Radical Students The Old Left At Sydney University:

Radical Students Alan Barcan, 2002 This is an insight into undergraduate life and thinking at Australia's oldest university where conflicting political ideas found expression on campus Included are articles and reports of meetings from student magazines and the press as well as anecdotes and lively undergraduate wit [The Far Left in Australia since 1945](#) Jon Piccini, Evan Smith, Matthew Worley, 2018-07-11 The far left in Australia had significant effects on post war politics culture and society The Communist Party of Australia CPA ended World War II with some 20 000 members and despite the harsh and vitriolic Cold War climate of the 1950s seeded or provided impetus for the re emergence of other movements Radicals subscribing to ideologies beyond the Soviet orbit Maoists Trotskyists anarchists and others also created parties and organisations and led movements All of these different far left parties and movements changed and shifted during time responding to one political crisis or another but they remained steadfastly devoted to a better world This collection bringing together 14 chapters from leading and emerging figures in the Australian and international historical profession for the first time charts some of these significant moments and interventions revealing the Australian far left's often forgotten contribution to the nation's history *Australia's Boldest Experiment* Stuart Macintyre, 2015-06-01 In this landmark book Stuart Macintyre explains how a country traumatised by World War I hammered by the Depression and overstretched by World War II became a prosperous successful and growing society by the 1950s An extraordinary group of individuals notably John Curtin Ben Chifley Nugget Coombs John Dedman and Robert Menzies re made the country planning its reconstruction against a background of wartime sacrifice and austerity The other part of this triumphant story shows Australia on the world stage seeking to fashion a new world order that would bring peace and prosperity This book shows the 1940s to be a pivotal decade in Australia At the height of his powers Macintyre reminds us that key components of the society we take for granted work welfare health education immigration housing are not the result of military endeavour but policy planning politics and popular resolve [A History of the Modern Australian University](#) Hannah Forsyth, 2014-10-01 In 1857 all of the Arts students at the University of Sydney could fit into a single photograph Now there are more than one million university students in Australia After World War II Australian universities became less elite but more important growing from six small institutions educating less than 0.2 per cent of the population to a system enrolling over a quarter of high school graduates And yet universities today are plagued with ingrained problems More than 50 per cent of the cost of universities goes to just running them They now have an explicit commercial focus They compete bitterly for students and funding an issue sharply underlined by the latest federal budget Scholars rarely feel their vice chancellors represent them and within their own ranks academics squabble for scraps Knowing Australia is a perceptive clear eyed account of Australian universities recounting their history from the 1850s to the present Investigating the changing nature of higher education it asks whether this success is likely to continue in the 21st century as the university's hold over knowledge grows ever more

tenuous The Unknown Judith Wright Georgina Arnott, 2016 Judith Wright 1915-2000 remains a giant figure within Australian art culture and politics. Her 1946 collection of poetry *The Moving Image* revolutionized Australian poetry. She helped to establish the modern Australian environmental movement and was a key player in early campaigns for Aboriginal land rights. A friend and confidante of artists, writers, scholars, activists, and policy makers, she remains an inspiration to many. And yet, as Georgina Arnott is able to show in this major new work, the biographical picture we have had of this renowned poet-activist has been very much a partial one. This book presents a more human figure than we have previously seen and concentrates on Wright's younger years. New material allows us to hear directly, thrillingly, the feisty voice of a young Judith Wright and forces us to reconsider the woman we thought we knew. Thoroughly reader-friendly in organization and presentation, *The Unknown Judith Wright* is unreservedly recommended for community and academic library Literary Studies collections in general and supplemental studies reading lists in the subject areas of Australian History, Art, Poetry, Gender Studies, Literary Criticism, and Biographies. Midwest Book Review Library Bookwatch, January 2017. Subject: Australian History, Art, Poetry, Gender Studies, Literary Criticism, Biography.

What's Wrong with Benevolence David Charles Stove, 2011. Is benevolence a virtue? In many cases it appears to be so. But when it comes to the enlarged benevolence of the Enlightenment, David Stove argues that the answer is clearly no. In this insightful provocative essay, Stove builds a case for the claim that when benevolence is universal, disinterested, and external, it regularly leads to the forced redistribution of wealth, which in turn leads to decreased economic incentives, lower rates of productivity, and increased poverty. As Stove points out, there is an air of paradox in saying that benevolence may be a cause of poverty. But there shouldn't be. Good intentions alone are never sufficient to guarantee the success of one's endeavors. Utopian schemes to reorganize the world have regularly ended in failure. Easily the most important example of this phenomenon is twentieth-century communism. As Stove reminds us, the attractiveness of communism, the emotional fuel of communist revolutionaries for over a hundred years, has always been exactly the same as the emotional fuel of every other utopianism: the passionate desire to alleviate or abolish misery. Yet communism was such a monumental failure that millions of people today are still suffering its consequences. In this most prescient of essays, Stove warns contemporary readers just how seductive universal political benevolence can be. He also shows how the failure to understand the connection between benevolence and communism has led to many of the greatest social miseries of our age.

Donald Horne Ryan Cropp, 2023-08-01. The fascinating biography of a

brilliant man who captured the nation's imagination and boldly showed Australians who we were and how we could change. In the 1960s Donald Horne offered Australians a compelling reinterpretation of the Menzies years as a period of social and political inertia and mediocrity. His book *The Lucky Country* was profoundly influential and without doubt one of the most significant shots ever fired in Australia's endless culture war. Ryan Cropp's landmark biography positions Horne as an antipodean Orwell, a lively independent and distinct literary voice searching for the temper of the people, accepting it and moving on from there. Through the eyes and unforgettable words of this preternaturally observant and articulate man, we see a recognisable modern Australia emerge. Shortlisted for the 2024 National Biography Award. A compulsive read about a writer who shaped the way we Australians think about ourselves. Judith Brett. Unmissable for anybody interested in the intellectual life of this country. Sean Kelly. Ryan Cropp's thoughtful life of Donald Horne charted the restless and provocative habits of his subject with care and elegance and animated decades of faded news and current affairs with colour and poise. Patrick Mullins. Australian Book Review. Books of the Year 2023. In his accomplished and insightful biography, Cropp has captured a full life well lived that was a tribute to the importance of paying attention and making a difference. Julianne Schultz. *The Conversation*. **R.G. Howarth, Australian Man of Letters** Alan Lindsey McLeod, 2005. An early admirer and critic of Howarth's poetry indicated that he had commenced writing verse at the age of seven. He had apparently continued in this avocation for in his first year at Fort Street he was awarded the prize of one guinea donated by the headmaster for the best School song. There have been few Australian academics who have made notable contributions to more than one or two aspects of their discipline. Robert Guy Howarth was one of these. R.G. Howarth was first identified as a talented young poet by the distinguished Australian critic and teacher Dr George Mackaness who studied the teaching of English at Fort Street Sydney High School early last century. While another student, A.D. Hope, also became an influential professor of English and a noted satirist, Howarth worked mainly in the love lyric but also in the aphoristic, epigrammatic and satiric modes of occasional verse. Hope's model was Alexander Pope; Howarth's was Lord Rochester. Both were influenced by the Augustan aesthetic and both influenced the direction of Australian poetry at mid-century. In addition to his verse, Howarth produced a significant body of literary criticism through numerous contributions to journals through his long-term editing of *Southerly* and guiding of the English Association Sydney Branch. He influenced both the direction of scholarship and the development of standards of criticism in Australia. In his seventeen years as Arderne Professor of English Literature in the University of Cape Town, his influence on English studies in South Africa was commensurate with his influence in Sydney. Throughout his academic life, Guy Howarth was an indefatigable correspondent maintaining contact with writers, academics and personal friends worldwide, as his archives in the library of the University of Texas show. In recognition of his contribution to the world of letters, he was made a Fellow of the Royal Society of Literature. **Teacher for Justice** Heather Goodall, Helen Randerson, Devleena Ghosh, 2019-08-26. *Teacher for Justice* is a major contribution to the history of the women's movement.
