

THOMAS W. POGGE

REALIZING RAWLS

Realizing Rawls

Erin Hannah

Realizing Rawls:

Realizing Rawls Thomas Pogge, 1989 **Radicalizing Rawls** G. Chartier, 2014-02-05 This book is a critical examination of John Rawls's account of the normative grounds of international law arguing that Rawls unjustifiably treats groups rather than particular persons as foundational to his model of international justice *The Legacy of John Rawls* Thom Brooks, Fabian Freyenhagen, 2005-09-08 John Rawls was unquestionably the most important moral and political philosopher of the last one hundred years His *A Theory of Justice* published in 1971 is already a classic text and his political philosophy is more widely studied than that of any other theorist Interest in Rawls's work has increased still further since his recent death and the publication of his complete works but until now there has been no single volume that explores the legacy of his work This book fills the void making a substantial contribution not only to work on Rawls's thought but to contemporary debates in ethics and justice as well The book will be of great interest to academics and students in philosophy politics and law departments alike Deprivation and Freedom Richard Hull, 2013-01-11 *Deprivation and Freedom* investigates the key issue of social deprivation It looks at how serious that issue is what we should do about it and how we might motivate people to respond to it It covers core areas in moral and political philosophy in new and interesting ways presents the topical example of disability as a form of social deprivation shows that we are not doing nearly enough for certain sections of our communities and encourages that we think differently about how we should best organise our societies in the future The book develops a comprehensive yet refreshingly simple account of human freedom which shows how the ability to realise our freedom is partly definitive of freedom itself That account conclusively illustrates how many deprivations represent remediable inequalities of important and very basic human freedoms posing the question as to why societies continue to do so little about them In answering that question Hull shows how the idea of social exclusion is misleading and instead tackles the far more pertinent and challenging issue of societies failure to include The moral seriousness of non inclusion the failure to provide for freedom is evaluated via critical discussion of a variety of central themes and distinctions in ethical and political theory The author shows how such themes and distinctions comprise a framework for evaluating a raft of social issues in turn providing a unique resource for students of moral political and applied philosophy The book concludes with an innovative challenging and effective combination of analytic and continental styles so to address the critical question of how we might actually motivate constructive social change In doing so it shows how a variety of approaches can work successfully together to provide an emphatic case for greater social inclusion *Deprivation and Freedom* shows how even fairly modest claims about social provision illustrate that we should be doing a lot more about social deprivation than we are now It should be of interest to anyone who is concerned with questions about the type of society in which they live what it says about us to continue as we are and how we might motivate realistically achievable social change Rawls's Law of Peoples Rex Martin, David A. Reidy, 2008-04-15 This volume examines Rawls's theory of international justice as worked out in his

controversial last book *The Law of Peoples* John Rawls, A Theory of Justice Otfried Höffe, 2013-07-25 Essential reading for all who are interested in mid century western political philosophy and the philosophy of John Rawls especially his seminal text *A Theory of Justice* Rawls's 'A Theory of Justice' Jon Mandle, 2009-10-15 This book reconstructs Rawls's argument as well as discussing some of the most influential criticisms in the secondary literature *The Two Principles and Their Justifications* Henry S. Richardson, 1999 First published in 2000 Routledge is an imprint of Taylor Francis an informal company

General Jurisprudence William Twining, 2009-02-12 This book explores the implications of globalisation for the theoretical study of law justice and human rights

Justice and the Capabilities Approach Thom Brooks, 2017-05-15 The capabilities approach is a widely influential alternative theory of justice popularized by Nobel Prize winner Amartya Sen and also by Martha Nussbaum *Justice and the Capabilities Approach* is the first work of its kind to publish in one place the most influential essays in the field covering a number of topics including constitutional law cosmopolitanism distributive justice the family feminism global justice human rights poverty and social justice The collection should help inform both scholars and students coming to the study of the capabilities approach for the first time of both the importance and complexity of the wider debate as well as shed light on how the approach might be further improved and applied

Rawls's 'A Theory of Justice' Frank Lovett, 2010-11-04 John Rawls's *A Theory of Justice* first published in 1971 is arguably the most important work of moral and political philosophy of the twentieth century A staple on undergraduate courses in political theory it is a classic text in which Rawls makes an astonishing contribution to political and moral thought Rawls's *A Theory of Justice: A Reader's Guide* offers a concise and accessible introduction to this hugely important and challenging work Written specifically to meet the needs of students coming to Rawls for the first time the book offers guidance on Philosophical and historical context Key themes Reading the text Reception and influence Further reading

Rationing and Resource Allocation in Healthcare Ezekiel J. Emanuel, 2018 Budgets of governments and private insurances are limited Not all drugs and services that appear beneficial to patients or physicians can be covered Is there a core set of benefits that everyone should be entitled to If so how should this set be determined Are fair decisions just impossible if we know from the outset that not all needs can be met While early work in bioethics has focused on clinical issues and a narrow set of principles in recent years there has been a marked shift towards addressing broader population level issues requiring consideration of more demanding theories in philosophy political science and economics At the heart of bioethics new orientation is the goal of clarity on a complex set of questions in rationing and resource allocation *Rationing and Resource Allocation in Healthcare: Essential Readings* provides key excerpts from seminal and pertinent texts and case studies about these topics contextualized by original introductions The volume is divided into three broad sections Conceptual Distinctions and Ethical Theory Rationing and Resource Allocation Containing the most important and classic articles surrounding the theoretical and practical issues related to rationing and how to allocate scarce medical resources this collection aims to assist and inform

those who wish to be a part of bioethics 21st century shift including practitioners and policy makers and students and scholars in the health sciences philosophy law and medical ethics World Poverty and Human Rights Thomas W. Pogge, 2023-02-10 Some 2.5 billion human beings live in severe poverty deprived of such essentials as adequate nutrition safe drinking water basic sanitation adequate shelter literacy and basic health care One third of all human deaths are from poverty related causes 18 million annually including over 10 million children under five However huge in human terms the world poverty problem is tiny economically Just 1 percent of the national incomes of the high income countries would suffice to end severe poverty worldwide Yet these countries unwilling to bear an opportunity cost of this magnitude continue to impose a grievously unjust global institutional order that foreseeably and avoidably perpetuates the catastrophe Most citizens of affluent countries believe that we are doing nothing wrong Thomas Pogge seeks to explain how this belief is sustained He analyses how our moral and economic theorizing and our global economic order have adapted to make us appear disconnected from massive poverty abroad Dispelling the illusion he also offers a modest widely sharable standard of global economic justice and makes detailed realistic proposals toward fulfilling it Thoroughly updated the second edition of this classic book incorporates responses to critics and a new chapter introducing Pogge's current work on pharmaceutical patent reform

An Analysis of John Rawls's A Theory of Justice Filippo Dionigi, Jeremy Kleidosty, 2017-07-05 John Rawls's *A Theory of Justice* is one of the most influential works of legal and political theory published since the Second World War It provides a memorably well constructed and sustained argument in favour of a new social contract version of the meaning of social justice In setting out this argument Rawls aims to construct a viable systematic doctrine designed to ensure that the process of maximizing good is both conscious and coherent and the result is a work that foregrounds the critical thinking skill of reasoning Rawls's focus falls equally on discussions of the failings of existing systems not least among them Marxism and Utilitarianism and on explanation of his own new theory of justice By illustrating how he arrived at his conclusions and by clearly explaining and justifying his own liberal pluralist values Rawls is able to produce a well structured argument that is fully focused on the need to persuade Rawls explicitly explains his goals He discusses other ways of conceptualizing a just society and deals with counter arguments by explaining his objections to them Then carefully and methodically he defines a number of concepts and tools thought experiments that help the reader to follow his reasoning and test his ideas Rawls's hypothesis is that his ideas about justice can be universally applied they can be accepted as rational in any society at any time

Legitimacy, Justice and Public International Law Lukas H. Meyer, 2009-11-12 Do states or individuals stand under duties of international justice to people who live elsewhere and to other states How are we to assess the legitimacy of international institutions such as the International Monetary Fund and the United Nations Security Council Should we support reforms of international institutions and how should we go about assessing alternative proposals of such reforms The book brings together leading scholars of public international law jurisprudence and international relations

political philosophers and political theorists to explore the central notions of international legitimacy and global justice The essays examine how these notions are related and how understanding the relationships will help us comparatively assess the validity of proposals for the reform of international institutions and public international law **NGOs and Global Trade**

Erin Hannah, 2016-01-29 In a deeply iniquitous world where the gains from trade are distributed unevenly and where trade rules often militate against progressive social values human health and sustainable development NGOs are widely touted as our best hope for redressing these conditions As a critical voice of the poor and marginalized many are engaged in a global struggle for democratic norms and social justice Yet the potential for NGOs to bring about meaningful change is limited This book examines whether improvements in participatory opportunities for progressive NGOs results in substantive and normative policy change in one of the major trading powers the European Union Hannah advances a constructivist account of the role of NGOs in the EU's trade policymaking process She argues that NGOs have been instrumental in providing education raising awareness and giving a voice to broader societal concerns about proposed trade deals both when they take advantage of formal participatory opportunities and when they protest from the streets and in the media However the book also highlights how NGO inputs are mediated by the social structure of global trade governance Epistemes the background knowledge ideological and normative beliefs and shared assumptions about how the world works determine who has a voice in global trade governance Showing how NGOs succeed only when their advocacy conforms broadly to the dominant episteme this book will be of value to scholars and students with an interest in NGOs and international trade negotiations It will also be of interest to policymakers national trade negotiators government departments and the trade policy community

Globalisation and Equality Keith Horton, Haig Patapan, 2004-07-31 Is globalisation creating a more unequal world Is it creating new forms of inequality Does it make certain pre existing forms of inequality more morally or politically significant than they would otherwise have been *Globalisation and Equality* examines these and related questions exploring the way increasing globalisation is challenging our conceptions of equality The contributors explore these themes from both theoretical and empirical perspectives Some adopt a more abstract approach exploring foundational questions concerning the meaning of equality its social and political dimensions and more specifically its moral implications in a global context Others engage the general themes of globalisation and equality by focusing on specific topics such as welfare citizenship gender culture and the environment Original in the questions it poses and interdisciplinary in its approach this collection of essays will appeal to all those with an interest in globalisation and equality **Sanctions, Accountability and Governance**

in a Globalised World Jeremy Farrall, Kim Rubenstein, 2009-11-05 This book is the first in a series examining how public law and international law intersect in five thematic areas of global significance sanctions global health environment movement of people and security Until recently international and public law have mainly overlapped in discussions on how international law is implemented domestically This series explores the complex interactions that occur when legal regimes intersect merge

or collide Sanctions Accountability and Governance in a Globalised World discusses legal principles which cross the international law domestic public law divide What tensions emerge from efforts to apply and enforce law across diverse jurisdictions Can we ultimately only fill in or fall between the cracks or is there some greater potential for law in the engagement This book provides insights into international constitutional and administrative law indicating the way these intersect creating a valuable resource for students academics and practitioners in the field *Sanctions, Accountability and Governance in a Globalised World* Jeremy Matam Farrall, Kim Rubenstein, 2009-11-05 First in a series examining connections between international and public law discussing sanction implementation within the confines of domestic law Rawlsian Explorations in Religion and Applied Philosophy Daniel A. Dombrowski, 2015-08-26 To probe the underlying premises of a liberal political order John Rawls felt obliged to use a philosophical method that abstracted from many of the details of ordinary life But this very abstraction became a point of criticism as it left unclear the implications of his theory for public policies and life in the real political world Rawlsian Explorations in Religion and Applied Philosophy attempts to ferret out those implications filling the gap between Rawls's own empyrean heights and the really practical public policy proposals made by government planners lobbyists and legislators Among the topics examined are natural rights the morality of war the treatment of mentally deficient humans and nonhuman sentient creatures the controversies over legacy and affirmative action in college admissions and the place of religious belief in a democratic society The final chapter explores how Rawls's own religious beliefs as revealed in two works posthumously published in 2009 played into his formulation of his theory of justice

Realizing Rawls Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its power to stir emotions, provoke thought, and instigate transformation is truly remarkable. This extraordinary book, aptly titled "**Realizing Rawls**," published by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound impact on our existence. Throughout this critique, we shall delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.

Realizing Rawls Introduction

In today's digital age, the availability of Realizing Rawls books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Realizing Rawls books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Realizing Rawls books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Realizing Rawls versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Realizing Rawls books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Realizing Rawls books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Realizing Rawls books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free

access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Realizing Rawls books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Realizing Rawls books and manuals for download and embark on your journey of knowledge?

FAQs About Realizing Rawls Books

1. Where can I buy Realizing Rawls books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Realizing Rawls book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Realizing Rawls books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets:

You can create your own spreadsheet to track books read, ratings, and other details.

7. What are Realizing Rawls audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
