The Radical Leap Re-Energized Steve Farber,2011-05-20 **Life M.**

Kronegger,Anna-Teresa Tymieniecka,2012-12-06 In her Introduction Tymieniecka states the core theme of the present book sharply Is culture an excess of nature s prodigious expansiveness an excess which might turn out to be dangerous for nature itself if it goes too far or is culture a natural congenial prolongation of nature life If the latter then culture is assimilated into nature and thus would lose its claim to autonomy its criteria would be superseded by those of nature alone Of course nature and culture may both still be seen as being absorbed by the inner powers of specifically human inwardness on which view human being caught in its own transcendence becomes separated radically in kind from the rest of existence and may not touch even the shadow of reality except through its own prism Excess therefore or prolongation And on what terms The relationship between culture and nature in its technical phase demands a new elucidation Here this is pursued by excavating the root significance of the multiple rationalities of life In contrast to Husserl who differentiated living types according to their degree of participation in the world the phenomenology of life disentangles living types from within the onto-poietic web of life itself The human creative act reveals itself as the Great Divide of the Logos of Life a divide that does not separate but harmonizes thus dispelling both naturalistic and spiritualistic reductionism

Impetus and Equipose in the Life-Strategies of Reason Anna-Teresa Tymieniecka,2000-12-31 Employing her original concept of the onto-poiesis of life the author uncovers the intrinsic law of the primogenital logos that which operates in the working of the indivisible dyad of impetus and equipose This is the crucial intrinsically motivated device of logoic constructivism This key instrument is engaged is at play at every stage of the advance of life In a feat unprecedented in the history of western philosophy the emergence and unfolding of the entire orbit of the human universe is shown to bear out this insight Furthermore the intrinsic rhythms of impetus and equipose are taken as a guide in uncovering the workings of the logos all at once in contrast to the piecemeal exposition of a single line of argument In a schema covering the entire career of beingness in becoming between the infinities of origin and destiny an historically unprecedented harmonizing all sectors of rationality is accomplished in a

span of reflection comparable to Spinoza's Ethics The work draws on interdisciplinary investigations in both science and the arts All of the history of Occidental philosophy finds summary in it even as feelers guidelines leitmotifs are thrown out for its future development A landmark of Occidental philosophy at the turn of the millennium Meskerem ,1982 **The God Within** Emil Fackenheim,1996-12-15 For nineteenth century thinkers the central problem of religious consciousness in the modern West was the tension between prevailing concepts of individual autonomy and the traditional Judaeo Christian claim for divine revelation The God Within brings together ten of Professor Emil Fackenheim's essays on the German Idealists who struggled to resolve this tension This philosophic preoccupation found its most searching and comprehensive expression when the traditional notion of God as Transcendent was reconceptualized as the God within The internalization of God's otherness reached its climax with Hegel the subject of Fackenheim's earlier work The Religious Dimension in Hegel's Thought This long awaited companion to that volume examines the earlier stages of the process beginning with its initiator Kant then considering Schelling in both his earlier and later phases and finally looking once more at Hegel The investigation of this movement together with the related themes of history and the literary arts leads to reflection on the significance of taking historicity seriously Included is the classic much cited article Metaphysics and Historicity which connects the philosophy of German Idealists to twentieth century questions of historicity and existential thought in particular The previously unpublished essay Schelling in 1800 1801 Art as Revelation provides an overview of philosophical history from Kant through Fichte and Schleiermacher to the later Schelling All the essays gathered here are concerned with the radical singularity of history and existence on the one hand and the demands of philosophical truth on the other They are informed by Professor Fackenheim's engagement with the profound philosophical challenges of our day particularly his efforts as a Jewish theologian to confront the horrors of the Holocaust We see through Fackenheim's exposition how these thinkers sought to come to terms with the presence of radical evil a problem whose modern relevance is explored in this volume's epilogue the 1988 essay Holocaust and Weltanschauung Philosophical Reflections on Why They Did It **The 100 Best Business Books of All Time** Jack Covert,Todd Sattersten,2011-11-01 Thousands of business books are published every year Here are the best of the best After years of reading evaluating and selling business books Jack Covert and Todd Sattersten are among the most respected experts on the category Now they have chosen and reviewed the one hundred best business titles of all time the ones that deliver the biggest payoff for today's busy readers The 100 Best Business Books of All Time puts each book in context so that readers can quickly find solutions to the problems they face such as how best to spend The First 90 Days in a new job or how to take their company from Good to Great Many of the choices are surprising you'll find reviews of Moneyball and Orbiting the Giant Hairball but not Jack Welch's memoir At the end of each review Jack and Todd direct readers to other books both inside and outside The 100 Best And sprinkled throughout are sidebars taking the reader beyond business books suggesting movies novels and even children's books that offer equally relevant insights This guide will

appeal to anyone from entry level to CEO who wants to cut through the clutter and discover the brilliant books that are truly worth their investment of time and money **The Wayfarer's Inn** Peter B. Unger,2024-12-12 What does it mean to be a Christian This question has been wrestled with and answered in innumerable ways for nearly two thousand years The Wayfarer s Inn grapples with this question while being mindful of the unique challenges facing the contemporary church A church governing committee filled with conflict a bus crash a mysterious inn where the committee members and pastor are stranded a mysterious inn staff and a surprise ending continue to draw the reader in throughout this unique Christmas fantasy Largely dialogical the pastor and committee members interact in ways that are all too human and familiar This makes it easy for the reader to identify with one or more of the well defined cast of characters Readers may find themselves grappling along with the stranded travelers with a question that holds critical relevance and imperative value for the church today **Dysfunction** Dennis McConaghy,2017-01-21 The Keystone XL pipeline was most controversial North American energy infrastructure project of our time and its history and demise serve as a cautionary tale for Canada a country that will remain mired in regulatory dysfunction until it finds common ground between economic value and credible carbon policy

Crawford,2024-12-30 In this groundbreaking book Brian J Crawford navigates the complex intellectual landscape that has traditionally separated Jews and Christians His focus is on a scandalous claim God became a man as Jesus of Nazareth Since the Middle Ages Jewish philosophers have said such an idea is impossible and absurd and Jewish mystics have said the idea is redundant for all things are inhabited by divine sparks By critically examining the philosophical underpinnings of the Maimonidean and Kabbalistic thought that has shaped Jewish theology Crawford constructs a compelling case for the incarnation that is grounded in the Hebrew Scriptures consistent with history informed by science and illuminated by philosophical inquiry Included within is a deep interaction with

Maimonides's Guide to the Perplexed the Jewish mystical tradition historical Christian orthodoxy and Messianic Jewish theology This landmark study promises to reinvigorate Jewish Christian discourse on the nature of God the Jewishness of the Trinity and the incarnation and the role of philosophy in Judaism and Christianity
