Leithart, 2003 Peter Leithart's typological reading of the unified book of 1 and 2 Samuel unleashes the literary power of this key Old Testament narrative By giving careful attention to the book s literary structures and its patterns of types and antitypes the symbolic world of Samuel reveals a cumulative and cohesive story Leithart's reading of Samuel enhances our understanding of New Testament Christology and gives us a framework for applying the Old Testament to our own lives as the book comes alive as a tragic and beautiful story of the rebirth of Israel in difficult times Kalashnikov Culture Christopher Carr, 2008-07-30 This work is a bridge between the failed weak states literature and that which examines issues relating to small arms proliferation Carr investigates the cultural impact of the availability of these easy to come by weapons This cultural dynamic has a direct and deadly impact on issues such as arms control illegal and illicit trading gun cultures the nexus between criminality and militia warfare and the social impact of arms proliferation and the struggle for weak states who attempt to govern The case studies will appeal to those with regional or comparative interests Although the tone is academic the topics and the subject matter will make this book of interest to those outside of the academic community The work takes the form of alternating chapters in which elements of Kalashnikov enculturation for example the peculiar forms of aberrant economic activity that exist within Kalashnikov cultures are paired with chapter length mini case studies such as that dealing with armed gang movements in Jamaica Papua New Guinea and Brazil The whole work is bounded by the contention that under certain conditions heavily weaponized societies create their own milieu which in turn gives rise to communities that find ways to survive and sometimes thrive within an ambiance of chronic insecurity
