Rainer Maria Rilke Ingeborg Schnack,1973 *Rainer Maria Rilke: Leben u. Werk im Bild* Ingeborg Schnack,1973

Reading Rilke's Orphic Identity Erika M. Nelson,2005 Studies in Modern German and Austrian Literature publishes research and scholarship devoted to German and Austrian literature of all forms and genres from the eighteenth century to the present day The series promotes the analysis of intersections of literature with thought society and other art forms such as film theatre autobiography music painting sculpture and performance art *The Replaceability Paradigm* Niall

Martin,Ilios Willemars,2024-06-04 The trope of humans being replaced by AI is one of the most familiar examples of the rhetoric of replaceability Not only have questions about what is unique and what is replaceable gained momentum in digital culture but notions of fungibility have emerged in many other contexts as well such as ecology management theory and more sinisterly in racist and conspiracist thinking This volume argues that there is a replaceability paradigm at work throughout the culture of modernity from the European Renaissance through Freudian psychoanalysis Chinese science fiction and postcolonial theory all the way to neural network programs such as Google s DeepDream This collection will be of interest to anybody engaged with the conceptual architecture of contemporary culture whether through film literature or new digital media

Encyclopedia of Life Writing Margaretta Jolly,2013-12-04 First published in 2001 This is the first substantial reference work in English on the various forms that constitute life writing As this term suggests the Encyclopedia explores not only autobiography and biography proper but also letters diaries memoirs family histories case histories and other ways in which individual lives have been recorded and structured It includes entries on genres and subgenres national and regional traditions from around the world and important auto biographical writers as well as articles on related areas such as oral history anthropology testimonies and the representation of life stories in non verbal art forms *Rainer Maria Rilke:*

Leben u. Werk im Bild Ingeborg Schnack,1973 *Duino Elegies* Rainer Maria Rilke,2023 A new translation of Rilke s great work with close readings of each of the ten elegies elucidating how their poetic attributes constitute their meaning Rilke continues to be the most read and discussed German poet of the modern period The Duino Elegies together with the Sonnets to Orpheus remain his greatest achievement The themes of the ten elegies and the conceptual world unique to Rilke from which they emerge can best be understood through their poetic form their imagery and neologistic formations their angular syntax their abrupt changes of tone and linguistic register their use of multiple personae and speaking voices and the often ironic self presentation of the author Commentators however have often treated these features as mere formal devices that we can somehow see through to get to what really matters that is to what Rilke has to say about the human condition or the meaning of life to his philosophy or worldview On the contrary they are constitutive of meaning in the elegies and understanding them is crucial to our experience of reading Rilke s work The purpose of this book is to make such features visible and to explain them to the reader as clearly as possible This is the first full length book in English devoted to the

elegies in over thirty years It offers an entirely new translation of each elegy paired with the original German text and a close reading of each *The British Library general catalogue of printed books to 1975* British Library,1985 Encyclopedia of German Literature Matthias Konzett,2015-05-11 Designed to provide English readers of German literature the opportunity to familiarize themselves with both the established canon and newly emerging literatures that reflect the concerns of women and ethnic minorities the Encyclopedia of German Literature includes more than 500 entries on writers individual work and topics essential to an understanding of this rich literary tradition Drawing on the expertise of an international group of experts the essays in the encyclopedia reflect developments of the latest scholarship in German literature culture and history and society In addition to the essays author entries include biographies and works lists and works entries provide information about first editions selected critical editions and English language translations All entries conclude with a list of further readings Das schöne Gegengewicht der Welt Birgit Haustedt,2025-02-23 Auf den Spuren von Rilke Venedig in 11 Spaziergängen Mit Gondel und Vaporetto meist jedoch zu Fuß erkundete er die Lagunenstadt seinen Sehnsuchtsort Markusplatz und Lido inspirierten ihn ebenso wie eine verlassene Großerwerf das Arsenal er wohnte in einfachen Pensionen ebenso wie in prächtigen Palazzi venezianischer Mode Rilke ging eigene Wege unabhängig von den rechthaberischen Sternchen im Baedeker und er nahm alles anders auf als gewöhnliche Menschen so Marie von Thurn und Taxis Hohenlohe seine Gastgeberin am Canal Grande Auf elf Spaziergängen führt Birgit Haustedt durch Rilkes Venedig und gibt Tipps und Hinweise für heutige Besucherinnen **"Kunstleben"** Jörg Schuster,2014-06-18 Die Epistolarkultur um 1900 ist bislang kaum erforscht worden obwohl Autoren wie Hugo von Hofmannsthal und Rainer Maria Rilke immens viele Briefe verfasst haben deren Poetizität an Prosagedichte heranreicht Die Studie fragt nach der produktiven kulturpoetischen Funktion dieser Briefe Analog zum Jugendstil in der Bildenden Kunst und Architektur fungieren sie als Formen der Gebrauchskunst die auf die umfassende Modernisierung reagieren Infrage steht die Konstruktion einer Text und Lebenswelt die nur als ästhetische zu ertragen ist In genauen Einzelanalysen geraten Versuche literarischer Kreisbildung und Experimente ästhetischer Erziehung ebenso in den Blick wie die Ökonomie des Briefs und im Kontext einer Kulturpoetik des Innen Raums um 1900 Konzepte des epistolaren Interieurs **Modern German Literature** Jethro Bithell,2020-01-31 Originally published in 1939 and revised in 1959 this book traces back to their origins the literary movements and phases of German literature of 1880 to 1950 as they occur and shows how and why they pass over into succeeding phases It closely analyses Naturalism Impressionism Neoromanticism and Expressionism as well as dealing exhaustively with Surrealism Magic Realism and Existentialism The book includes discussion of post war Anglo American and French literature Wo die Geister wandern Dirk Heiße,2008 **RAINER MARIA RILKE: LEBEN U WERK IM BILD MIT E BIOGRAPH.** I.
