György Lukács

Realism In Modern Literature:

Realism in Modern Literature George Joseph Becker, 1980 Analyse van de achtergronden en definities van de diverse realistische stromingen in de wereldliteratuur met een overzicht van de voornaamste werken sedert ca 1870 **Documents of Modern Literary Realism** George Joseph Becker, 2015-12-08 Using selections by American British French German Russian Scandinavian Spanish Portuguese and South American critics and authors Professor Becker illustrates how realism arose as a reaction to romanticism and how the practitioners of realism developed conflicting ideas about the means they should use and the ends toward which they should strive The selections are concerned mainly with prose since according to the author prose fiction has been the major vehicle of realism Originally published in 1963 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 The Meaning of Contemporary Realism György Lukács, 1963 With a new introduction by Dr Gary Day De Montfort University Leicester UK An argument for literary realism as opposed to modernism contrasting Mann and Kafka The book also argues for socialist as opposed to critical realism in literature This text refers to an unavailable edition of this title **Imagined Truths** Mary L. Coffey, Margot Versteeg, 2019-05-09 Imagined Truths provides a twenty first century analysis of stylistic and philosophical manifestations of nineteenth and twentieth century Spanish literary realism Bringing together the work of the foremost specialists in the field of contemporary Spanish letters this collection offers new approaches to literary and cultural criticism and reveals how Spanish realism far from imitative of other European movements engaged in complex and modern concepts of representation and mimesis Imagined Truths acknowledges the critical importance of women writers and contemporary approaches to questions of gender The essays address the impact of economics on our perceptions of reality and our constructions of everyday life and they argue for the importance of emotions in the social construction of individual identity Most importantly the essays acknowledge the post imperial turn in literary studies Addressing a broad range of authors works and topics including the continued relevance of Cervantes s Don Quijote and the way Spanish realism moved beyond narrative to inhabit the spaces of both theatre and film Imagined Truths comprises a series of meditations on new ways of understanding the unique place of realism in Spanish cultural history Offering insights for specialists in a wide range of disciplines literature cultural studies gender studies history philosophy this collection is equally important for readers just becoming acquainted with realist narrative as a central component of Spanish literary history *Landscapes of Realism* Dirk Göttsche, Rosa Mucignat, Robert Weninger, 2021-04-15 Few literary phenomena are as elusive and yet as persistent as realism While it responds to the perennial impulse to use literature to reflect on experience it also designates a specific set of

literary and artistic practices that emerged in response to Western modernity *Landscapes of Realism* is a two volume collaborative interdisciplinary exploration of this vast territory bringing together leading edge new criticism on the realist paradigms that were first articulated in nineteenth century Europe but have since gone on globally to transform the literary landscape Tracing the manifold ways in which these paradigms are developed discussed and contested across time space cultures and media this first volume tackles in its five core essays and twenty five case studies such questions as why realism emerged when it did why and how it developed such a transformative dynamic across languages to what extent realist poetics remain central to art and popular culture after 1900 and how generally to reassess realism from a twenty first century comparative perspective

The Concept of Modernism Astradur Eysteinnsson, 2018-07-05 The term modernism is central to any discussion of twentieth century literature and critical theory Astradur Eysteinnsson here maintains that the concept of modernism does not emerge directly from the literature it subsumes but is in fact a product of critical practices relating to nontraditional literature Intervening in these practices and correlating them with modernist works and with modern literary theory Eysteinnsson undertakes a comprehensive reexamination of the idea of modernism Eysteinnsson critically explores various manifestations of modernism in a rich array of American British and European literature criticism and theory He first examines many modernist paradigms detecting in them a conflict between modernism's culturally subversive potential and its relatively conservative status as a formalist project He then considers these paradigms as interpretations and fabrications of literary history Seen in this light modernism both signals a historical change on the literary scene and implies the context of that change Laden with the implications of tradition and modernity modernism fills its major function that of highlighting and defining the complex relations between history and postrealist literature Eysteinnsson focuses on the ways in which the concept of modernism directs our understanding of literature and literary history and influences our judgment of experimental and postrealist works in literature and art He discusses in detail the relation of modernism to the key concepts postmodernism the avant garde and realism Enacting a crisis of subject and reference modernism is not so much a form of discourse he asserts as its interruption a possible other modernity that reveals critical aspects of our social and linguistic experience in Western culture Comparatists literary theorists cultural historians and others interested in twentieth century literature and art will profit from this provocative book

American Naturalistic and Realistic Novelists Edd C. Applegate, 2001-11-30 Realistic writers seek to render accurate representations of the world and their novels contain authentic details and descriptions of their characters and settings Like Realistic authors Naturalistic ones similarly try to portray the world accurately but they tend to depict the darker side of life Realism was born in Europe in the nineteenth century and soon became popular in the United States while Naturalism became prominent at the beginning of the twentieth century Both traditions have continued in one form or another to the present day and Realistic and Naturalistic novelists include some of America's most significant authors such as Sherwood Anderson Saul Bellow Ambrose

Bierce Willa Cather Theodore Dreiser Ralph Ellison and Jack London This reference includes biographical and critical entries for more than 120 American Naturalistic and Realistic novelists An introductory essay discusses the history of the Realistic and Naturalistic traditions points to the difficulty of defining them and surveys the many authors who have been associated with the two movements The entries that follow are arranged alphabetically to facilitate use Each includes basic biographical information and a narrative overview of the writer s educational background professional career and published works The writer s works are briefly discussed in relation to the Realistic and Naturalistic traditions Entries include primary and secondary bibliographies and the volume closes with a list of works for further reading

Adventures in Realism Matthew Beaumont, 2008-04-15 Adventures in Realism offers an accessible introduction to realism as it has evolved since the 19th century Though focused on literature and literary theory the significance of technology and the visual arts is also addressed Comprises 16 newly commissioned essays written by a distinguished group of contributors including Slavoj Zizek and Frederic Jameson Provides the historical cultural intellectual and literary contexts necessary to understand developments in realism Addresses the artistic mediums and technologies such as painting and film that have helped shape the way we perceive reality Explores literary and pictorial sub genres such as naturalism and socialist realism Includes a brief bibliography and suggestions for further reading at the end of each section

Istanbul 1940 and Global Modernity E. Khayyat, 2018-12-11 Istanbul 1940 and Global Modernity The World According to Auerbach Tanpinar and Edib engages Erich Auerbach s Istanbul career and his pioneering works of comparative literature in a new light It interprets Auerbach s works against the background of his Turkish colleagues analogous works that like Auerbach s masterpieces were drafted at Istanbul University in the 1940s Unlike Auerbach s writings which center around Western literary cultures and Christianity these Turkish writings trace non Western largely Islamicate cultural histories The critic novelist and poet Ahmet Hamdi Tanpinar 1901 1962 and his illustrious senior the Muslim feminist humanist and novelist Halide Edib 1884 1964 focused on Middle Eastern and South Asian cultural trajectories In addition to offering groundbreaking insights into their respective cultural legacies Auerbach Tanpinar and Edib elaborated extensively on the intercrossing that is their meeting place the chiasmic space of modern literature Interpreting their writings as the work of a collective Istanbul 1940 and Global Modernity examines the new paths these critics opened for theorizing literary modernity world literature and the comparative study of literature and religion

Magical Realism and Literature Christopher Warnes, Kim Anderson Sasser, 2020-11-12 Magical realism can lay claim to being one of most recognizable genres of prose writing It mingles the probable and improbable the real and the fantastic and it provided the late twentieth century novel with an infusion of creative energy in Latin America Africa Asia and beyond Writers such as Alejo Carpentier Gabriel Garc a M rquez Isabel Allende Salman Rushdie Ben Okri and many others harnessed the resources of narrative realism to the representation of folklore belief and fantasy This book sheds new light on magical realism exploring in detail its global origins and development It offers new perspectives of the history of
