

"Hall rescues the New England Puritans
from the dark myths of repression. . . . [He] reveals
our original revolutionaries in search of equity,
justice, and community."
—Alan Taylor, author of *The Civil War of 1812*

A *Reforming* PEOPLE

PURITANISM &
the Transformation
of PUBLIC LIFE in
New England

DAVID D. HALL
With a New Foreword by the Author

Puritanism And The Public Realm

Milan Zafirovski

Puritanism And The Public Realm:

Puritanism and the Public Realm John F. Wilson, 1967 **The Puritan Conscience and Modern Sexuality** Edmund Leites, 1995-01-01 Examines the sexual attitudes of 17th and 18th century England This work discusses how they have affected beliefs on a variety of issues Drawing upon the insights of psychoanalysis it shows that the Puritans called for a lifelong integration of sensuality purity and constancy within marriage **The Protestant Ethic and the Spirit of Authoritarianism** Milan Zafirovski, 2007-08-17 This book explores the historical and contemporary relationships of Protestant Puritanism to political and social authoritarianism It focuses on Puritanism s original subsequent and modern influences on and legacies in political democracy and civil society within historically Puritan Western societies There is emphasis on Great Britain and particularly America from the 17th to the 21st century **The Rise and Fall of Democracy in Early America, 1630-1789** Joshua Miller, 1999-01-01 The Rise and Fall of Democracy in Early America describes and explores the emergence of a directly democratic political culture in America the Federalists theoretical campaign against that culture and the legacy of the struggle over democracy for politics today The Rise and Fall of Democracy in Early America traces the rise of democracy in America beginning with the Puritans of New England the radicalization during the eighteenth century of Puritan notions of community autonomy and participation and the Antifederalist attempt to preserve a democratic political culture in the face of Federalist efforts to centralize power and distance it from the people by the passage of the 1787 Constitution Despite its historical concerns this book is not a history of institutions or a history of ideas It is a work of political theory that explores certain early American texts and debates and discusses the theoretical questions raised by those texts and debates emphasizing those issues most relevant to democratic thought in our own time Among the many insights into our democratic heritage that Joshua Miller affords us in his discussion of the Puritan theory of membership and the Antifederalist theory of autonomous communities is the hitherto obscured affinity between democracy and conservatism Whereas many treatments of early American political thought make the debate over the ratification of the Constitution appear dry and abstract this book shows the clash of political values and ideals that were at the heart of the struggle It illustrates how the Federalists employed a democratic sounding vocabulary to cloak their centralizing elitist designs Miller introduces readers to a political theory of direct democracy that is presented as an alternative to Marxism liberalism and mainstream conservatism This new democratic theory based on an early American political tradition should serve as a stimulus for rethinking the directions we are taking in politics today **From the Puritans to the Projects** Lawrence J. Vale, 2009-07-01 Lawrence J Vale s groundbreaking book is both a comprehensive institutional history of public housing in Boston and a broader examination of the nature and extent of public obligation to house socially and economically marginal Americans during the past 350 years *Roger Morrice and the Puritan Whigs* Mark Goldie, 2016 Mark Goldie s authoritative and highly readable introduction to the political and religious landscape of Britain during the turbulent era of later Stuart

rule An exceptionally significant monograph and without doubt one of the most important to appear in the field of Restoration history in the last twenty years Mark Goldie has done more than anyone else to illuminate the political and religious assumptions of late seventeenth century Englishmen Dr Grant Tapsell University of Oxford Roger Morrice and the Puritan Whigs explains a movement illuminates the world of its emblematic representative and explores one of the most remarkable documents of the seventeenth century Morrice s *Entring Book* was supremely well informed passionately committed and relentlessly opinionated Chronicling the years 1677 to 1691 nearly a million words in length it is the fullest surviving record of the tumultuous final years of the Stuart regime from the Popish Plot and Exclusion Crisis to the Glorious Revolution Morrice was a Puritan clergyman turned confidential reporter for leading Whig politicians a barometer of opinion for whom reliable information was vital for public action Just twenty years after Pepys s *Diary* the *Entring Book* depicts a darker England gripped by a new crisis of popery and arbitrary government Mark Goldie s deeply considered book examines the fortunes of Puritanism in the later Stuart age It offers a story of disillusion and diminuendo of struggles for survival in the face of intolerance and of self understanding among those who hoped to transform England through Godly rule Yet the book also tells a countervailing story of revitalized and transformed Puritanism Puritans worked through parliament the royal court and the households of gentry merchants lawyers and clergy Setting out to galvanize civil society they mobilized public opinion organized electorates and deployed the arts of journalism influence and persuasion This book has been adapted with a new substantial introduction and updated bibliography from the first volume of the *Entring Book* of Roger Morrice Mark Goldie is Professor of Intellectual History at the University of Cambridge and a Fellow of Churchill College

Pulpit in Parliament John Frederick Wilson, 2015-12-08 Before the outbreak of hostilities between Charles I and the Long Parliament the King had authorized a regular monthly fast for the realm which members of parliament later adopted as a program of national humiliation At the invitation of individual members of parliament two preachers generally leading puritan clerics connected with the Westminster Assembly which had been convened for the purpose of reforming the Church of England were invited to speak Drawing from some 240 published sermons Professor Wilson presents a survey of the program giving detailed scrutiny to the form and contents of the sermons His aim throughout is to clarify the puritans conceptions of the relationship between their religious movement and the political events of the period and to assess the importance of these sermons for the interpretation of Puritanism Originally published in 1969 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Puritan Smile Robert Cummings Neville, 1987-09-30 This book develops a contemporary metaphysics of morals Currently the liberal

tradition defines the field of moral and political theory It contains the popular utilitarian the deontological and the virtue ethics approaches to normative theory and by a broad dialectical negation it also defines the historical materialism of Marx The Puritan Smile circumvents the Liberalism Marxism dialectic with the Puritan emphasis on responsibility and their social definition of individuality To this core of classical puritanism is added the deeply rooted sense of culture and the vast historical experience of Confucianism with which it resonates strongly The need for tolerance and the celebration of liberty is asserted by Neville in order to offset the tendencies toward dogmatism and totalitarianism inherent within the Puritan and Confucian views The book integrates a Puritan sense of participation with a Confucian sense of moral obligation and a liberal appreciation of freedom and tolerance

America's Theologian Robert W. Jenson, 1988 The author argues that Edwards was very much a figure of the Enlightenment but was able to use Enlightenment thought in his theology without yielding to its mechanistic and individualistic tendencies

Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1978

A Religious History of the American People Sydney E. Ahlstrom, 2004-01-01 This classic work winner of the 1973 National Book Award in Philosophy and Religion and Christian Century's choice as the Religious Book of the Decade 1979 is now issued with a new chapter by noted religious historian David Hall who carries the story of American religious history forward to the present day Praise for the earlier edition An unusual and praiseworthy book It takes a modern almost anthropological view of history in which worship is a part of a web of culture along with play love dress and language B A Weisberger Washington Post Book World The most detailed most polished of the works in its tradition Martin E Marty New York Times Book Review An intellectual delight that one does not so much read as savor America The definitive one volume study by the leading authority Christianity Today No one writing or thinking hereafter about America's past will be able to ignore Ahlstrom's magisterial account of the religious element American Historical Review

The Public Realm Lyn H. Lofland, 2017-07-12 This book is about the public realm defined as a particular kind of social territory that is found almost exclusively in large settlements This particular form of social psychological space comes into being whenever a piece of actual physical space is dominated by relationships between and among persons who are strangers to one another as often occurs in urban bars buses plazas parks coffee houses streets and so forth More specifically the book is about the social life that occurs in such social psychological spaces the normative patterns and principles that shape it the relationships that characterize it the aesthetic and interactional pleasures that enliven it and the forces anti urbanism privatism post war planning and architecture that threaten it The data upon which the book's analysis is based are diverse direct observation interviews contemporary photographs historic etchings prints and photographs and historical maps histories of specific urban public spaces or spatial types and the relevant scholarly literature from sociology environmental psychology geography history anthropology and architecture and urban planning and design Its central argument is that while the existing body of accomplished work in the social sciences can be reinterpreted to make it relevant to an understanding of the public realm

this quintessential feature of city life deserves much more u it deserves to be the object of direct scholarly interest in its own right Choice noted that The author s writing style is unusually accessible and the often fascinating narrative is generously supported by well chosen photos

Puritans Behaving Badly Monica D. Fitzgerald,2020-05-21 Examines the sins and confessions in church disciplinary records to argue that daily practices created a gendered Puritanism *Schooling, the Puritan Imperative, and the Molding of an American National Identity* Douglas McKnight,2003-05-14 Present day America is perceived by many as immersed in a moral crisis with national identity fractured and uncertainty and anxiety about the future Public schools in this country are historically and still today the major institution charged with preserving and teaching the symbols of national identity and a morality that is the concrete expression of those symbols and the ideas for which they stand A widespread belief is that only through schooling can America be saved from the current crisis but the schools have failed in this mission and must be

reformed In this book Douglas McKnight develops a historical interpretation of how the New England Puritans generated a powerful belief system and set of symbols that have fed American identity and contributed to preserving and perpetuating it into the present time He explores the relationship between the purposes of education and how this term has shifted in meaning and the notion of an American identity and morality rooted in the Puritan concept of an errand into the wilderness that serves a particular sacred secular purpose The phrase errand into the wilderness is taken from a 1956 book by Perry Miller with this title where it refers to the Puritan dream of creating a city in the wilderness the North American Colonies that would be a utopian community a beacon for the rest of the world for how to organize and live in the ideal religious community Highly pertinent to the current debate about the purposes and crisis in education and in America morality in schools the cultural function of education the changing nature of the language of education the complex relation of schooling and national identity this book explicates these elements within the American psyche by exploring the effects of the Puritan symbolic narrative at three different points in American history Puritans during the 1600s and 1700s the Gilded Age when the urban Protestant middle class ascended to cultural dominance and the present age Schooling the Puritan Imperative and the Molding of an American National Identity Education s Errand Into the Wilderness makes an important contribution to the fields of curriculum studies and the history of education It will interest students and scholars in these fields as well as those in educational philosophy religion and education intellectual and social history and American studies

The Puritan Millennium Crawford Gribben, 2008-07-01 Puritanism was an intensely eschatological movement From the beginnings of the movement Puritan writers developed eschatological interests in distinct contexts and often for conflicting purposes Their reformist agenda emphasized their eschatological hopes In a series of readings of texts by John Foxe James Usser George Gillespie John Rogers John Milton and John Bunyan this book provides an interdisciplinary exploration of Puritan thinking about the last things

Records of Trial from Thomas Shepard's Church in Cambridge, 1638-1649 Lori Rogers-Stokes, 2020-10-23 This book presents a revolutionary new reading of manuscript records left by puritan minister Thomas Shepard in Cambridge Massachusetts that have been studied for decades as his on the spot recording of oral relations of faith delivered by candidates for church membership This book proves that these records are not relations but Shepard s personal record of sessions of trial meetings with candidates still working out their spiritual seeking New transcriptions of the original manuscript records and corresponding never before published writing by Shepard dispel much of the confusion produced by the published transcriptions Close readings of the manuscripts contrasted with the published transcriptions set the stage for a new understanding of puritan spiritual preparation in Shepard s Cambridge church The book concludes with a challenge to the negative reading of the women s records that is central to established scholarship revealing their powerful confident spiritual identities and voices

Voices in the Wilderness Patricia Roberts-Miller, 2014-05-12 A work of composition theory rhetorical theory and cultural criticism this volume ultimately

provides not only new approaches to argumentation and the teaching of rhetoric composition and communication but also an original perspective on the current debate over public discourse **Media and Public Shaming** Julian Petley,2013-06-30

The media today and especially the national press are frequently in conflict with people in the public eye particularly politicians and celebrities over the disclosure of private information and behaviour Historically journalists have argued that naming and shaming serious wrong doing and behaviour on the part of public officials is justified as being in the public interest However when the media spotlight is shone on perfectly legal personal behaviour family issues and sexual orientation and when in particular this involves ordinary people the question arises of whether such matters are really in the public interest in any meaningful sense of the term In this book leading academics commentators and journalists from a variety of different cultures consider the extent to which the media are entitled to reveal details of people's private lives the laws and regulations which govern such relations and whether these are still relevant in the age of social media **The Private Life**

Josh Cohen,2015-04-01 With social networking and reality television self help columns and daytime talk shows there's an infinite array of platforms to both expose our deepest thoughts and examine the thoughts of others In this age of non stop communication one's privacy is subject to unrelenting examination intrusion and attack from the media the government friends family and complete strangers So what are we trying to hide And what are we trying to find out about others Practicing psychoanalyst and professor of literature Josh Cohen tackles those questions in his study of privacy and personality the most vulnerable and indestructible region of your self Using Sigmund Freud's theories on identity and the ego as a foundation Cohen weaves through time and place to study an extensive variety of people who unearthed and revealed the rawest form of their selves From Adam and Eve to the ballerinas in the hit 2010 film Black Swan from Hester Prynne to British celebrity Katie Price Cohen finds Freud's ideas in both fiction and reality alike Yet even with all the times that we've exposed the inner workings of our psyches Cohen is sure to emphasize that some part of every individual will always remain hidden Like Freud once wrote The ego is not master in its own house In a culture that floods our lives with light how is it that we remain so helplessly in the dark

Whispering the Strategies of Language: An Psychological Quest through **Puritanism And The Public Realm**

In a digitally-driven world where displays reign great and immediate conversation drowns out the subtleties of language, the profound strategies and mental subtleties hidden within phrases frequently get unheard. Yet, set within the pages of **Puritanism And The Public Realm** a captivating literary value pulsing with raw feelings, lies an exceptional journey waiting to be undertaken. Penned by a talented wordsmith, this marvelous opus encourages readers on an introspective trip, lightly unraveling the veiled truths and profound affect resonating within the very material of each word. Within the psychological depths of this poignant review, we can embark upon a heartfelt exploration of the book's core themes, dissect their charming writing model, and fail to the powerful resonance it evokes deep within the recesses of readers' hearts.
