would like to thank the scientists and our guest witnesses for being here this morning and thank you for taking the time to come a long way to be with us Although many of us are familiar with the topic of radiation health effects because of the committee s work on compensation for atomic veterans the testimony today concerns a different type of exposure through medical research and as I said we are here to listen and to learn About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
