Purity of Diction in English Verse and Articulate Energy Donald Davie, 1992 Purity of Diction in English Verse 1952 explains how the vocabulary choice of late 18th century writers like Cowper Goldsmith and Dr Johnson gave them a force and moral value different from Wordsworth Coleridge and Shelley Purity of Diction in English Verse Donald Davie, 1952

Articulate Energy Donald Davie, 1975 , **The Living Church** , 1996-07 The New Cambridge Companion to T. S. Eliot Jason Harding, 2017 Drawing on the latest scholarship and criticism this volume provides an authoritative accessible introduction to T S Eliot's complete oeuvre It extends the focus of the original 1994 Companion addressing issues such as gender and sexuality and challenging received accounts of his at times controversial critical reception *The Cambridge Introduction to British Poetry, 1945-2010* Eric Falci, 2015-11-12 The Cambridge Introduction to British Poetry 1945 2010 provides a broad overview of an important body of poetry from England Scotland Wales and Northern Ireland from the postwar period through to the twenty first century It offers a comprehensive view of the historical context surrounding the poetry and provides in depth readings of many of the period's central poets British poetry after 1945 has been given much less attention than both earlier British and American poetry as well as postwar American poetry There are very few single author studies that present the entirety of the period's poetry This book is unique for the comprehensive richness with which it presents the historical and literary historical scene as well as for its close up focus on a wide range of major poets and poems **A Dictionary of Writers and their Works** Christopher Riches, Michael Cox, 2015-01-29 Over 3 200 entries An essential guide to authors and their works that focuses on the general canon of British literature from the fifteenth century to the present There is also some coverage of non fiction such as biographies memoirs and science as well as inclusion of major American and Commonwealth writers This online exclusive new edition adds 60 000 new words including over 50 new entries dealing with authors who have risen to prominence in the last five years as well as fully updating the entries that currently exist Each entry provides details of a writer's nationality and birth death dates followed by a listing of their titles arranged chronologically by date of publication Contemporary Literary Critics NA NA, 2015-12-25 A reference guide to the work of 115 modern British and American critics Community and Solitude Anthony W Lee, 2019-04-22 This collection explores relationships between Samuel Johnson and several of his main contemporaries James Boswell Edmund Burke Frances Burney Robert Chambers Oliver Goldsmith Bennet Langton Arthur Murphy Richard Savage Anna Seward and Thomas Warton and analyzes some of the literary productions emanating from the pressures within those relationships

Poetry as Enchantment: And Other Essays Dana Gioia, 2024-11-12 Gioia joins W H Auden Randall Jarrell and D H Lawrence in embracing criticism that is insightfully intellectual and surprisingly personal Always a canny discussant of contemporary poetics Gioia again provides vital guidance for evaluating poetry that will appeal to tenured professors and armchair aficionados alike Booklist Dana Gioia one of America's leading poet critics explains why poetry exists and why we

need it in this sparkling collection of essays More personal than any of Gioia's earlier works *Poetry as Enchantment* reflects a lifetime of thought and experience Gioia the author of *Can Poetry Matter* talks about poetry in a radically different way than it is currently being taught or discussed In the title essay he explains that poetry is speech raised to the level of song and though poetry may often be misunderstood as intellectual it moves us the way music does Poetry charms its readers creating a heightened experience of attention It addresses readers in the fullness of their humanity simultaneously speaking to the mind emotions imagination memory and physical senses Without academic jargon *Poetry as Enchantment* relates literature to the questions of life

Rilke Charlie Louth, 2020-06-19 The life of Rilke's work is in its words and this book attends closely to the life unfolding in Rilke's words over the course of his career What is a poem and how does it act upon us as we read What does reading involve These are questions of the greatest interest to Rilke who addresses them in several poems and for whom the experience of reading affords an interaction with the world a recalibration of our ways of attending to it which sets it apart from other kinds of experience Rilke's work is often approached in periods he is the author of the *New Poems* or of *Malte* or of the *Duino Elegies* or of the *Sonnets to Orpheus* as if its different phases had little to do with one another but in fact his writing is a concentrated and evolving exploration of the possibilities of poetic language a working of the life of words into precise and exacting forms in dialogue with the texture of the world The *Life of the Work* traces that trajectory in a series of close readings that do not neglect the lesser known uncollected verse and the poems in French as well as Rilke's activity as a translator of Michelangelo Shakespeare Barrett Browning Mallarmé and Valéry among many others These encounters were part of Rilke's engagement with the world his way of extending the reach of his language to get it ever closer to the ungraspable movements the risk and promise of life itself One of his best known poems ends with the words You must change your life an injunction that animates the whole of his work
