Fieldnotes from a Depth Psychological Exploration of Evil Robin L. Gordon,2019-03-01 In *Fieldnotes from a Depth Psychological Exploration of Evil* Robin L Gordon presents an accessible account of an attempt to define and understand the nature of evil Gordon takes on the role of guide to this confusing land tying together threads of Jungian theory philosophy etymology neuroscience and history as we are led on

a personal journey of discovery Gordon begins by analysing what a twelfth century meeting between Chinggis Khan and Taoist priest Ch ang Ch un can tell us about the presence of opposing traits and the nature of evil in human beings We learn what depth psychology has said about evil and the shadow part of our psyches and examine examples of human behaviour throughout history to understand the etymological philosophical and historical understandings and definitions of evil Gordon s own relationship with her work and the feelings that arise when researching the psychological framework of Nazi doctors genocide in Rwanda Bosnia and Syria and the functionality of serial killers are interrogated We then return to Chinggis Khan s and Ch ang Ch un s relationship attempting to build a real and practical definition of evil and assessing their dialogues as a metaphor for Jung s views of the transcendent function Fieldnotes from a Depth Psychological Exploration of Evil will be essential reading for academics and students of Jungian and post Jungian studies sociology criminology and philosophy It will also be a key resource for Jungian analysts and psychotherapists interested in the study of evil and its impact on society and the psyche as well as anyone investigating and redefining their own meanings of evil past and present The Ark, The Shroud, and Mary Philip Gardiner,2007-02-16 Why do the Ark of the Covenant Mary s reliquary box and Jesus Coffin all have the same imagery Was the Ark the container of the Covenant the Ten Commandments or the Chalice Does the image of the Shroud of Turin contain a bioelectric field These questions and others will be explored in The Ark The Shroud and Mary Author Philip Gardiner recently won the acclaim of both scholars and the reading public with The Serpent Grail which united three of the most mysterious objects known to man the Grail Elixir and Philosophers Stone Now in this unique and thought provoking work Gardiner proves that the Ark of the Covenant the Shroud of Turin and Mary are united in ways never before imagined Travelling across the world from Rome to India Portugal to Egypt Gardiner uncovers the trail of the Ark and finds that it does not lead to Ethiopia as many believe but instead in a direction that nobody could have imagined The trail of the Ark takes Gardiner on a hunt into the very heart of an ancient secret society with clandestine meetings in far off lands Uniting the myth tradition and language of the Ark with the Shroud of Turin Gardiner then goes on to re date it reveal how it was made and identify whose image it actually recreates Through his new found contacts in the world of secret societies Gardiner then shows how this incredible secret was protected by a dual brotherhood throughout time and was the secret source of the enlightenment spoken of by numerous orders from the Sufis to the Knights Templar The Ark The Shroud and Mary outshines The Da Vinci Code for the simple reason that it is the factual story of one man s fight to uncover the truth
