*Rain in the Lyle Hollow* Douglas F. life's dreams never come out perfect or last forever. It becomes a growing and changing experience where the characters learn as they come and go in time and importance to others while still managing to make a difference. This collection contains ten short stories of such change, lament and brief happiness all by circumstance and rarely planned. The characters adapt and try to maintain their uncertain world always hoping for the best but rarely achieving it. Come along as they deal with these changes the best way they can and experience life seemingly always on the edge. While they may always seem flawed the reader will come to love these characters for who they are regardless of the stage of life or circumstances they currently live within.

**Tales From the Hollow** Scott Kennedy, 2022-11-28 This story begins some 13 000 years ago at the end of the last ice age before travelling thousands of years ahead to the early pioneers and the farms they established and right up to the present day. Readers will learn how the local St John's Anglican Church welcomed its first worshippers when Beethoven was still performing in the concert halls of Europe. They will meet Cornelius van Nostrand born in 1730 twenty six years before Mozart and eleven years before the first performance of Handel's Messiah and now at rest in St John's churchyard. This rich history also includes such diverse figures as Amelia Earhart who discovered her love of flying at an aerodrome overlooking Hogg's Hollow and Northern Dancer the most influential Thoroughbred racehorse in history. Members of the British Royal Family including two Kings of England were also regular visitors to the area staying in later years with E P Taylor and his wife Winifred at the Taylors Windfields Farm where Northern Dancer was also a resident.

**Clearly Now, the Rain** Eli Hastings, 2013-05-01 This memoir of a relationship with a self destructive woman is as elemental, lyrical and cringe inducing a love story as they come. Kirkus Reviews: Suspenseful, darkly funny and devastating this is Eli Hastings's true story of his troubled decade long relationship with his friend Serala. At family events Serala wore saris and ate delicately from plates of curry. But elsewhere she wore a lip ring, designer shades and a cowboy hat, would regularly drink frat boys under the table, would sleep less than five hours a week and would place herself in dangerous situations for another bag of heroin. Serala's complex character and seemingly haphazard choices are brought to vivid life from ill advised quests for narcotics in Mexican border towns to unplanned fifty hour road trips from Los Angeles to New York City. Although her dark and traumatic journey concluded tragically at age twenty seven Hastings writes with a sense of hope and tenderness in this drug romance and adventure filled memoir of their unique relationship. The Seattle Times: An unflinching account of how it feels to be young and flirting with the abyss in America. The narrator's observations as he and his friends ride rough across the U S A all pulled to orbit around their friend, lover and lost soul Serala are also an investigation into the dangerously different ways that people respond to addiction. This is an elegy, yes, as if told by a boy who began his quest tutored by Kerouac's ghost but became on this hard road a man schooled in love by the spirit of the Dalai Lama.
