Rebecca West A Saga Of The Century:

Rebecca West Carl Edmund Rollyson,1995 **Rebecca West** Carl Edmund Rollyson,1996 H G Wells Lord Beaverbrook and Charlie Chaplin were among the notable lovers attracted by Rebecca West's fame beauty and wit This authorized biography explores the life of the novelist critic biographer and travel writer whose writing left an indelible mark on 20th century British letters and whose razor wit and notorious love affairs have made her life almost as legendary as her work of photos **Rebecca West's Subversive Use of Hybrid Genres** Laura Cowan,2015-05-21 Bringing new insights from genre theory to bear on the work of the journalist and novelist Rebecca West this study explores how West's use of and combinations of multiple genres often in single works was informed and furthered by her subversive feminist goals Rebecca West's Subversive Use of Hybrid Genres analyzes West's sense of genres as dynamic and strategic processes with transgressive political ends rather than as fixed and reified taxonomies a radical new approach at the time that is now mirrored in much contemporary theory Surveying her oeuvre from this point of view the book goes on to examine systematically West's writing from 1911 1941 including her early journalism and criticism such novels as The Return of the Soldier and her controversial multi genre epic Black Lamb and Grey Falcon British Fiction After Modernism M. MacKay,L. Stonebridge,2007-01-08 This collection of essays offers a wide ranging and provocative reassessment of the British novel's achievements after modernism The book identifies continuities of preoccupation with national identity historiography and the challenge to literary form presented by public and private violence that span the entire century **A Memoir of My Former Self** Hilary Mantel,2023-10-24 THE FINAL BOOK FROM ONE OF OUR GREATEST WRITERS In addition to her celebrated career as a novelist Hilary Mantel contributed for years to newspapers and journals unspooling stories from her own life and illuminating the world as she found it Ink is a generative fluid she explains If you don't mean your words to breed consequences don't write at all A Memoir of My Former Self collects the finest of this writing over four decades Her subjects are wide ranging sharply observed and beautifully rendered She discusses nationalism and her own sense of belonging our dream life popping into our conscious life the mythic legacy of Princess Diana the many themes that feed into her novels revolutionary France psychics Tudor England and other novelists from Jane Austen to V S Naipaul She writes about her father and the man who replaced him she writes fiercely and heartbreakingly about the battles with her health that she endured as a young woman and the stifling years she found herself living in Saudi Arabia Here too is her legendary essay Royal Bodies on our endless fascination with the current royal family From her unusual childhood to her all consuming interest in Thomas Cromwell that grew into the Wolf Hall trilogy A Memoir of My Former Self reveals the shape of Hilary Mantel's life in her own luminous words through messages from people I used to be Filled with her singular wit and wisdom it is essential reading from one of our greatest writers **Modernist Travel Writing** David G. Farley,2010-11-30 As the study of travel writing has grown in recent years scholars have largely ignored the literature of modernist writers

Modernist Travel Writing Intellectuals Abroad by David Farley addresses this gap by examining the ways in which a number of writers employed the techniques and stylistic innovations of modernism in their travel narratives to variously engage the political social and cultural milieu of the years between the world wars Modernist Travel Writing argues that the travel book is a crucial genre for understanding the development of modernism in the years between the wars despite the established view that travel writing during the interwar period was largely an escapist genre one in which writers hearkened back to the realism of nineteenth century literature in order to avoid interwar anxiety Farley analyzes works that exist on the margins of modernism generically and geographically works that have yet to receive the critical attention they deserve partly due to their classification as travel narratives and partly because of their complex modernist styles The book begins by examining the ways that travel and the emergent travel regulations in the wake of the First World War helped shape Ezra Pound s Cantos From there it goes on to examine E E Cummings s frustrated attempts to navigate the unworld of Soviet Russia in his book Eimi Wyndham Lewis s satiric journey through colonial Morocco in Filibusters in Barbary and Rebecca West s urgent efforts to make sense of the fractious Balkan states in Black Lamb and Grey Falcon These modernist writers traveled to countries that experienced most directly the tumult of revolution the effects of empire and the upheaval of war during the years between World War I and World War II Farley s study focuses on the question of what constitutes evidence for Pound Lewis Cummings and West as they establish their authority as eyewitnesses translate what they see for an audience back home and attempt to make sense of a transformed and transforming modern world Modernist Travel Writing makes an original contribution to the study of literary modernism while taking a distinctive look at a unique subset within the growing field of travel writing studies David Farley s work will be of interest to students and teachers in both of these fields as well as to early twentieth century literary historians and general enthusiasts of modernist studies

Confessions of a Serial Biographer Carl Rollyson, 2016-03-09 Some critics rank biographers just above serial murderers The author of this book a self described member of the Samuel Johnson school doesn t share this view An account of a life he believes should adhere to the truth as the biographer sees it not to the sentiments of others This memoir of a professional biographer s life tells the inside story of how he became

interested in his subjects and reveals the mechanics of the trade how to assemble proposals for publishers conduct interviews and archival research and joust with editors subjects and their literary estates Other biographers have described their process but remained discrete not wishing to offend their sources and supporters This author has forgone such caution

Women, Periodicals and Print Culture in Britain, 1890s-1920s Faith Binckes, 2019-04-10 New perspectives on women's contributions to periodical culture in the era of modernism This collection highlights the contributions of women writers editors and critics to periodical culture in the late nineteenth and early twentieth centuries It explores women's role in shaping conversations about modernism and modernity across varied aesthetic and ideological registers and foregrounds how such participation was shaped by a wide range of periodical genres The essays focus on well known publications and introduce those as yet obscure and understudied including middlebrow and popular magazines movement based radical papers avant garde titles and classic Little Magazines Examining neglected figures and shining new light on familiar ones the collection enriches our understanding of the role women played in the print culture of this transformative period Key Features Helps recover neglected women writers and cast new light on canonical ones Highlights the geographical diversity of modern British print culture Emphasises the interdisciplinary nature of modernism including essays on modernist dance music cinema drama and architecture Includes a section on social movement periodicals

Documentary Film Carl Rollyson, 2006-11 Documentary Film Contexts and Criticism is designed to complement Rollyson's Documentary Film A Primer The films discussed in this volume include Zelig the Lumiere brothers documentaries Nanook of the North The Man With a Movie Camera Triumph of the Will Olympia The Wonderful Horrible Life of Leni Riefenstahl Why We Fight Fires Were Started and several Jill Craigie films including an extended discussion of Two Hours From London her controversial examination of the Balkan wars and the siege of Dubrovnik What sets this text apart from other studies of documentary is that it includes a wide array of student comments on the films and reviews very much centered in discussions of the documentary tradition In this same vein Rollyson has included his essay Jill Craigie and the Documentary Tradition exploring her relationship with John Grierson and other prominent documentary filmmakers This dialogic text captures some of the actual give and take of the classroom and the range of opinion that even the best critics cannot convey What should emerge from the reading of these comments are the different voices mindsets through which the films are viewed
