

Social Construction of the Field of Entrepreneurship Research

- **What is an Entrepreneurship research?**
 - Entrepreneurship research is, in a sense, caught between two projects: the development of scientific knowledge related to the realities of entrepreneurship, and active participation in those realities.
 - Entrepreneurship research is at one and the same time a strategy employed by members of the field and a stake in their social relations.

The Politics of Christian Zionism 1891-1948 Paul C. Merkley, 2012-10-12 For this book Professor Merkley has researched presidential archives Jewish historical libraries and official Zionist records in the US and in Israel for evidence of the dealings between official Zionists and active Christian Restorationists Much of this record appears here for the first time in print and is linked to the much better known history of the relationship between the official Zionists and the politicians and leaders of the US and Britain

Britain and Its Mandate over Palestine John Quigley, 2022-09-13 Analysis of Britain s role in Palestine has proceeded on the assumption that Britain was lawfully in control of the territory Analysts differ on whether what it did was proper but they agree that Britain had a lawful mandate and that through the League of Nations and that the international community advocated for Jewish territorial rights in Palestine This analysis though widely shared is incorrect Britain had no territorial rights itself to govern Palestine It was there by dint of force of arms The mandate it had over Palestine was initiated unilaterally The mandate was not given to Britain by the League of Nations The League of Nations had no authority over Palestine and in particular nothing it could give to Britain The document that Britain composed for the governance of Palestine was never approved by the League of Nations When in 1947 Britain had to explain the United Nations its legal status in Palestine it resorted to distorting the historical facts in an effort to make it appear it had been in Palestine lawfully

The Making of an Alliance David Tal, 2022-01-06 A critical overview and re evaluation of the origins and development of the special relations between Israel and the United States

American Sea Power in the Old World William N Still, 2018-02-15 This classic study examines the deployment of U S naval vessels in European and Near Eastern waters from the end of the Civil War until the United States declared war in April 1917 Initially these ships were employed to visit various ports from the Baltic Sea to the eastern Mediterranean and Constantinople today Istanbul for the primary purpose of showing the flag From the 1890s on most of the need for the presence of the American warships occurred in the eastern Mediterranean and the Black Sea Unrest in the Ottoman Empire and particularly the Muslim hostility and threats to Armenians led to calls for protection This would continue into the years of World War I In 1905 the Navy Department ended the permanent stationing of a squadron in European waters From then until the U S declaration of war in 1917 individual ships detached units and special squadrons

were at times deployed in European waters In 1908 the converted yacht Scorpion was sent as station ship stationnaire to Constantinople where she would remain operating in the eastern Mediterranean and Black Sea until 1928 Upon the outbreak of World War I President Woodrow Wilson ordered cruisers to northern European waters and the Mediterranean to protect American interests These warships however did more than protect American interests They would evacuate thousands of refugees American tourists Armenians Jews and Italians after Italy entered the conflict on the side of the Allies

No Haven for the Oppressed Saul S. Friedman, 2017-12-01 No Haven for the Oppressed is the most thorough and the most comprehensive analysis to be written to date on the United States policy toward Jewish refugees during World War II No Haven for the Oppressed is the most thorough and the most comprehensive analysis to be written to date on the United States policy toward Jewish refugees during World War II Friedman draws upon many sources for his history significantly upon papers which have only recently been opened to public scrutiny These include State Department Records at the National Archives and papers relating to the Jewish refugee question at the Roosevelt Library at Hyde Park Such documents serve as the foundation for this study together with the papers of the American Friends Service Committee of Rabbis Stephen Wise and Abba Silver Senator Robert Wagner Secretary Hull and Assistant Secretary of State Breckinridge Long of the American Jewish Archives the National Jewish Archives and extensive interviews with persons intimately involved in the refugee question Professor Friedman describes America's pre war preoccupation with economic woes immigrants particularly Jewish immigrants were viewed as competitors for scarce jobs President Franklin D Roosevelt although personally sympathetic to the dilemma of Jews was not willing to risk public and congressional support for his domestic programs by championing legislation or diplomacy to increase Jewish immigration The court packing scandal and the unsuccessful purge of Southern Democrats had left his popularity at an all time low Jewish leaders were equally unwilling to antagonize the American public by strong advocacy of the Jewish cause They feared anti Semitic backlash against American Jews and worried that their own 100 percent loyalty to the nation might be questioned Although he takes issue with authors who propose that anti Semitism at the highest levels of the State Department was the major block to the rescue of the Jews Friedman demonstrates that some officials continually thwarted rescue plans He suggests that a disinclination to sully themselves in negotiations with the Nazis and a fear that any ransom would prolong the global conflict caused the Allies to offer only token overtures to the Nazis on behalf of the Jews

God's Sacred Tongue Shalom Goldman, 2015-01-01 In a comprehensive examination of how Christian scholars in the United States received interpreted and understood Hebrew texts and the Jewish experience Shalom Goldman explores Hebraism's relationship to American society By linking history theology and literature from the colonial period through the twentieth century Goldman illuminates the religious and cultural roots of American interest in the Middle East God's Sacred Tongue is structured around a sequence of biographical and intellectual portraits of individuals including Jonathan Edwards Isaac Nordheimer Professor George Bush an ancestor of President

George W Bush and twentieth century literary critic Edmund Wilson Since the colonial period America has been perceived as a western Promised Land with emotional spiritual and physical links to the Promised Land of biblical history Goldman gives evidence from scholarship diplomacy journalism the history of higher education and the arts to show that this perception is linked to the role Hebrew and the Bible have played in American cultural history The book s final section takes up the story of American Christian Zionism among whose Protestant adherents political Zionism found much of its strongest support Religious and cultural figures such as William Rainey Harper and Reinhold Niebuhr are among those who exemplify the centuries old ties between America the Land of Promise and Israel the Promised Land
