a kind of journey for him This creative nonfiction deviates somewhat from the general novel structure However the flow of the entire text is consistent and organic So whether you may take it as a creative non fiction or as a collection of f personal essays It s up to you
