New Light on Luke Barbara Shellard,2002-06-01 This radical new

interpretation reveals many connections between Luke and Johannine traditions Comparison of pericopae shared by Luke and John suggests that the usual assumptions of Lukan priority may be mistaken instead his may be chronologically the fourth gospel Luke nevertheless treats his sources in different ways his response being both critical and creative He aims to give security to Christians by including as much as possible and reconciling conflicting traditions while firmly excluding heretical misinterpretation Shellard also includes a consideration of Luke's use of possible sources both canonical and extra canonical and places Luke Acts in its literary context noting among other things the presentation of Rome as a facilitator of evangelization and a promoter of co existence

Contextualization of the Gospel Andrew James Prince, 2017-06-07 There has been heightened interest and prolific publication by missiologists about contextualization since the term was first coined in 1972 There has been ongoing debate particularly amongst evangelicals themselves regarding which of these meanings methods and models of contextualization are acceptable to use Much of the debate has been carried out by academics and practitioners whose observations and conclusions have been largely shaped by the social sciences and practical theology In contrast the disciplines of biblical studies and Christian thought have not featured significantly in the debate The purpose of this research is to establish that biblical studies and Christian thought in general and Scripture and the church fathers in particular have an essential contribution to make in the contextualization debate and should form part of an evangelical approach to contextualization of the gospel alongside the social sciences and practical theology Following a review of the literature on contextualization over the past forty years the research examines the book of Acts as representative of Scripture and the work of John Chrysostom as a representative church father Contextual principles that are consistent with an evangelical approach to contextualization of the gospel are drawn from each work establishing the value of biblical studies and Christian thought in contextualization

Herod the Fox John A. Darr, 1998-01-01 In foregrounding the themes of witnessing seeing and hearing and recognition Luke urges readers to reflect on their own hearing reading of his story to become certain kinds of readers and to read in particular ways So the need for a reader oriented methodology in interpreting Luke Acts is evident But what is the best theory to deploy Charting a path through the thickets of modern literary theory Darr develops a new reader oriented model insisting that the original extratext the repertoire of literary and social conventions of Luke Acts and not simply the text itself should be taken into account in any critical evaluation of how this story works To demonstrate this new hermeneutical model Darr undertakes an extensive study of Lukan characterization and especially his portrayal of Herod the Tetrarch

Luke Robert H. Stein, 1992 One in an ongoing series of esteemed and popular Bible commentary volumes based on the New International Version text

The Relationship Between the Baptism with the Spirit and the Isaianic New Exodus Walter Ray Nutt, 2025-05-15

The God of Old Greg Forbes, 2000-10-01 This book is a study of the parables unique to the Third Gospel aiming in particular to establish a link between Luke's choice of these parables and his overall purpose in writing In comparison to the synoptic kingdom parables

one distinguishing feature of the Lukan parables is their more personal portrait of the character and the nature of God himself Luke's desire is to demonstrate to his readers whoever they are that in Christianity the realization of the Jewish hope has occurred The parables promote this idea by offering both continuity OT and contrast contemporary Judaism in their portrait of God Thus as well as operating in a parenetic sense the parables also help to legitimize Luke's argument regarding fulfilment

Light from the Gentiles: Hellenistic Philosophy and Early Christianity Abraham J. Malherbe, 2013-10-10 Rather than viewing the Graeco Roman world as the background against which early Christian texts should be read Abraham J Malherbe saw the ancient Mediterranean world as a rich ecology of diverse intellectual traditions that interacted within specific social contexts These essays spanning over fifty years illustrate Malherbe's appreciation of the complexities of this ecology and what is required to explore philological and conceptual connections between early Christian writers especially Paul and Athenagoras and their literary counterparts who participated in the religious and philosophical discourse of the wider culture Malherbe's essays laid the groundwork for his magisterial commentary on the Thessalonian correspondence and launched the contemporary study of Hellenistic moral philosophy and early Christianity

The Prophethood of All Believers Roger Stronstad, 1999-01-01 For centuries Christians have had the concept of the priesthood of all believers firmly engrained in their minds The prophethood of all believers on the other hand is so Stronstad believes the main focus of Spirit baptism in Luke Acts A landmark study in Lukan pneumatology this book is aimed at a mixed readership ranging from the scholar to the informed layperson The role of the Spirit in Luke is clearly portrayed in terms of vocational empowerment Traditionally Lukan pneumatology has been viewed through Pauline or Johannine spectacles but by interpreting Luke independently of the other Gospels and the epistles Stronstad has cogently argued for the historical and contemporary relevance of Spirit baptism He challenges the reader to develop a new appreciation of Luke's theology of the Holy Spirit and in fact to consider the role of the prophethood of all believers for today's world
