Reb Elchonon Artscroll History Series:

Trust Me! Eliezer Parkoff, 2002 Emunah faith and bitachon trust in Hashem are the pillars of a Jew's life. But how can one climb the heights of trusting in G-d? This book is the answer to the person who quests to deepen his relationship with his Creator. Organized according to the parashos of Bereishis through Yisro, the author weaves the words of our Sages, both classic and contemporary, along with astounding stories and vignettes to form a practical, comprehensive view of bitachon. Topics covered include: How much effort should a person invest in earning a livelihood? Why so many trials in life? How do you pay the rent when you have no money? Emunah has the power to change nature, etc. **A Psychology of Hope** Kalman Kaplan, Matthew B. Schwartz, 1993-03-30 This book offers a new approach by combining the disciplines of history, psychology, and religion to explain the suicidal element in both Western culture and the individual and how to treat it. Ancient Greek society displays in its literature and the lives of its people an obsessive interest in suicide and death. Kaplan and Schwartz have explored the psychodynamic roots of this problem, in particular the tragic confusion of the Greek heroic impulse and its commitment to unsatisfactory choices that are destructively rigid and harsh. The ancient Hebraic writings speak little of suicide and approach reality and freedom in vastly different terms. God is an involved parent caring for his children. Therefore heroism in the Greek sense is not needed, nor is the individual compelled to choose between impossible alternatives. In each of the first three sections, the authors discuss the issues of suicide from a comparative framework, whether in thought or myth, then the suicide-inducing effects of the Graeco-Roman world and finally the suicide-preventing effects of the Hebrew world. The final section draws on this material to present a suicide prevention therapy. Historical in scope, the book offers a new psychological model linking culture to the suicidal personality and suggests an antidote, especially with regard to the treatment of the suicidal individual. *Reb Elchonon* Aharon Sorski, 1982 The inspiring story, life story of Rabbi Elchonon Wasserman.
