was because of the volcanic ash that was mixed with the sand and gave it the black color Yes this was a volcanic island because of the volcanic mountain on the far end of the island What made Iwo so important was its location and the layout of the island that made a perfect landing field for aircraft during the war Now besides all the history of this Island I will tell you what happen when I drove a bus off the top of Mount Suribachi and when I backed a forty foot lowboy into the side of a C124 aircraft and a few other stories like when everyone on the island got ptomaine poisoning except for two people and How we caught a great white shark with a truck Like I said even though I was only on the island 10 1 2 months a lot happen in my life I will even include a few photos for you Also I will let you in a what happen to me leading up to when and how I ended up on this island and how my life changed after getting off the island This book is going to be full of stories and they are all true
