Pure Austrian Design:

Pure Austrian Design + Audio Furniture, 2005 **A Century of Austrian Design** Tulga Beyerle, Karin Hirschberger, 2013-03-04 A Century of Austrian Design offers a highly accessible overview of Austrian design culture from 1900 to the present against the background of the country's extremely turbulent industrial history. In the process, the key aspects are explained in essays by celebrated experts. The book attempts to delineate a specifically Austrian formal language, citing as examples specific achievements in historical and contemporary design. As it does so, it also sheds light on other defining moments of Austria's design culture, including the enormous potential of its inventors, the phenomenon of semi-industrial manufacturing, and the innovative design solutions advanced by the Austrian sporting goods industry. A yellow pages section with selected design addresses rounds off the volume. **Around Europe Promotion** Andrés Fredes, 2008

Liberalism, Nationalism and Design Reform in the Habsburg Empire Matthew Rampley, Markian Prokopovych, Nóra Veszprémi, 2020-01-20 Liberalism, Nationalism and Design Reform in the Habsburg Empire is a study of museums of design and applied arts in Austria-Hungary from 1864 to 1914. The Museum for Art and Industry, now the Museum of Applied Arts, as well as its design school, occupies a prominent place in the study. The book also gives equal attention to museums of design and applied arts in cities elsewhere in the Empire, such as Budapest, Prague, Cracow, Brno, and Zagreb. The book is shaped by two broad concerns: the role of liberalism as a political, cultural, and economic ideology motivating the museums' foundation, and their engagement with the politics of imperial, national, and regional identity of the late Habsburg Empire. This book will be of interest for scholars of art history, museum studies, design history, and European history. **Designlandschaft**
