The Rainbow Watchers Diana Hendry, 2003 *The Rainbow Watchers* Diana Henery, 1924-12-01 **People of the Rainbow** Michael I. Niman, 1997 Since 1972 the Rainbow Family of Living Light a loosely organized and anarchistic nomadic community has been holding large gatherings in remote forests to pray for world peace and create a model of a functioning utopian society Michael I Niman s *People of the Rainbow* originally published in 1997 was the first comprehensive study of this countercultural group and its eclectic philosophy of environmentalism feminism peace activism group sharing libertarianism and consensus government It is a book yet to be superseded This second edition of Niman s compelling and insightful work brings the Rainbow story up to date with a new introduction and two extensive new epilogues While the big annual Rainbow Gatherings have drawn fewer numbers in recent years Niman notes the Rainbow ethos has in many ways migrated to the mainstream as Rainbow notions about alternative medicine and environmental sustainability for example have gathered wider acceptance and influenced the national dialogue Meanwhile Rainbow movements in other regions from Eastern Europe and the Middle East to Asia and Australia are thriving In addition to addressing changes within the Rainbow Family and its complex relationship to Babylon what Rainbows call mainstream culture the book s new material explores the growing harassment Rainbows now face from U S law enforcement agencies especially those associated with the National Forest Service As Niman contends this particular saga of a U S bureaucracy at war with its own citizens is a subplot in the larger and disturbing story of how the relationship between Americans and their government has changed during the first decade of the twenty first century In its nuanced portrait of an intriguing subculture its successes and its limitations *People of the Rainbow* remains a significant contribution to the study of utopian communities in the United States and their ongoing legacy Michael I Niman is a professor of journalism and media studies in the Communication Department at Buffalo State College in New York **The Starry Room** Fred Schaaf, 2012-08-07 Inspiring enriching essays tell beginning star gazers how to find and where to look for planetary conjunctions a shooting star streaking comets a lunar eclipse constellations meteor showers halos and other celestial phenomena 5 illustrations **Revelations of the Watchers** Timothy Wyllie, 2021-07-27 Explains how the new Atlantis was rebuilt using ancient Lemurian construction techniques and how Poseidon was put in charge by nefarious Prince Caligastia Explores the rise of shamanism the hidden history of Akhenaten and the privileged role of the Yazidi people in the spiritual evolution of the planet Exposes how our planet is one of the worlds on which the rebel angels have been the accorded the privilege of a mortal incarnation During the angelic rebellion 203 000 years ago which led to the quarantine of Earth and 36 other planets from the Multiverse Georgia an angel of Seraphic status aligned herself with Lucifer and the rebel angels After the rebellion Georgia was permitted to remain on this planet and become a Watcher Writing together with Timothy Wyllie in this book Georgia provides her personal account of Earth during the second rise of Atlantis Georgia explains how the new Atlantis was home to the few surviving Lemurians and

was rebuilt using ancient Lemurian construction techniques She reveals how Prince Caligastia put Poseidon in charge of the new Atlantis in order to keep him from interfering with the Prince s imposition of monotheism in southern Palestine She explores the rise of shamanism through the entheogenic use of power plants first on the Islands of Mu then in the Nile Valley and later among the Aborigines of Australia She also looks at the hidden history of Pharaoh Akhenaten and the privileged role of the Yazidi people in the spiritual evolution of the planet and how even today the attempts to extinguish their culture is the work of Caligastia s agents Interwoven with Georgia s narrative of Earth s ancient history are her observations of Timothy Wyllie s current and previous lives including his involvement with the Process Church his struggle to leave it and his spiritual activities after he left Through her revelations Georgia exposes the supreme significance of Earth in the larger Multiverse and how our planet is one of the worlds on which the rebel angels have been accorded the privilege of a mortal incarnation Georgia shares her words in part to awaken the 100 million rebel angels currently living their human lives She reveals how a mortal incarnation for a rebel angel is an opportunity to redeem their past and help prepare for the imminent transformation of consciousness as the rebel held planets including Earth are welcomed back into the Multiverse

Watchers retells the events of Book One from the opposing side offering a story of loyalty doubt and the razor thin line between salvation and catastrophe Perfect for readers who enjoy the moral complexity of The Stormlight Archive and the atmospheric magic of Shadow and Bone Choose your side before the orchard burns Rainbow's End Maury Klein,2003-05-01 Rainbow s End tells the story of the stock market collapse in a colorful swift moving narrative that blends a vivid portrait of the 1920s with an intensely gripping account of Wall Street s greatest catastrophe The book offers a vibrant picture of a world full of plungers powerful bankers corporate titans millionaire brokers and buoyantly optimistic stock market bulls We meet Sunshine Charley Mitchell head of the National City Bank powerful financiers Jack Morgan and Jacob Schiff Wall Street manipulators such as the legendary Jesse Livermore and the lavish living Billy Durant founder of General Motors As Klein follows the careers of these men he shows us how the financial house of cards gradually grew taller as the irrational exuberance of an earlier age gripped America and convinced us that the market would continue to rise forever Then in October 1929 came a perfect storm like convergence of factors that shook Wall Street to its foundations We relive Black Thursday when police lined Wall Street brokers grew hysterical customers bellowed like lunatics and the ticker tape fell hours behind This compelling history of the Crash the first to follow the market closely for the two years leading up to the disaster illuminates a major turning point in our history *The Watchers* William Rayer,2018-11-07 In the vastness of space there are the Watchers Who are they Where did they come from Those are the questions the Family of Man would like to answer The Watchers are an enigmatic race that controls the universe in ways unknown to the Family of Man They made their presence known only a few times in the history of the Family of Man Popping in and out of existence they offer aid and ideas at critical times They brought a faction of the Family of Man back to their Homeworld to recolonize and develop what they feared had been destroyed by their sun Humanity had gained their attention when nuclear weapons had been launched in space near Jupiter an incident that could have changed the history of the human solar system Come along with Aiden and Stovan as they attempt to discover the truth about these entities called The Watchers **Letter's from Tomas** Amaranth J Warren,2018-12-12 Connected throughout time and space were a man and a woman Although they had yet to meet there was a knowing deep in their souls of a love they shared Do you have a longing that you can t quite put your finger on Does the twin flame phenomena stir something inside you It took me well into adulthood to finally find the courage to peer into the realms of my soul where the Pleiadian elders held my hand connecting me with Tomas within the twin flame phenomenon What does a person do when they are shown a wormhole to a different dimension by entities that have time traveled down to a mere thought wave Letters were shared by my intangible mate and not one in pen My beloved Tomas and the Pleiadians led me on a journey to my destiny Only the wildlife that shared the woodlands where the little stone cabin rested were to bear witness of the esoteric events that unfolded that summer where the river runs north Telepathic energies allowed me to learn much from the previous unfamiliar realms of my mind validated by the Pleiadians who in turn shared timeless and insightful

lessons for anyone to read and follow thirty in all The Pleiadians my teachers my guides and my friends influenced the principles in this book with their wisdom to share with those seeking to raise the vibrations of the planet with the twin flame unions Through my personal mission I learned the intricate details of the power of thought and how the simplicity of the little things we take for granted are in fact the big things linking us telepathically to our collective subconscious Past present and future come full circle when we look inside the origins of our soul *The Rainbow's Light* Derek Earls,2016-10-12 Droplets of evil had diluted and eventually dispersed the white power of the suns special light The special light had a purpose It was created for such a time as this The purpose carried a good intent but some devilry had diluted and dispersed the good intent It was remembered by those occasions when rainbows arched the sky The rainbows appeared less to men and others forgot But most men had forgotten the purpose of the rainbows reminder and most men and others had never known the purpose of the special light It was always known by a few that such a time as this would come The few intent on good feared the coming of such a time Now the greater number who were evil were aware that the time or a time had come They were at first unaware that the special light might reconvene as a whole and that the white power of the whole might thwart their intent These others were not men not human Though they had mans outward appearance most were subhuman some were superhuman Evil intent rested with the superhuman but to them the intent was not evil just inevitable Only those carried upon the waves of the special light had the energy to combat the evil intent and then it was only when they came together
