WILSON,2009-06-30 The patrolman has the most difficult complex and least understood task in the police department Much less is known of him than of his better publicized colleague the detective In this important and timely book James Q Wilson describes the patrolman and the problems he faces that arise out of constraints imposed by law politics public opinion and the expectations of superiors The study considers how the uniformed officer in eight communities deals with such common offenses as assault theft drunkenness vice traffic and disorderly conduct Six of the communities are in New York State Albany Amsterdam Brighton Nassau County Newburgh and

Syracuse The others are Highland Park Illinois and Oakland California Enforcing laws dealing with common offenses is especially difficult because it raises the question of administrative discretion Murder in the eyes of the police is unambiguously wrong and murderers are accordingly arrested but in cases such as street corner scuffles or speeding motorists the patrolman must decide whether to intervene should the scuffle be stopped should the motorist be pulled over and if he does just how to intervene by arrest a warning an interrogation In most large organizations the lowest ranking members perform the more routinized tasks and the means of accomplishing these tasks are decided by superiors but in a police department the lowest ranking officer the patrolman is almost solely responsible for enforcing those laws which are the least precise the most ambiguous Three ways or styles of policing the watchman the legalistic and the service styles are analyzed and their relation to local politics is explored In the final chapter Mr Wilson discusses if and how the patrolman's behavior can be changed and examines some current proposals for reorganizing police departments He observes that the ability of the patrolman to do his job well may determine our success in managing social conflict and our prospects for maintaining a proper balance between liberty and order
